

Simple Employee Takes Cash And Lets Benefits Slide By The Way . . . Realizes Mistake Too Late

(EDITOR'S NOTE: The story presented here, of course, is fictional. It was printed in the *Carbide News*, a publication from South Charleston, W. Va., and has also appeared in other publications. It is offered as an example of what could really happen to an employee that chose to do without Carbide benefits.)

Once there was a fellow named John Bright. John worked for a very progressive outfit. One day John got a pamphlet about fringe benefits. According to the pamphlet the company thought so much of John that it was giving him fringe benefits costing 62 cents an hour.

As John was suffering from a financial virus known as the "shorts," this news gave him a brilliant idea. He rushed down to the personnel office.

"Look," he said to the personnel director, "we're one big, happy family, right?"

"Right," the personnel director beamed.

"You like to see me happy, huh?"

"The happier you are, John, the happier we are."

"Well, would you like to see me really happy?"

"You name it!" the director said.

"Okay," John said, "you see this pamphlet? Well, according to it, the company is giving me fringe benefits that cost 62 cents an hour. If you want to see me really happy, let's convert that to cash. You give me the 62 cents an hour and you keep the benefits."

The director almost wept. "But, John," he pleaded, "you won't be happy without those benefits."

"For 62 cents an hour extra, I can enjoy being miserable. That'll come to \$107.26 a month!"

Worth More Than Money

"But, John, fringe benefits are worth a lot more than the money involved. They make this a nicer place to work. They give you peace of mind!"

"With \$107.26 extra," John leered, "I'll have peace of mind. So will my creditors."

"But you'll lose money. You don't realize how many benefits you're getting."

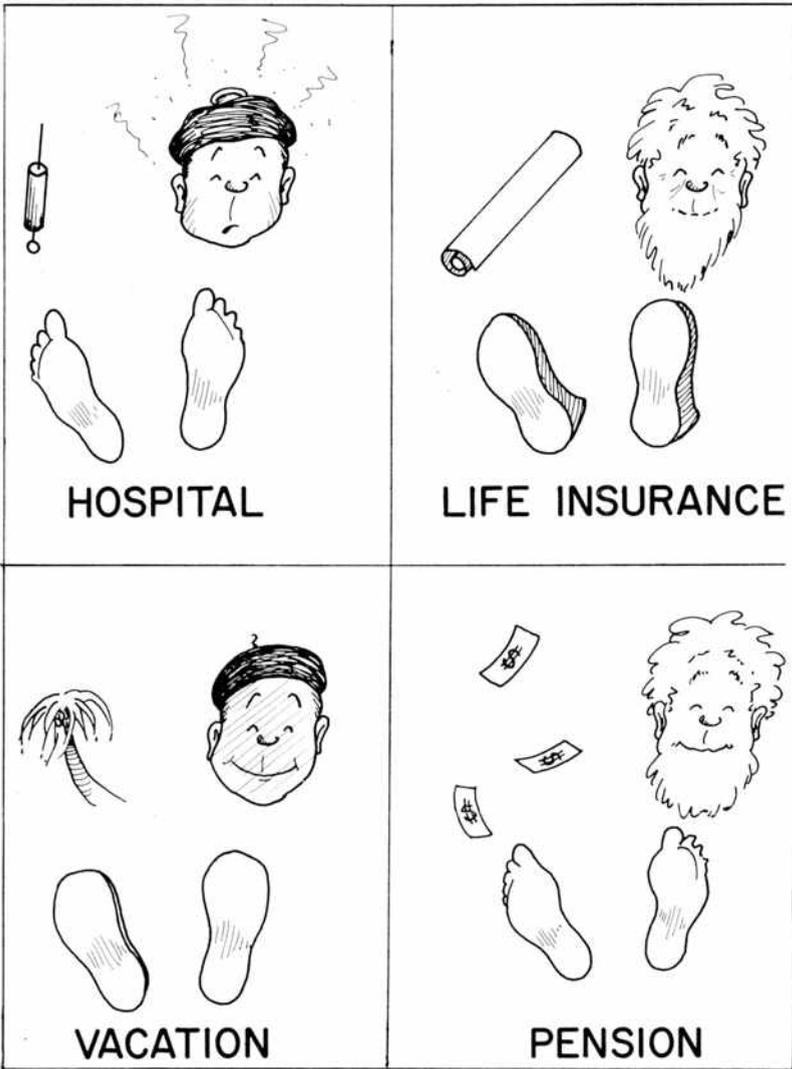

"And you don't realize how many creditors I can do without."

"John, do you really want it this way?"

"Look," John said, "when you talk benefits, I don't get the message. When you talk money, though — I read you loud and clear."

"Heed not the rumble of a distant drum. Gimme that cash and let the benefits go."

So John went home that evening a very happy man.

SOME OF THE COMPANY BENEFITS that John Bright gave up are shown. The fine cartoons for this story were produced by Charles H. Tate, Process Analysis.

"Give that chuck roast to the dog," he told his wife. "We're eating steak. I got over a hundred-dollar-a-month raise today."

His wife was really impressed — until she heard how he had done it.

"You think that was smart?" she said.

"Certainly it was smart! What benefits can they give me that will be worth \$107.26 a month? You sound like a personnel director."

First Day Begins

So the next morning, with a light heart and a head to match, John got in his car and started for work.

When he arrived, there was a note for him to call his wife.

"John," his wife said, when he telephoned her, "Junior stuck a pea up his nose and it has worked its way into his head. He's in the hospital."

"In the hospital!" John gasped.

