

6-11411

ANOTHER \$1 PATENT APPLICATION AWARD goes to a Y-12er, Alfred E. Smith, Chemical Engineering Development, shown in the center receiving his letter of award. Y-12 Plant Superintendent Roger F. Hibbs, left, made the presentation in his office Monday, February 11, as William K. Whitson Jr., superintendent of the Development Division, looks on from right. Smith's patent application went to him for his development of a pressure vessel seal.

Linda Stalsworth Named Junior Miss Tennessee In Chattanooga

Jack D. Stalsworth's Daughter Will Represent Tennessee In National Finals In March In Mobile

Honors have come to the attractive daughter of Y-12er Jack D. Stalsworth, Linda. Miss Linda Gail Stalsworth, a talented honor student at Knoxville's Fulton High School, has been named Tennessee Junior Miss of 1963. The crowning took place February 9 in Chattanooga.

When Linda returned to Knoxville early last week her high school, the Northside Kiwanis Club, who sponsored her, and, indeed, the whole city of Knoxville opened their hearts to her. On stage at Fulton High, Mayor John Duncan presented her with the "key to all hearts in Knoxville." Tom Johnston, superintendent of city schools in Knoxville, said, "All 22,000 Knoxville school students would be here if they could. You are not only their pride today, but the pride of all their teachers and parents as well."

Onstage at her alma mater, the pretty young miss again demonstrated the poise that helped her win in Chattanooga. "If I could share with you all the kindness I received in Chattanooga and before I went, there'd be enough for all." She related some of the telegrams and letters she received during the contest, and after the final decision was announced.

High Scholastic Average

The new junior miss carries a 3.894 average at Fulton, and was voted the friendliest senior and the homecoming queen for 1963

at her high school. She is vice president of her senior class, editor of the Falcon Quill, the school newspaper; president of a countywide Y-Teen Interclub Council, a member of the National Honor Society, Quill and Scroll, Anchor Club and Bible Club.

For the title of Junior Miss of Tennessee, Linda received a \$700 scholarship, another \$250 one, still and movie cameras, a 10-piece sports wardrobe, along with many other prizes. She will represent Tennessee in the American Junior Miss Pageant scheduled to be held in Mobile, Alabama, March 9 through 16.

Plans To Enter UT

Linda will enter the University of Tennessee this fall. She hasn't decided what she wants to study, but will enter the College of Liberal Arts. She is faltering between journalism and religious education as majors. (The newspaper field could well stand the addition of Linda's looks to its ranks!)

Copping the evening gown competition the first night of the pageant, Miss Stalsworth went on to take the talent honors the second night. For talent, she went to the classics, doing a ballet "Valse de Swanhilde," from Leo Delibes' "Coppelia." In the final event, a question was put to each contestant quickly. "If you were put on a rocket to the moon, who would you take as a com-

Continued on Page 4

JUNIOR MISS OF TENNESSEE for 1963 makes her bow in the evening gown competition at the state-wide competition held last week in Chattanooga. Linda Gail Stalsworth, daughter of Jack D. Stalsworth, Y-12's Machine Maintenance, took top honors and will vie in the national contest in Mobile, Alabama, March 9-16.

Cigarette Packs Are Worthless!

Several inquiries have been received in the Bulletin office relative to the collection of used cigarette packages in the plant. Supposedly these useless pieces of junk are used to purchase wheel chairs for crippled persons. Not so, says the Daniel Arthur Rehabilitation Center, Oak Ridge. They know of no program in which scrap material may buy a wheel chair or anything else.

According to The Knoxville News-Sentinel of Sunday, February 9, this hoax arises periodically . . . a hang-over from the 20's and 30's when tinfoil used in packaging cigarettes could be salvaged.

Collecting empty cigarette packs is just a hoax . . . a rather cruel one, at that.

Tuberculosis Is Still Potent Danger To Man

Despite the strides of medical science made in the past 20 years, approximately 250,000 Americans have tuberculosis in its active, infectious stage. Even though the dreaded white man's plague is diminishing in the fatalities listings, it still is a potent killer if left untreated.

Latest \$1 Patent Letter Goes To Development's Alfred Smith

Another one dollar letter has honored a Y-12er for his development of a patent application to the United States Government. Alfred E. Smith, Chemical Engineering Department, is the latest recipient of the patent award. In ceremonies last week in Y-12 Plant Superintendent Roger F. Hibbs' office, he was presented his letter from Union Carbide Nuclear Company, which was accompanied by the customary one dollar bill.

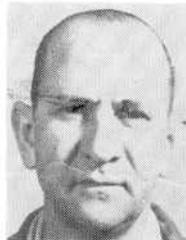

"Union Carbide Nuclear Company, UCC, takes pleasure in presenting to you the attached (one dollar)," the letter stated. "This is the dollar stipulated in the patent assignment to the United States of America executed by you in connection with the filing of a patent application on your Y-12 development.

"The company appreciates your creative contribution as well as your assistance during the preparation of the patent application." Signed, C. E. Center, vice president, Union Carbide Nuclear Company.