"Yes," she replied, "and it's going to cost us \$21 a day while they try to get the pea out."

"Twenty-one dollars a day!" John gasped again.

"Yes, he's got to have a semi-private room. With a pea rattling around in his head he needs privacy."

"Well, thank the Lord we've got hospitalization," John wheezed.

"But have you?"

With that, John raced down to the personnel director's office.

"My boy's in the hospital with a pea in his head. You haven't cut off my hospitalization, have you?"

"I had to, John," the personnel

director sighed. "It's a benefit. The company spent \$320,000 on it last year. You put up about half and the company puts up about half. Here's your half refund."

Insurance Not Cheap

John stared down at the refund. "But I couldn't keep a dog at the vet's for this. How much will it cost me to get as much hospitalization as I had?"

"About four times as much as you were contributing," the director said. "You see, the company gets it wholesale. You have to buy it retail."

"I ought to be shot!" John said.

"You can't afford it," the director replied. "We've cut off your life insurance. That's another benefit. Here's the refund for what you put into it."

John looked at the refund and sighed. "How much will it cost me to get as much insurance as I had?"

Four Times As Much

"About quadruple what you have been paying. The company gets that wholesale too."

John looked like he was going to cry. "I need a good long rest," he said.

"You can't afford that either," the director said. "Vacations with pay are another benefit. They cost the company \$715,000 last year. You'll be losing \$22 a day on vacation."

"I think I'll just retire!" John whimpered.

Retirement A Benefit

"You can't afford that, either. Your pension has been cut off. That's another benefit. To get an annuity that would match your

Social Season Signals For Spring As Y-12 Dances May 11 At Terrace

Have you got your dance tickets yet? The date draws nigh as Y-12ers gear to usher in the Spring season in style. Friday week, May 11, is the magic date to circle on the calendar.

Tickets for the dance, to be at the Oak Terrace, are on sale at the Cafeteria and the Recreation Office. The ducats are only \$1.50 per or \$3 per couple. Tickets will also be available at the door prior to the affair, but if you want to enter without delay, the time is now.

Featured again for Y-12 will be the O. J. Bailey orchestra. These are the same rhythm-makers that played the smooth music for the Christmas dance. Sandra Etter is the featured vocalist with the group.

No Tables Reserved

There will be no table reservations as usual. Seats and places go on the first-come, first-served basis.

Music will begin promptly at 9 p.m. and dancing will continue until 1 a.m.

All Y-12ers and their guests are welcome at the event. It's a good time to show off pretty relatives and friends.

Air-Conditioned Ballroom

The ballroom at the Oak Terrace is air-conditioned, of course, to allay the sweating brows of the twisters, cha-chaers, and waltzers. A fine list of door prizes has been made up and will be listed later.

It's a fine opportunity for Y-

12ers to rub elbows with each other and exchange chatter. So come on out to the May 11 dance. For the small charge the four hours is mighty cheap entertainment.

Ticket locations are, as stated, at the Cafeteria with either of the cashiers and in the Recreation Office, Room 149, Building 9704-2.

See you at the Terrace!

Carbide Income Is Up For 1962 1st Quarter

March Sales Set New Record High

First-quarter sales for 1962 set a new record for Union Carbide for that period. Sales were \$405,624,000, an increase of 11 per cent over 1961's first-quarter sales, which came to \$364,299,000. Sales during March of this year were the highest in the corporation's history for that month.

Both sales and earnings showed substantial improvement, Morse G. Dial, chairman and chief executive officer, reported.

Net income for the first quarter was \$37,710,000 or \$1.25 a share. This was an increase of 12 per cent over net income of \$33,724,000, or \$1.12 a share, reported for the same period of 1961.

At the end of the first quarter of 1962, 30,107,473 shares of stock of Union Carbide were outstanding.

Schiller's 'Ode To Joy' Included In Big Ninth!

Beethoven's Ninth Symphony is considered one of the most monumental of musical efforts. In the fourth movement, soloists and chorus stand and begin Schiller's "Ode to Joy" which opens "Alle menschen werden bruder" . . . "All men are brothers."

ANTI-SLAVERY MOVEMENT

The first periodical in the United States against slavery appeared in Jonesboro, Tenn. in 1819, and was soon succeeded by the *Emancipator* in April, 1820.

SNT Sets Meet For Next Week

The Oak Ridge Chapter of the Society for Nondestructive Testing will meet Tuesday, May 8, at 8 p.m. at the Holiday Inn. Dinner is scheduled to begin at 6:30 p.m. and reservations may be made through R. M. Hughes, extension 7-8800.

Speaker for the May meeting will be R. W. Mottern, section supervisor in Environmental Testing Laboratories, Sandia Corp., Albuquerque, N. M. Mottern is a former Y-12er, having worked here from 1944 until 1947. He holds a BS in Chemistry and Education from East Tennessee State College.

Nominations for officers for the coming year will be made at this meeting.

All members and guests are welcome to attend the dinner meeting or lecture or both.

Water Desalinization Is Topic Of Tonight's Meet

R. N. Lyon, Oak Ridge National Laboratory Reaction Division, will address the Oak Ridge Section of the Instrument Society of America tonight at 8 p.m. in the Green Room of the Ridge Recreation Hall.

Lyon's subject will be one in the news currently on the desalinization of salt water. His comments on "Some Approaches and Problems of De-Salting Sea Water" should be of wide interest.

Lyon and society officers will dine at 6:30 p.m. at the Holiday Inn. Members wishing to attend the dinner should call J. DeLorenzo for reservations.