Smith's development centered around a pressure vessel seal. A native of Mount Vernon, Tennessee, he received his education at the Etowah High School and graduated from the National School of Business, Cleveland, Tennessee. He came to Y-12 October 18, 1954. A veteran of the United States Navy, 1945-47, he lives with his family at 125 Kentucky Avenue, Clinton. His wife is the former Kathleen Mayo.

J. P. Tilley Dies At Harriman Home

Mr. James P. Tilley, Area Five Maintenance, died Tuesday, February 12, at his home, Route 2, Harriman. He had been in Y-12 since August 8, 1950 and was a native of Harriman.

J. P. Tilley

Survivors include his wife, Mrs. Ruth Purdy Tilley; sons, James F. Tilley, U. S. Army; O. L. Tilley, Harriman; two grandchildren, sisters, Mrs. S. H. Scandlyn, Mrs. Ada Scandlyn, both of Harriman; brothers, Robert H. Tilley, Harriman, William B. Tilley, Richmond, California.

Funeral services were held Thursday, February 14, at Big Emory Baptist Church. The Reverend Jack Parrott and Branson C. Wiggins officiated. Interment followed in Roane Memorial Gardens.

Deepest sympathy is sent to his family from friends and co-workers in Y-12.

French Scientist Is Scheduled For Seminar

The Oak Ridge National Laboratory Physics Division Seminar this week features M. Borghini, Centre de'Etudes Nucleaires de Saclay, France. He will discuss "Experimental Scattering of Polarized Protons of 20 MeV by a Target of Polarized Protons."

The seminar will be held Friday, February 19, in the East Auditorium of ORNL's 4500 building at 3:15 p.m.

POWER USERS

Residents in the Tennessee Valley Authority area used an average of 9,915 kilowatt-hours of electricity during 1962, more than twice the national average.

SAFETY SCOREBOARD

The Y-12 Plant Has Operated 45 Days Or 1,539,000 Man-Hours (Unofficial Estimate) Without A Disabling Injury Through February 17 Phone 7755 For Daily Report On Accident-Free Hours

Case Metals Expert Is ASM Speaker

Metals Society Meets
Tonight In Oak Ridge

Dr. Robert F. Hehemann
Metals Society Speaker

The Oak Ridge Chapter of the American Society for Metals will meet tonight February 20, at the Holiday Inn, Oak Ridge.

Featured February speaker is Dr. Robert F. Hehemann, Case Institute, Cleveland, Ohio. He will speak on "Alloy Development." He received his BS degree in Engineering from the University of Michigan and attended graduate school at Case Institute, receiving his MS and PhD degrees in Metallurgy in 1949 and 1953 from that school. His chief professional interests have been in the field of education and instruction. Dr. Hehemann has taught at both Michigan and Case and is now professor of metallurgy at the latter school. He has won the ASM Teaching Award (in 1958) for excellence in that field. A member of ASM and AIME, his main research interests are associated with the relationships between structure and properties of metals as well as studies of phase transformations. He is co-editor of a book "High Temperature Materials" which has served as an important contribution in that field. Recently he has become a consultant to the Metals and Ceramics Division of Oak Ridge National Laboratory.

The refreshment hour begins tonight at the Holiday Inn at 6:15 p.m., with dinner at 6:45 p.m., and the technical session at 8:15 p.m. All members and guests are invited to attend.

Love Allowance Is Latest Fringe Benefit

The Kyomenisha Musical Instrument Company, Ina, Japan, has instituted a novel idea for couples who want to go steady. Upon announcing their intentions to the company, the couple receives a love allowance of 500 yen a month (about \$1.38). The company president says, "The whole idea is to promote efficiency and harmony—and it certainly does."

It seems this woman breezed into a doctor's office for a physical examination. Seeing nobody around, she went into a little ante room, took off all her clothing and in a moment she heard someone stirring in the next office. She burst through the door and said: "Doctor, I'm worried about myself. I want you to tell me frankly what's wrong with me."

The man surveyed her from head to foot. Finally he replied: "Madame, I've got three things to tell you. First, your weight should be reduced by about 20 pounds. Second, you use too much lipstick and powder. Third, I'm a public accountant. The doctor's office is on the floor above!"

DEVELOPMENT

Metallurgical Development is welcoming in newcomer **Judy Ann Kenney**, who hails from Clinton. Also a welcome aboard to **Don G. Scott** who transferred in recently.

A bachelor is a rolling stone that has gathered no boss!

FINANCE AND MATERIALS

Sincere sympathy is extended to **Sam Cook**, Microreproduction and Engineering Services, on the recent death of his father. . . **Pat Hartman** attended the State Board Jaycette Meeting in Gatlinburg over the week-end, and also tried out her skill skiing.

Best wishes for a speedy recovery are sent to **W. E. Gallaher**, Timekeeping who is ill in Fort Sanders Hospital.

Over in Accounting and Budgets, **Ellen Hughes** visited in Auburn, Alabama, last week-end where her husband is a student at Alabama Polytechnic Institute.