SAFETY SCOREBOARD

Horace E. Hamilton, Jr.

Oratory Contest Won By Horace Hamilton

Will Vie May 19
In District Race

It's on to Gatlinburg now for Horace E. Hamilton Jr. After winning the Farragut Chapter Optimist's public speaking contest, young Horace now will compete in the district contest slated for Saturday, May 19 in the Smoky Mountain city. Horace has also won the zone contest held April 17, in Alcoa, Tenn.

Horace is the son of Horace E. Hamilton Sr., Y-12's Dispatching. The Hamiltons live at Route 3, Concord, Tenn. Young Hamilton also has an uncle in Y-12, L. C. Hamilton.

The young orator chose for his subject "The Spirit of Optimism" in his award-winning speech. Last year he placed third in the same contest.

Horace lists baseball, basketball, and football as his hobbies. He plays baseball with the West Hills Little League, basketball with the Cedar Buff Intermediates, and football with the Farragut Midget Team. He is in the eighth grade at Farragut Junior High School.

The Hamiltons have four other children: Larry Joe, 11; Jimmy Ray, 8; Randy Lynn, 3 and Cynthia Ellen, eight months.

Y-12ers Celebrating 15, 10 Year Anniversaries

Congratulations to the following Y-12ers who will observe 15 and 10-year anniversaries with Carbide within the next few days.

15 YEARS
Ava J. Lyons, Laboratory Operations, May 5.
Jack Scott, Janitor Department, May 8.

10 YEARS
Bobby Steele, Beta Four Assembly and Forming, May 2.
Claude H. Laughlin, Process Maintenance, May 2.

Thomas D. Pressly, Sunflower Shop, May 6.
Howard A. Phillips, Timekeeping, May 7.

Amos A. Gibbs, Receiving, May 7.

Edom J. Kendrick, Fire Department, May 8.

With April 15 now safely behind us . . . these thoughts keep bobbing up. "That man who thought up a \$600 exemption for a wife must surely have been single." "A government bureau is where the taxpayer's shirt is kept." "An income tax form is like a laundry list—either way you lose your shirt."

Oh, well, c'est la vive!
Let's see what stirs in Y-12, first with

INDUSTRIAL RELATIONS
Security had Ann Rackley flying to deep-in-the-heart-of last week for a visit with her Lone Star relatives.

The Fire and Guard Department sends get well wishes to G. C. Gipson's mother; also to O. C. Beatty's wife . . . Deepest sympathy is extended to D. I. Davis in his mother's recent death . . . Welcome back to A. A. Pierce and G. Hoskins after a sickness seige.

Middle age is that time of life when you see how long your car will last — not how fast it will go.

ENGINEERING
Within the past few weeks, the girls "overtook" the boys in the Civil and Architectural Department, as far as births are concerned: To wit:

Lydia Caldwell

Take little Lydia Suzanne Caldwell, born to Mr. and Mrs. P. B. Caldwell, April 12. Little Lydia weighed six pounds, 11 ounces at arrival.

Kathy Lynn Hopkins

Another new arrival in the group was Kathy Lynn Hopkins, born April 8, at 1:01 p.m. Arriving in Oak Ridge this Kathy weighed six pounds, 12 and one-half ounces. She brightens the home of Mr. and Mrs. R. C. Hopkins.

Another Kathy in the Group, Kathy Anne Reece arrived February 16 to the George Recces. She weighed seven pounds, seven ounces.

Along with the Easter bunny Susan Lee Rosenvinge arrived April 22, weighing six pounds, 11 ounces. Her parents are Mr. and Mrs. R. C. Rosenvinge.

A third daughter for Mr. and Mrs. J. T. Huffaker was born April 4, named Carolyn Ruth,

weighing seven pounds, eight ounces.

The son was born February 7 to Mr. and Mrs. C. E. Oldham, name: William Lawson. It's understood that he's gained some since his six pounds, 13 ounces at birth. That's a total of five girls and only one boy? There must be some point proved here.

Other news has D. K. (Bill) Grizzell, recuperating at home after surgery in local hospital April 13. Helen Long is capably filling in . . . R. E. Hulme returned from a vacation trip to Pennsylvania, reporting that it snowed and snowed there. Then he ran into "flurries" on his return to Oak Ridge.

Tool Engineering has Harvey Coppock tall in the saddle these days . . . driving a new car . . . H. E. Neeley vacationed camping out and fishing . . . Ron Miskell took off to Chicago on his vacation.

Cosmetics are a woman's means for keeping you from reading between the lines.

TECHNICAL

Beta Four Special Projects group sends word that the Jim Dowell residence was invaded by the German measles . . . a wearing a sporty spots for the Easter season . . . The theatre-going peoples in the department, C. D. Maberry and spouse, Dorothy, enjoyed the hatching local talent in the Oak Ridge Jaycee "Follies" . . . Regrettable adieus were extended to that good egg, Nelson Van Wie, who departed for ORGDP April 23 and a turnabout was staged as Ralph Vaughan was transferred in on loan . . . Displaying Easter bonnets in Birmingham were Margaret Williams and daughter Nancy . . . Sam Rea went egg hunting and rolling over Newport way where other members of his family and family tree kept him hopping to keep ahead of the pack . . . In addition to the standard Bunny hunt, the George McGown clan hunted for natural spring treasures in the form of wild flowers ranging from yellow violets to jack-in-the-pulpits . . . or is that jacks-in-the-pulpit?

Jim Dodson spent two days recently scratching around his yard, transplanting, weeding and culminating with a general burnout.