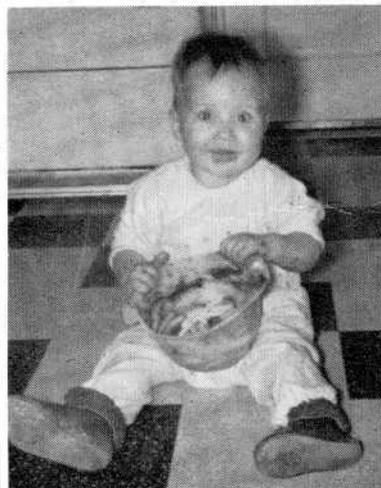

Where there's always uniformity of opinion, you'll find that part of the crowd isn't thinking!

MAINTENANCE

Glynn Edward Conley

Now here's a man that is really taking it easy. He is **Glynn Edward Conley**, two-and-one-half month old son of Mr. and Mrs. **Carl E. Conley**, 129 Warrior Circle, Oak Ridge. Little Glynn's papa is in Process Maintenance, Maintenance Division.

Paige Huddleston

This one comes a proud grandpop in Research Services, **A. E.**

Stone. He lives at Route 20, Knoxville, but little **Paige Huddleston**, seen licking the pan from her first birthday cake likes the country around Tracy City, Tennessee, where her mother and father Ray and Jo Huddleston live. Mrs. Huddleston is a former ORNL employee who once worked in Y-12.

Today's optimist is the fellow who still worries about the future!

SHIFT SUPERINTENDENTS AND UTILITIES

Get well wishes are sent to **H. B. Davis** and **M. G. Crouch**, ill in Oak Ridge Hospital. . . Also to **J. C. Sim's** wife in Oak Ridge Hospital, a speedy recovery.

Vacationing this week at home on the Norris Freeway to do some work on the new domicile is **J. L. Hart**.

A news item says that chewing gum may gain a foothold in Europe. It wouldn't if they'd stop throwing it on the sidewalks!

ENGINEERING

Tool Engineering says that **Fran Willie** took one day's vacation last week to buy some furniture (?) . . . **Lil Higgins** attended a Valentine Dance last week at the C'est Bon.

Vacationing early in Demopolis, Alabama was **Henry Cunningham**.

A little flattery now and then . . . makes husbands out of single men!

INDUSTRIAL RELATIONS

The Fire and Guard Department extends sympathy to **O. D. Cloyd** and his family . . . his father-in-law passed away recently.

Get well wishes go to **L. R. Perry**, ill in Baptist Hospital.

It's welcome back, boys to **D. I. Davis** and **C. C. Evans**, who have been off with various and sundries.

Many women could literally add years to their lives . . . if they'd only tell the truth about their age! Let's go home.

Piano-Cello Duo To Play Sunday

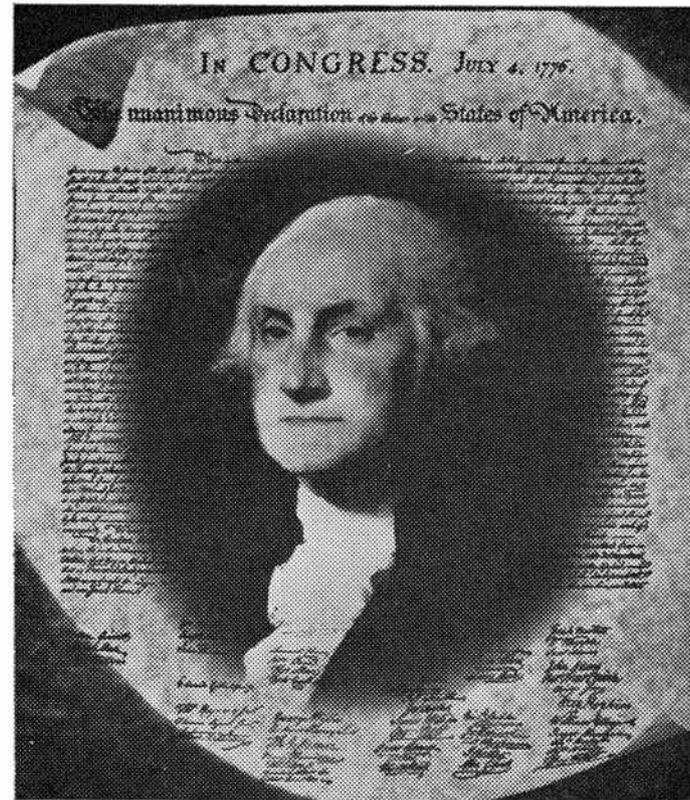

An internationally known piano-cello duo will appear in concert in Oak Ridge Sunday, February 24, at 8:15 p.m. The celebrated pianist **Adolph Baller** and **Gabor Rejto**, cellist will perform sonatas by Bach, Brahms, Debussy, and Beethoven in the concert Sunday at the Oak Ridge High School Auditorium.