If you had a mosquito bite, and then a bee bit you on top of that, what would you have? Sting Along with Itch!

MAINTENANCE

Electrical pipes in that W. F. Melton vacationed with relatives in Richmond, Va. . . . F. W. Atkinson will journey to Johnstown, Pa. to stay a spell with kin-folk . . . A. L. Skaggs 'lows he'll just stay around home and plant a garden, weather permitting . . .

Sympathy is extended to V. T. Callaway and family in the recent death of his father-in-law, Mr. R. H. Workley, Beckley, W. Va.

Joining forces to attack the fish that haunt Center Hill are V. Lovett and S. King . . . Rae Chapman has problems — she can't decide whether to spend her vacation in Alabama, Kentucky, or East Tennessee. (We sure could use a few of Rae's problems!) . . . Sharon and Lisa Bear-den had a gay time at Gramma's house in Clanton, Ala. during the holidays. They are daughters of J. R. Bearden, and it's told the entire family enjoyed the trip too.

Sympathy is extended to T. E.

Mrs. Hubert V. Tripp, Jr.

Mr. and Mrs. Carl Clifton Sharp

Rogers and family in the death of his brother-in-law.

J. L. Young took advantage of the sunny week-end and journeyed down to the Peach State to visit relatives.

The welcome mat is out for G. E. Fielden who transferred into Electrical recently.

Area Five Maintenance sends condolences to G. R. Myers in the recent death of his grandfather . . . Also to V. W. Reeder, whose niece died recently.

H. R. King said that one week of vacation was not enough time to paint the house, get out a garden and do all the other things planned for a vacation . . . R. O. Davis and wife had a recent visit from the stork. Instead of the usual number, this bird left twin boys. Born April 15, they have been named Larry Dean and Garry Gene. First and only children of the family, first grandchildren, and first great-grandchildren on the mother's side!

W. O. Gordon reports that the trip to Mt. Pleasant, Tenn. gets longer and more tiresome every time . . . S. G. Bishop was around Gulf Shores, Fla., on a fishing jaunt. Seems like a group of Y-12ers went along and reported the fish were at their best. A catch of over 300 pounds was reported. (Pictures were promised for next week's Bulletin!)

Facing bills is not what hurts us. It's footing them that is really killing!

MECHANICAL OPERATIONS

Beta Four Heavy Machine Shop comes along with E. M. King back in the shop after being in the hospital for quite a session. Easter is over and wasn't it a pretty week-end! Oscar Morris took advantage of the nice weather and went fishing and all he caught was a terrific sunburn on his forehead. So did others around Beta Four.

Continued on Page 4

TRIPP-DILLON

Mr. and Mrs. J. C. Wilks, 104 Pembroke Road, Oak Ridge, announce the marriage of their daughter, Betty Dillon, to Mr. Hubert V. Tripp. Mr. Tripp is the son of Mr. and Mrs. Hubert V. Tripp, 118 Venus Rd., Oak Ridge. Both the father and the groom are employed in Y-12, the senior Tripp is in Research Services, and the younger Tripp is in Beta Four Assembly and Forming. The bride's father is employed in Y-12's Mechanical Maintenance.

The marriage was performed by Judge J. W. Jenkins, in Trenton, Georgia, Friday, March 30.

Both the bride and groom are graduates of Oak Ridge High School. The bride is a secretary in Oak Ridge.

The couple is at home at 219 West Fairview Rd., Oak Ridge.

SHARP-HENSLEY

Mr. and Mrs. L. P. Hensley, Route 2, Kingston, announce the marriage of their daughter, Mary Catherine Hensley, to Mr. Carl Clifton Sharp, son of Mr. and Mrs. C. E. Sharp, Route 17, Knoxville. The marriage took place March 31, at 7:30 p.m. at the Bradbury Methodist Church. The Reverend T. N. Orr, pastor, performed the double-ring ceremony.

Both the bride and groom are Y-12 employees; he is in the Electrical Department, and she is in Mechanical Maintenance.

For her wedding the bride chose a street length white satin dress with embroidery applique. Her veil of illusion was held by bows of net and seed pearls. She carried a White Bible and carnations.

Sister of the bride, Miss Eva Ann Hensley, was maid of honor. She wore an orchid taffeta dress with an orchid-carnation bouquet. The bride was given in marriage by her father.

The groom's father was his best man and his ushers were Daril Keller and Bob Fritts, Knoxville, both brothers-in-law of the groom.

Special music for the wedding was provided by Mrs. Beulah Robinette, organist. Mrs. Martha Brashears sang "I'll Walk Beside You" and "The Lord's Prayer."

A reception honoring the couple was held immediately after the ceremony at the church.

The couple is at home at Route 17, Knoxville.

ASME Next Meet At ORINS May 3

The May meeting for the American Society of Mechanical Engineers is scheduled for tomorrow, May 3, at 7:30 p.m. in Room 18 of the Oak Ridge Institute of Nuclear Studies Training Building, Administration Rd., Oak Ridge.

Featured speaker will be Dr. R. P. Gardner, Special Training Division, Engineering Applications of Radioisotopes, ORINS. His topic will be "Industrial Uses of Radioisotopes."

After the formal program, guests and members will tour the ORINS facilities. Additional information on tomorrow's meeting may be had by calling E. E. Choat, extension 7-8343.

YOUR SLIP IS SHOWING!

The following correction appeared in a small town newspaper: "Our paper carried the notice last week that John Jones is a defective in the police force. This was a typographical error. Mr. Jones is really a detective in the police force."

Sewell Brown Takes Golf Tournament With 2 Over Par

Camera Club Opens Course For Beginners

The Carbide Camera Club is starting the season off with a bang. They plan to sponsor a course for beginners in photography. The initial class started last night, May 1. The course is open for all Carbide employees and members of their families. The fee is \$3, the price of membership in the Club.

Other courses for beginners will be:

- May 9: Photographic Films.
- May 15: Color films, filters and facts.
- May 22: Black and White films, papers and developers.
- May 29: Dark room techniques*—developing and printing.
- June 5: Print Control, burning, dodging, etc.
- June 8: Retouching.

Anyone interested (even slightly) should attend these courses in order to make more presentable photographs. Further information may be had by calling Oak Ridge 483-8879 after 5 p.m. *Now there's an interesting subject!

Fishing Rodeo Is Set For May 12

Electrical folks are all a-buzz these days over the Fishing Rodeo that Ed Cook, et al, are cooking up, for Anderson County Park Boat Dock from 6 p.m. May 11 until 6 p.m. May 12. That's Saturday, May 11 and Sunday, May 12.

Everyone in Y-12 is invited to attend. The entry fee is only 50 cents which makes one eligible for loads of prizes, such as a rain suit, lantern, boat seat, spinning reel, trolling reel, and many others.

All fishermen (even beginners) are welcome at the event. So get that ole fishin' gear together, bring a friend, or if you don't have a friend, come anyway. Have a fishin' good time at the Anderson County Park Boat Dock.

Warden's Nose Trouble For Cause

Game and Fish officials may seem a little inquisitive when checking credentials. There's a good reason for this. If you have been checked recently and the officer seemed a little nosy, he was merely gathering fishing information to pass on to other anglers.

As a service to Tennessee fishermen, the Game and Fish Commission compiles a weekly report over the State, and by means of the wire services to newspapers passes this information to the public. Within three hours after the information is gathered from the many lakes in this region it is distributed through the services of Associated Press and United Press International.

Trout, Muskie Rules The Same

With the introduction of trout and muskellunge in some of Tennessee's larger lakes, it is becoming increasingly evident that some fishermen are not familiar with the newly introduced species. The State Game and Fish Commission advises that the special regulations for trout apply also to the taking of the fighting muskies. As a reminder to fishermen, it is pointed out that a trout stamp is needed to take trout from any of Tennessee waters and the minimum keep-size on muskies is 25 inches.

Pooch Parades In Easter Togs

Safety Equipment Worn By Canine

Easter Finery

The "grandest lady in the Easter Parade" as far as Y-12ers were concerned is seen above. No, it isn't someone's mother-in-law, or the girl in the office next door. It looks more like an ancient character actress that used to be in the movies.

Actually, it's a dog. Belonging to Bill Cofer down in Beta Four, the mut got dressed up by her owner for the big Easter Parade.

Reports from Beta Four say that the boys down there are so safety conscious they even have their families and pets wearing safety equipment. Cofer says the scarf was to prevent a head cold, and the safety glasses were for obvious reasons. Who ever saw safety glasses with jewels on them?

Anthem Written While Key Was On Mercy Trip

Francis Scott Key was on a mercy mission when he wrote "The Star Spangled Banner." At the time of the 1812 War, Key was Commissary General of Prisoners. He had been sent as an agent to negotiate the release of a prisoner held by the British.

LO THE POOR INDIANS

The American Indians, the only citizens by heritage this country had, did not become full-fledged citizens until 1924 when Congress granted them full citizenship.

In D League Rodders Si, Dry Hides No

The D League for Carbide bowlers is in its last throes. With only one more week of rolling left, the Y-12 Rodders plastered the Hephex team by the full count of four. Y-12's other team in the league lost three points to Kemix.

Frank Davis, Alley Rams, led series scoring with a handicap tally of 693. His high individual handicap game was 279. Team highs were taken by the Alley Rams, with 2877 handicap series score.

League standings follow:

Team	W	L
Sh-Booms	38	14
Beryls	35	17
Kemix	31	21
ORINS	30	22
Pin Heads	29	23
Alley Rams	28	24
Rodders (Y-12)	27	25
Gassers	26	26
Termites	25½	26½
Dry Hides (Y-12)	23	29
Hephex	12	40
Guttersnipes	10½	41½

Shifts Hold Big Rodeo Saturday

Blue Springs Dock Scene For Anglers

Saturday is the big day announced for the E, F, G, H and J Shifts. They have chosen May 5 for their Big Fishing Rodeo at Blue Springs Boat Dock on Watts Bar Lake.

Prizes will be given in the following species class: Largemouth bass, smallmouth bass, crappie (two prizes), Wall-eye or sauger, brim, striped bass, and cat or drum. These are the prizes to be given away: sleeping bag, croquet set, tackle box, ice cream freezer, ice chest, life vest, spinning rod, and barbecue grill.

There will also be door prizes for lucky ticketholders. These will include six rods, stringers and safety chains. The dock will also award a dock prize.

The dock has reserved 20 boats for the fishermen. Boats not taken by 8 a.m. will be released for regular customers.

Hours of Saturday rodeo are announced as from 5 a.m. until 5 p.m.

All Y-12ers and their families are invited to attend the rodeo.

Eldridge's Beagle Takes 167 Points

Competes In Georgia And New Orleans, La.

JANET ELDRIDGE displays her famous beagle, "Tom-E's Cobalt" after his taking 167.5 points at a recent championship run. The two-year-old beagle competed against 64 males in New Orleans in February and placed third. Here he is seen also with his medals and trophies.