The artists are members of the renowned **Alma Trio**, and are both soloists in their own right, having played before enthusiastic audiences in Japan, Australia, Europe and the United States.

Pianist **Baller** won plaudits for his recent guest appearance with the San Francisco Orchestra under the direction of **Pierre Monteux**, and is well known for his concerts with violinist **Yehudi Menuhin**. **Rejto** has given concerts throughout Europe and appeared with many of the major orchestras there before taking up residence in the United States. He is presently head of the string department of the University of Southern California.

Tickets to the concert are available at **Clark-Jones Music Store** and the **Music Box** in Oak Ridge, and may be obtained at the door prior to the concert Sunday.

First In Peace

Young Republic Took Retiring Virginia Gentleman Farmer

He might have died a gentle, gentlemanly plantation owner on the vast Virginia estates had not the Republic caught him up in its fateful days of infancy. **George Washington**, general, statesman and first president of the United States, was born near **Fredericksburg, Virginia** in 1732.

Little is known of the first president's early life. His father, **Augustine Washington**, married twice, first to **Jane Butler**, who bore him four children, and after her death to **Mary Ball**, the first of whose six children was **George**.

Augustine Washington, a man of energy, at one time was part owner of an iron mine and smelter on the **Potomac**. He died when **George** was only 11, however, and left the young **Washington** in the charge of his half-brother **Lawrence**, who had inherited **Mount Vernon**.

Surveyed In Wilderness

In 1746, **Thomas, Lord Fairfax**, a middle-aged bachelor, who

Washington's Birthday, Friday, Is Holiday

Friday, February 22, is an official holiday for Y-12ers . . . as the nation pauses to honor its first president, **George Washington**. No employee will be required to work except those needed for the continuous operation and protection of the plant.

The illustrious **Washington** was born 229 years ago. Actually, he was born on **February 11**, but the **Old Style** calendar was done away with and his birth date was changed to **February 22**. Regardless of OS or NS calendars, it will be a good day to sleep late!

owned more than 5,000,000 acres in the **Shenandoah Valley**, came to America to survey his lands in western Virginia. Because of the **Pennsylvania Dutch** squatters that had settled on some of his holdings, he took a surveying party into the wilderness. Young **George Washington** was among those surveyors.

At the age of 20, **Washington's** brother died, leaving him the vast **Washington** estate, including **Mount Vernon**. For the next 20 years the main background of his life was the work and the social life of his beautiful home on the **Potomac**. He was fond of riding, fox-hunting, dancing, and of such theatrical performances as offered themselves, and despite an unconquerable awkward-

ness with the fair sex, of flirtation.

Successful Marriage

He became active in the **Virginia militia**, and rapidly rose to command the forces, a job which was to take him into the commanding post of the **Continental Armies**. He was 27 years old when he married **Martha Dandridge**, the widow of **Col. Daniel Parke Curtis**. She represented his first love no more than he did hers; he had been rejected by a **Betsy Fauntleroy**, and tradition is also that he had been enamored with **Mary Philipse** of **New York**. His marriage to **Martha**, however, was successful. She was plump, had brown hair and hazel eyes, and possessed one of the largest fortunes in **Virginia**. She had two living children when she remarried. From his marriage to the **Revolutionary War** he devoted himself to the duties and pleasures of a great landowner, varied a few weeks every year by his attendance as a member of the **House of Burgesses**. He was elected to this body in 1758, after standing treat to the voters a prodigious quantity of rum punch, wine, brandy, beer, and "cider royal."

The young Republic, however, caught him up in its fortunes, having need of a man of stature, one who could withstand the hardships of the cold frontier war. It has often been said that times make the man. **Washington** may have preferred to live out his life on the peaceful **Virginia** plantation, but his lot was cast with the new system. The dream caught and held him as it has for Americans, even then as now.

One Week Remaining In Safety Poster Race

There is only one more week to go in the poster contest the Safety Department is currently sponsoring. The new quarterly contest has "Off-the-job Safety" for its theme.

A three-gallon sprayer and a golf cart are offered in the competition. The deadline is Thursday, February 28. All suggestions for posters must be in Safety's hand by 4:30 p.m. of that day. Judging will take place immediately after the announced deadline.

Your full cooperation will make security here the best in the USA.

Swingsters Edge Into Classic Top

Top Seven Teams Divided By Hair

The Swingsters edged into a one-point lead in the Classic League for Y-12 bowlers last week by downing the Tigers by four points. Other four-point wins had the Has Beens over the Cubs, the Wasps over the Eightballs and the Bumpers over the Markers. Three point tallies were taken by the Rippers over the Sportsmen, the Playboys over the Smelters, and the Wolves over the Rebels. The All Stars-Screwballs ended in a tie.

Wayne Groppe, fresh from his tournament play, of the Rippers, took high singles scratch with 216. Al Townsend, All Stars, had handicap highs in singles with 243. Rudy Pletz, Has Beens, had high series in the scratch department with 575; while Joe Youngblood, Has Beens, took high series with a 658 handicap score. The All Stars took singles with 928 scratch, 1078 handicap scores; and the Has Beens took series highs with 2671 scratch and 3055 handicap tallies.

League standings follow:

Team	Won	Lost
Swingsters	23	9
Has Beens	22	10
Rippers	21½	10½
All Stars	21	11
Wasps	21	11
Markers	19	13
Bumpers	19	13
Rebels	16	16
Sportsmen	15	17
Playboys	14	18
Tigers	13½	18½
Wolves	12	20
Screwballs	11	21
Smelters	10	22
Cubs	9	23
Eightballs	9	23

Cool Cats Are Hot In Mixed Alleys

Joyce Gillihan Burns New Women's Records

The Cool Cats got hot in the Mixed League for Y-12 bowlers last week, as they goosed the Goofers to knock them from first place, taking four points in the process. The Ghosts mesmerized the Phantoms for the same count, as did the Scrapppers to the Toppers. The Pin Plasters found consolation in taking two and one-half points away from the Alley Cats.

The Cool Cats dominated scratch firings with a 666 single count and 1863 series tallies. The Pin Plasters took high handicap singles with 826 and the Alley Cats came through in total pins in handicap series with 2363.

J. D. Bryant, Scrapppers, took high singles with 206 scratch and 240 handicap firings. C. G. Gaylor, Pin Plasters, had scratch series high of 537; and Bryant returned to the board with a 637 series handicap. Joyce Gillihan, Ghosts, wracked the alleys afire with a 227 single handicap game (tying with Margaret Taylor, Pin Plasters); then took scratch series high with 479 and 637 handicap series. Irene Carmack, Cool Cats, had the high single scratch game for women with a 176.

League standings follow:

Team	Won	Lost
Cool Cats	17	7
Goofers	15	9
Ghosts	15	9
Scrapppers	13	11
Alley Cats	13	11
Phantoms	11½	12½
Pin Plasters	11	13
Toppers	10½	13½
Pin Plasters	3	21

Americans Average Four Tooth Cavities Apiece!

There are a lot of potential toothaches running around loose. According to the American Dental Association, Americans have nearly 700 million untreated cavities, an average of almost four per person. Have you been to a dentist lately?

Y-12 Eagles Win First 3 In Volleyball

The Y-12 Eagles extended their winning streak, left over from the last half of league play in the Carbide Volleyball League. They took Biology for three games, 15-2, 15-3, and 15-3.

The Set Ups also downed the hapless Biology men by three, 15-2, 15-1, and 15-2. The other duel saw the Old Men take two from ORSORT 15-10, and 15-11 . . . then drop one 8-15.

League standings follow:

Team	Won	Lost
Eagles (Y-12)	3	0
Set-Ups	3	0
Old Men	2	1
ORSORT	1	2
A Shift	0	0
Biology	0	6

4-Squares Extend E League Lead

Lew Watson Burns Alleys Last Week

The Foursquares extended their lead in the E League for Y-12 bowlers last week by downing the Alleybees by three points.

The Cannonballs took the Pinguins for the full count of four, and the Pintwisters twisted the Ten Pins by three.

Lewis Watson, Foursquares, swept the individual boards clean rolling a fancy 243 single scratch game, boosted to a 275 handicap game. In series play he took a 576 scratch, and a 672 handicap game. The Foursquares also swept the team honors in their 674 scratch, 825 handicap singles; 1891 scratch and 2344 handicap series play.

League standings follow:

Team	Won	Lost
Foursquares	19	9
Pinguins	14	14
Cannonballs	14	14
Ten Pins	13	15
Alleybees	13	15
Pintwisters	11	17

Skeet Tie Results In Final Shoot-Out

Davy-Asmanes Move Up Even With Lead

The regularly scheduled eight shoot-outs in the Skeet League for Carbiders have all been completed. However, a make-up day will be held Sunday, February 24 at which time two rounds may be fired by persons whose scores are incomplete. In addition, all ties will be shot off on that day.

Swartout-Welfare tied with Davy-Asmanes in the final standings, each with 342 points. Bahler and Brewster trailed with 330, followed by McNabb-Powers with 320.

The range is located at the Oak Ridge Sportsmen's Association in the western end of Oak Ridge, on the Turnpike.

League standings follow:

Team	Points
Swartout-Welfare	342
Davy-Asmanes	342
Bahler-Brewster	330
McNabb-Powers	320
Patton-Preskitt	296
Patterson-Murray	284
Steward-Bender	281
*Wiest-Bailey	275
*Schaefer-Cuthbert	257
*Case-Hamby	250
Davis-Lewis	182
*Sahr-Hopkins	178
*Incomplete scores.	178

Don't ever cry over spilled milk. Just remember, it could have been Scotch!

Atoms Take Two Basketball Games

Defeat Y-12 Misfits And ORGDP Lab Demons

Only four games got on the boards in the Carbide Basketball League last week.