C. T. Eldridge, Y-12's TW Shop, raises and trains beagles as a hobby. He was very pleased recently when one of his two-year-old hounds completed his championship (three wins, 1 second, 2 thirds for a total of 167.5 points).

The big final was held at Southern Louisiana Beagle Club, New Orleans, La. and he won third place there competing with 64 13-inch males. The dog also placed third at Rock Springs, Ga., in the Southern Futurity (which is the equivalent to the Kentucky Derby for dogs).

The dog that is Eldridge's pride-and-joy is "Tom-E's Cobalt" and he sure is a fine dog. Eldridge is a member of the Atomic Beagle Club, Oak Ridge.

EDUCATED TONGUES

Highly educated women make excellent wives. They have a better vocabulary for explaining why dinner is late.

Record-Smashing 157 Linksman Hit Beaver Brook Club

The circle of winners for golf in Y-12 is enlarged as Sewell Brown swept the Beaver Brook Tournament clean with a two-over-par 73.

The Beaver Brook contest was held Saturday, April 28. Low scratch scores were shot by Art Hines 77, Coy Herrell 78, Tudor Boyd and B. I. V. Bailey, 79.

S. Brown

A record number of 157 turned out for the Y-12 competition... a new high in tournament participants.

FIRST FLIGHT

Scratch winners were Sewell Brown, 73; Art Hines, 77; Newt Hamby, 81; Ed Gambill and Harry Shatley, 83. Handicap winners were Coy Herrell, Tudor Boyd, B. I. V. Bailey and W. C. Collins, 70. Most pars in the first flight were taken by W. T. Mee, 12; followed by K. E. "Cotton" Thomas, 10.

SECOND FLIGHT

In the second flight, top man scratchwise was Bob Loy, 78, followed by Karl Kahley and E. N. Rogers, 86; I. G. Speas, 87. Handicappers were Bill Lanter and C. E. "Fuzz" Harris, 86; Jack Thomson, 72; and A. C. Wright, 73. L. C. Watson took the most pars with 10, followed by J. C. Bowles, eight.

THIRD FLIGHT

Gene Huskisson led scratch scoring with 86, followed by Emerson Henck, 87; H. H. Pratt, 88; and C. E. Spradlin, 89. Handicap tops were taken by Sam Campbell, 69; W. B. Goss, 70; Paul Trebilcox and J. P. McMillan with 71 each. Most pars were gained by H. R. Mullins, eight, and M. L. Taylor, seven.

FOURTH FLIGHT

The amazing low scores continued into the fourth division. (Somebody's handicap is going to change for sure.) Winners in the scratch division were Charles Ferguson, 86; Frank Winstead, 90; George Evans, 93; and Ralph Pearson, 98. Low handicap scores were tallied by Gerry Roberts, 66; B. E. Rowland, 69; Don Stinnett, 70; and Gene Boyd, 74. A. E. Perry and R. J. Easterday tied for the most pars with five each.

This was one of the most successful golf tournaments put on for Y-12ers. Despite the record turn-out, the tee-offs moved only slightly behind schedule.

New TVA Lake Maps Available

A new series of maps of Tennessee Valley Authority lakes are now available from the Knoxville and Chattanooga Offices of the TVA. The maps, in multi-color, are pocket size folders which show, in addition to the lakes, public access, recreation areas, public parks and lands open to public use on the lakes. All of the TVA impoundments are listed and the folders range in price from ten cents for the Chickamauga map to twenty cents for the Kentucky Lake folder.

Oak Ridge Tennis League Opening For Sportsmen

Y-12ers interested in participating in the Oak Ridge Tennis League this season should contact J. G. Carter, Health Physics Division at Oak Ridge National Laboratory. Last week was the deadline for filing, but late tennis comers would be welcomed in the league.

SOME MAINTENANCE DIVISION personnel gathered last week to honor A. A. Groppé, who retired Monday, after more than 18 years, 10 months in Y-12. The popular Groppé was presented with two new tires for his trip this summer. Here he shares cake and coffee with fellow workers. Another big feed was planned for this past Friday night at the Elks Club in Oak Ridge. More details will follow on that shortly.

Lots of folks took early vacations: **B. M. Steed**, **W. L. Coggins** and **Frank Patt** are three and no one seemed to know where any of them went. . . . **J. K. Upchurch** was really looking forward to his vacation since he has his eye on something. . . . **S. A. Peters** and **M. E. Green** vacationed early, too. . . . **Steve Pelizzari** vacationed in Clinton, slinging paint.

R. C. Andrews, **R. L. Smith**, **J. M. Nevils** and **A. C. Starr** on the ailing list, and best wishes to them.

Deepest sympathy is extended to **C. E. Hudson**, whose mother died recently and to **T. D. Foust** in the death of his father.

R. D. Ellingson really has Spring fever and it's gone to his feet and neck. Came in last week with the brightest red socks and tie on you ever saw. Even rolled up his trouser legs. He probably wore them in the Easter Parade down in Alabama.

Mary Farr and her family spent Easter in Atlanta.

If anyone sees any smoke down Beta Four, don't worry. It's just Dennis the Menace (**J. W. Craig**, **C. J. (Mr. Wilson) Pratt** and **Big George (H. S.) Carey**). They moved in just across the hall.

Doris Sartelle bade the gang a cryin' goodbye last week. She's going to another building. Folks said they'd miss her, but thought she'd wait 'til she left to cry.

A. O. Roberts is teaching his son **Ritchie**, six years old, to run a boat. Recently **Ritchie** got interested in watching something else and nearly drowned his pop.

Ronnie J. Rhea

When The Bulletin ran Jim Maupin's picture last week, it wasn't known that his buddy, **Ronnie J. Rhea**, had also gone to take Basic Training at Lackland Air Force Base at the same time. **Ronnie** is the son of Mr. and Mrs. **O. J. Rhea**, 247 Vermont Ave. His father is in Y-12's General Machine Shop. **Ronnie** graduated from Oak Ridge High School in 1960. The Rheas, along with **June Maupin**, are looking forward to the basic furlough that AF men get.

Forming has a proud papa. **E. W. Arrington** welcomed a daughter in at Oak Ridge, April 16. They named her **Kimberlee**, and she weighed seven pounds, five ounces. Reports have mother and

daughter fine. . . father improving. . . **K. D. Thompson**, **M. W. Blevins** and **E. C. Stinnett** won out over various viruses and are back on the force, much to everyone's delight. . . . **Jim Thompson** came back from a tour of the Smokies in a convertible last weekend with a scorching burn. . . . **George Cox** enjoyed his Easter week-end in the country, huntin' Easter Eggs with his off-spring.

So long, Kathy!

A going-away party was held for **Kathy Mills**, Production Control, on one afternoon last week, prior to her leaving for Dallas to train as an airline hostess. A leather hat box was presented her, and about 50 guests from Area Five feasted on coffee and cake. She was also presented a hair dryer and jewelry box from her group of fellow employees. (It figures that anyone as pretty as **Kathy** is 'bound to get her wings shortly!)

Welcome to **Doris Sartelle** who transferred into Production Control recently. . . . Get well wishes to **Don Lanham's** wife and to **Al Fischer's** wife who recently underwent surgery.

Vacations in the group include **Ray Fletcher** in North Carolina and around home in Oak Ridge. . . . **Carolyn Sharpe** spent an Easter vacation at home with friends from Chicago. . . . **Bill Geldmeier** visited in-laws in Florida. . . . **Jim Burns** went to Florida and then hopped over to Nassau. . . . **Martin Gardner** took one day vacation recently, either to shop for cars or to visit the sick. . . . **Ernie and Edna Kennedy** are visiting their daughter in Norfolk and making a trip to Washington. . . . **Charles Peterson** took a short vacation of an unknown destination. . . . **Patti Matlock** spent a weekend in Atlanta visiting friends.

SHIFT SUPERINTENDENTS AND UTILITIES

Vacationing are **C. A. Cox** and family. They visited their son in Albany, Ga. to get acquainted with their new granddaughter. . . . **H. R. Cannon** decided to fish and work around home. . . . **O. K. Clotfelter** moved onto his new farm on his vacation. . . . **J. A. Wade** and **J. C. Sims** took off on unknown vacations. . . . **L. D. Carl-**

Car pool members wanted from vicinity of Washington Pike, Whittle Springs Road, Lincoln Park, to any portal, straight day. **Jim George**, plant phone 7-8204, home phone Knoxville 525-5848.

Ride wanted or will join car pool from Norwood or West Haven section, Knoxville, to Central Portal, G Shift. **J. R. Johns**, home phone Knoxville 689-5639.

Ride wanted from intersection of Cumberland and Alcoa Highway, Knoxville to Central Portal, straight day. **J. W. Garber**, plant phone 7201, home phone Knoxville 524-1702.

Ride wanted from interchange of Gallaher Road, new super highway, near Kingston, to West Portal, straight day. **W. A. Farmer**, plant phone 7-8434, home phone Kingston 376-9916.

Simple Employee

Continued From Page 1
pension, it would cost you 10 per cent of your salary per month."

"Well, I know what I can do!" **John** said grimly. "I can punch you right in the mouth. You let me think that those benefits amounted to just \$107.26 a month. You didn't tell me it would cost so much to duplicate them."

With that **John** hauled off and took a swing at the director. The director ducked and **John's** fist went through a window.

First Aid Denied

"Well, don't just stand there," **John** snarled, staring down at his bleeding knuckles, "get me some first aid."

The director sighed, "That's a benefit too, **John**. The company's medical costs were over \$100,000 last year and don't forget, no company make-up or disability pay."

"Well, at least you can sympathize with me," whined **John**.

"That's a benefit too, **John**. The company spent \$27,000 on morale and recreation expense last year."

"Well, can I make a suggestion?"

"Sure, as long as you don't expect a suggestion award. What is it?"

"All I want to suggest," **John** said, "is this: take back your lousy money and give me back my benefits."

Florida's Blieden Leads ORNL Physics Seminar

Oak Ridge National Laboratory's Physics Division announces its seminar for this week as "The (Proton, Alpha) — Reaction on Be" and B¹¹. It will be led by **Richard Blieden**, Florida State University, Tallahassee.

The seminar will be held in the East Auditorium of ORNL's 4500 building, and will be presented at 3:15 p.m., Friday, May 4. All interested technical personnel are invited to attend.