Two Y-12 teams clashed Monday night as the Atoms took the Misfits handily 57 to 25. The game started out with all the earmarks of a good one, but after several minutes of parrying the Atoms got started. It was then 'katy-bar-the-door' for the 'Fits with the Atoms taking the lead in every quarter. Only seven field goals were allowed the Misfits with Jim George, Atoms, hitting his usual high of 22. Mahaffey was the only Misfit who managed to get more than one field goal . . . and he only registered four.

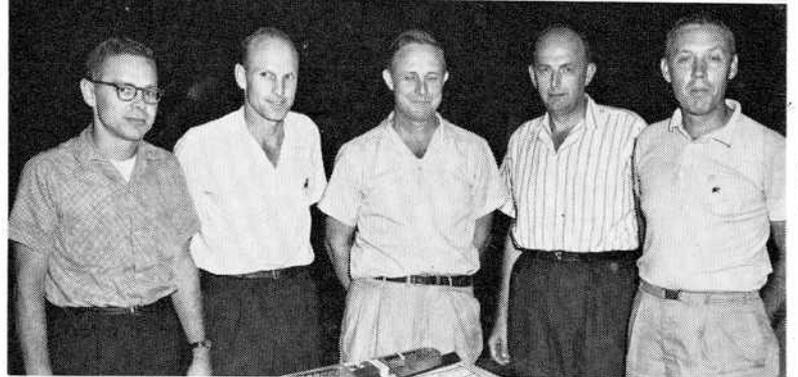

Demons Clobbered
Y-12's Eagles clobbered the Lab Demons, from ORGDP, 63 to 22, making it a complete night of runaways. There was no doubt about this game from the offset. The Eagles brought no subs, but they didn't need any, the way they played. Real 'stingy' with field goals they only allowed the Demons six. All Eagles got into the scoring act, with Bob Coulton leading the pack with 19, John Pridgeon had 16, Ralph Vaughan 14, and Dan Greaser 11.

The ORGDP All Stars defeated Y-12's Misfits 47 to 33 Thursday night. The 'Fits stayed within striking distance the entire length of the game. Jerry Babb had nine for the 'Fits, Mahaffey seven. Clark, as usual, led the All Stars with 28 big points, 16 in the final period.

Atoms Win Again
Y-12's Atoms came back for another important victory of the week by clipping the Lab Demons, ORGDP, 49 to 27. Jim George again. He scored 23. The Lab Demons threatened in this one, however, leading at the first half 20 to 16. The Atoms quickly took over at the firing gun in the second half and the fast break got into high gear to put the game on ice.

League standings follow:

Team	Won	Lost
Atoms	5	0
Flyers	2	0
Eagles	3	2
All Stars (ORGDP)	3	2
Misfits	1	4
Lab Demons (ORGDP)	0	6

TWO C-LEAGUE TEAMS of Y-12 bowlers are shown above. In the upper photograph, its the Screwballs, from left, Ed Hensley, W. Kitchens, W. K. Fulbright, Frank Blair and Jim Owen. The Screwballs currently enjoy the cellar position in league play. In the lower photograph the Par Busters stand only one point removed from first place, tying in the third slot with the Sunflowers. The Busters, from left, are Russell Smith, Tom Ebert, H. A. Keen, Captain; Spence Wallace and Herman Butler.

C Bowling League Closest Race As Big 5, Hi Lifers Are Tied

The only clean sweep in the C League, among Y-12 bowlers, last week saw the Hi Lifers take four points from the Lucky Strikes.

The big news of this alley was in the Rounders three point win over the Hookers. Otis Rackley took singles handily with a high 242 scratch, 263 handicap game. This scratch high is high for the entire second half of the league play.

The Rounder's Arnold Tiller took high singles in a series with 585. C. W. Ridings, Big Five, had the high series in handicap scoring with 640. The Rounders swept

the boards clean with 977 scratch, 1069 handicap tallies in singles; and 2734 scratch, 3010 handicap in series.

Other wins of the week saw the Big Five take three from C Shift and the SP's likewise over the Par Busters. Tying in points the Sunflowers and Strikers broke even, as did the Screwballs and Rodders.

Leading the Y-12 team in scratch firing was Bob Powers with 291, followed by Dave Dewalt with 286.

League standings follow:

Team	Won	Lost
Big Five	16	8
Hi Lifers	16	8
Par Busters	15	9
Sunflowers	15	9
Strikers	13	11
Lucky Strikes	12	12
Hookers	11	13
Rodders	11	13
Rounders	11	13
SP's	9	15
C Shift	8	16
Screwballs	7	17

Third firings in the 22 Calibre Rifle League saw the ORNL team surge ahead again by six points. Y-12 took four, and the Independents took two. Total scratch firings were as follows: ORNL, 1423; Y-12, 1415; Independents, 1362. In handicap firing, it was: ORNL, 1442.989; Y-12, 1440.754; and the Independents, 856.083.

Leading the Y-12 team in scratch firing was Bob Powers with 291, followed by Dave Dewalt with 286.