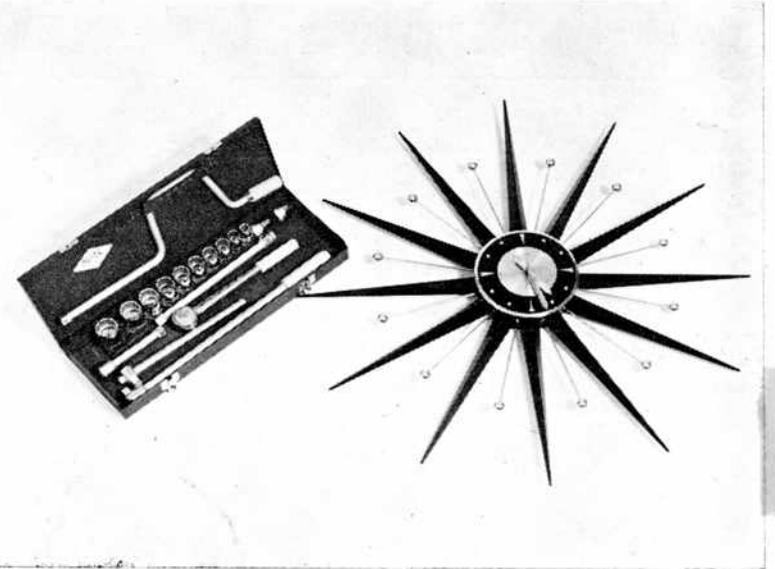

ton decided to catch up on his fishing.

Easter holidays found **J. L. Finchum** and family visiting relatives in Marietta, Ga. . . . **J. H. Potter** saw kin in Clarksville, Tenn. . . . **J. R. DeMonbrun** and family visited in Louisville, Ky.

The latest proud grandfather is **C. K. Monday**. "She sure is a very pretty little girl," was his comment. Named **Shawna Rene Monday**, the little tyke weighed seven pounds, five ounces, and stretched 20 and three-quarter inches.

The following conversation was heard in the hall the other day. "One reason for his happiness is that he says he has the finest wife in the country."

"That's the reason he's happy," was the reply, "his wife is in the country!"

MAY AWARDS IN THE CURRENT POSTER RACE are a socket wrench set and an electric wall clock. The theme announced by Safety is "Accident Investigation." All employees in the Y-12 area are eligible to enter this race, except previous winners and members of the Safety Department.

May Poster Contest 'Accident Investigation' Theme With Clock, Socket Wrench Set Prizes

Competition Provides Safety With Useful Posters For Plant Use in Monthly Campaigns

The Safety Department is well past the half-way mark in the current monthly poster contest. The newly announced theme for the May race is "Accident Investigation."

Awards for the May contest are an electric wall clock and a socket wrench set. As usual, the first place winner will take his choice of these fine items, and the second place winner will take the remaining award.

All employees in the Y-12 area are eligible to enter, except previous winners in the current contest and members of the Safety Department.

Mail To Safety Department

The poster idea can be sketched on a regular sized sheet of paper, or if artistic talent is too lacking, a written suggestion of the illustration will suffice. Wording on the slogan used should not exceed 10 words. Entries should be forwarded to the Safety Department, Building 9704-2.

This competition will last until May 31. April's winners have been chosen by Safety and will be announced in next week's Bulletin.

August Agenda

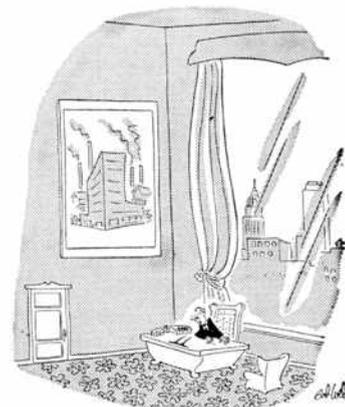

May's poster contest will provide material for the August agenda which will hinge around accident investigation.

Only five more contests are left, including this one. This leaves only 10 fine prizes awaiting the best entries to be submitted. These articles are valuable and would make a welcome addition to any home.

See that your entry gets in this month early!

SLAVE MONEY HIDDEN

Early Oak Ridge legend has \$20,000 in gold coin hidden around what is now Grove Center in Oak Ridge. It was believed to belong to **Collins Roberts** who sold his entire group of slaves, shortly before the Civil War broke out.

"Miss Leeds, have the entire office staff come to my office immediately—I'm lonely."

Get well wishes are sent to the following Y-12 employees who were patients last week in the Oak Ridge Hospital.

Carl B. Newman, Maintenance Division; **Charles Baxter**, Tool Grinding; **Raymond L. Smithers**, Research Services; **Clarence L. Stevens**, Product Processing; **Earl L. Panter**, Research Services; **Claude J. Cumbie**, Research Services; **Scott F. Sadler**, Research Services; **Patrick O. Murphy**, Alpha Five Machine Shop.

Materials Group Meeting Friday

The East Tennessee Chapter of the American Material Handling Society will meet Friday, May 4 at the Town Lodge Restaurant on Chapman Highway, Knoxville.

Dinner is set from 6:30 until 7:30 p.m.; the business meeting begins at 7:30 and the speaker is scheduled for 8 p.m. Guest speaker will be **Russ Newbury**, Gould National Battery Co., who will speak on "Care and Maintenance of Industrial Batteries."

The AMHS invites anyone interested in the particular subject of the monthly meeting or anyone else wishing to learn more about the science of material handling.

Silk Industry Goes Back Into Antiquity

Silk has long been used in the clothing of man. First silk was obtained from the cocoon of the silkworm in China about 6,000 years ago, and the silk culture became a major industry under Emperor **Huangti** as long ago as 2640 B.C.

Ignorance No Excuse For Breaking A Law!

There are more than 2,000,000 laws in force in the United States. If a man could familiarize himself with them at the rate of 10 each day, he could qualify to act as a law-abiding citizen in the space of 6,000 years. You'd better get busy. Ignorance of a law is no excuse for breaking it!