League standings follow:

Team	Points
ORNL	12
Y-12	8
Independents	4

ORNL Holds Good Lead In Rifle Play

Third firings in the 22 Calibre Rifle League saw the ORNL team surge ahead again by six points. Y-12 took four, and the Independents took two. Total scratch firings were as follows: ORNL, 1423; Y-12, 1415; Independents, 1362. In handicap firing, it was: ORNL, 1442.989; Y-12, 1440.754; and the Independents, 856.083.

Leading the Y-12 team in scratch firing was Bob Powers with 291, followed by Dave Dewalt with 286.

League standings follow:

Team	Points
ORNL	12
Y-12	8
Independents	4

'Resolve To Do Something Extra'

Every newspaper headline makes it clear that this is a testing time for Americans. President Kennedy has said, "We must match great challenges with great achievements — with a constant striving for excellence in all things. With a mature understanding of the magnitude, complexity, and probable long duration of the struggle we face, let each of us resolve to do something extra for our country in this period of trial."

Blues Extend Lead Slowly In 22 League

The Blue team extended its lead in the 22 calibre Pistol League for Y-12ers last week by three points. Their combined total handicap score was 859.308. High scratch pistoleer was G. W. Martin, Green, with 258.810. J. B. Malone, Red, scored a 289.829 closely behind L. A. Schular's (White) 289.942.

The White team gained one point in the week's firing, the Green team none.

League standings follow:

Team	Points
Blue	26
Red	23
White	4
Green	2

Ingle Sons Get Eagle Scout Awards As Organization Observes 53rd Birthday

Total Of Twenty-One Merit Badges Are Required To Gain Coveted Eagle Pins From Boy Scouts

Scouting's highest advancement award, the Eagle Scout award was given to Billie and Charles Ingle, sons of Mr. and Mrs. Ulysses H. Ingle, Route 18, Knoxville. The awards were given February 10, at the Ridgedale Baptist Church. The father of the scouts is in Area Five Maintenance in Y-12.

Billie and Charles Ingle

There is no easy road to the Eagle Scout rank in the Boy Scouts of America. An Eagle Scout is expected to be physically fit, able to take care of himself under all conditions, and prepared to save the life of others if necessary. For these reasons, a boy to become an Eagle Scout must meet all requirements of 10 specific merit badges in the outdoor, fitness and service fields.

The special award ceremonies were held to herald Scout Week (February 7 through 13) as the Boy Scouts of America celebrated their 53rd birthday.

Another 11 merit badges are required for the rank of Eagle and are of the Scout's own choice. Six of these are chosen from the fields of conservation, citizenship,

outdoor sports, animal husbandry, plant cultivation, communications, transportation and building.

The young Ingle sons belong to the Scout group of Explorer Post 42. Both are students at Karns High School, Charles, 16, is a junior and Billie, 15, is a sophomore.

Local Lions Club Sponsors Books For The Blind; Bill Davis Is Local President

Almost three years ago the Oak Ridge Lions Club passed a resolution at its State Convention to help finance the operating expenses of the Tennessee Unit of Recording for the Blind. The organization is responsible for the collection and disbursement of funds.

W. E. "Bill" Davis, Security, is president of the Oak Ridge Lions. They recently presented the check to operate the RFB for the past six months. S. D. Schiffman, ORGDP, is chairman of the committee.

The group happily reports that 95 per cent of the technical books read for blind students in the United States are read in Oak Ridge. More than 30 books were read in 1962 for Tennessee blind

students alone. These books are free to the blind and will be read for them as requested.

Union Carbide furnishes the office space for RFB in Cheyenne Hall, and also donates all the plastic for the recording discs used by the organization.

More Than 1 Million Americans Beat Cancer

More than 1,200,000 living Americans have been cured of cancer, according to an American Cancer Society report. Another 700,000 who have had the disease are expected to join the ranks of the cured. A cure means five years free of the disease—within the next five years.

(ORGDP)

A CHECK GOES TO THE RECORDING FOR THE BLIND, as the Oak Ridge Lions Club sponsors this worthwhile project. Bill Davis, Security, at left, is president of the local Lions Club. S. D. Schiffman, ORGDP, presents the check to Mrs. Parkhurst Wood, chairman of the Tennessee Unit of Recording for the Blind. Union Carbide donates office space in Cheyenne Hall for the group, and also provides free plastic for the recording discs.

French Services Held Last Week

Funeral services were held Thursday at 2 p.m., February 14, at the Blowing Springs Baptist Church for Mr. John E. French, who died last Monday in Oak Ridge. Reverends W. H. Beets and Walter Webb officiated at the rites.

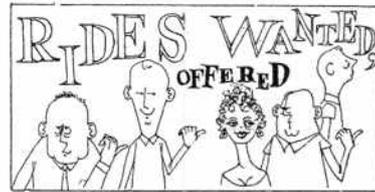

J. E. French

Mr. French, who was a native of Loudon County, came to Y-12 November 10, 1950 and was in Y-12's Production Machining. He had previously worked here from 1944 until 1947 and had prior to that worked with Stone and Webster in Oak Ridge.

Survivors include his wife, Mrs. Christine French, Route 2, Harriman; a son, John H. French, Hammond, Indiana; two daughters, Mrs. Olen Hutchison and Mrs. Mary Presley, Clinton; four grandchildren; three brothers, Andy French, Clarifield; Jake French, Lenoir City; Peeler French, West Virginia; and a sister, Mrs. Lucy Williams, Lenoir City.

Interment followed the services in the Tennessee Valley Memorial Gardens.

Co-workers extend their sincere sympathy to Mr. French's family.

Ride wanted or will join car pool from Woodland section, Oak Ridge, to North Portal, straight day. H. C. Huston, plant phone 7771, home phone Oak Ridge 483-5585.

Will join car pool from West Vanderbilt Drive, Oak Ridge, to North Portal, straight day. L. T. Royer, plant phone 7602, home phone Oak Ridge 482-2556.

Y-12ers Celebrating 15, 10 Year Anniversaries

Congratulations to the following Y-12ers who will observe anniversaries with Carbide within the next few days. No employee was listed in the 15-year anniversary slot.

10 YEARS

James M. Seivers Jr., Employment, February 23.

Edward Eugene Cook, Electrical, February 26.

H. L. Morgan, Receiving, February 26.

Try-Outs Sunday For Final Drama

Try-outs for the Oak Ridge Playhouse's final production of the year will be held Sunday, February 24, at 2 and 8 p.m. at the Playhouse. The comedy farce "Send Me No Flowers" will ring down the curtain on the 1962-63 season.

The cast requires eight men and four women from their mid-twenties on up. The leads are a young couple in their thirties who have led a very happy married life in spite of the husband's

LINDA STALSWORTH BEGAN STUDYING BALLET when she was only three or four years old. The dance of the mad Coppelia (from the Delibes ballet) won her the coveted talent race in the Junior Miss of Tennessee contest last week in Chattanooga. She is the daughter of Jack D. Stalsworth, Machine Maintenance.

Linda Stalsworth, Y-12er's Daughter, Is Named 'Junior Miss Of Tennessee' For 1963

Continued from Page 1
 panion?" Linda answered this just as quickly, "My mother." Mrs. Stalsworth was with her daughter at the gala event in Chattanooga. The father, in Machine Maintenance, was unable to attend.

Real 'Hill-Billy'

The Stalsworths live at 2030 Emoriland Boulevard, Knoxville. The proud father came to Y-12 August 23, 1954, after 11 years employment in Los Angeles, California. Actually, Linda was born in California, but she related to the Knoxville press last week, "We came back to Tennessee when I was about nine years old. So I'm a real hill-billy."

There is one other Stalsworth daughter at home, Nancy, in the seventh grade at Whittle Springs Junior High School. "All the honors that have come to Linda make us mighty proud of her," the beaming mother related, "But we are just as proud of Nancy." (She recalled the story of Harry Truman's mother, when asked if she were proud of her president son. "Yes, I am," replied the elder Mrs. Truman, "And I'm just as proud of my other son who farms here in Missouri.") Mrs. Stalsworth is the former Gladys Cannon.

20 In Contest

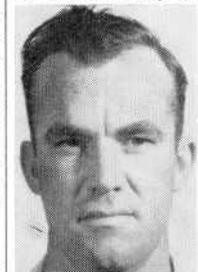

Appearing before 20 other contestants in the state-wide competition, Linda, with misty-eyes abeam, stated she never realized she would go that far. "Actually,

there should have been 22 in the contest. One had the mumps, and the other one had moved from the state. Fortunately, I have already had the mumps," she smiled.

If the pretty brunette daughter of Jack Stalsworth takes to Mobile the same poise, charm and beaming talent, Y-12 may have a national champ on its hands. Win or lose, Linda has made her father, and, indeed, the whole plant extremely proud of her!

Selby Rites Held At Crossville

Funeral services for John S. Selby were held Friday, 10 a.m., February 15, at the Homestead Baptist Church, Crossville. Mr. Selby died at his home at Route 3, Crossville, Tuesday, February 12. He was born in Cumberland County, Tennessee.

J. S. Selby

He came to Y-12 in the Stores Department November 2, 1953. A veteran of the United States Army (1941-1945), he had been a patrolman with the Atomic Energy Commission before coming here. He was a member of the Veterans of Foreign Wars and the Disabled American Veterans.

Surviving are his wife, Mrs. Nellie Selby; daughters, Bobbie Bow, and Nancy Selby at home; two sisters, Mrs. Martha Easterling, Meridan, Mississippi, and Mrs. Willie Pounds, Abilene, Texas.

Interment followed the funeral Friday in the Linary Cemetery.

Co-workers and friends in the plant express their deepest sympathy to the family.

delusion that he is always on the verge of death. Through a misunderstood telephone conversation, he is convinced that the time is actually upon him, and he sets about to prepare his unsuspecting wife for widowhood. His methods are a little unorthodox and when the error is discovered . . . well, that's telling.

Rehearsals will be the middle of next month. No previous theatrical experience is needed.
