

## Dan Morgan 'Moonlights' Thru College; Earns Degree June 2

Beethoven may have written the "Moonlight Sonata" but Daniel L. Morgan, in Y-12's Machine Tool Management Engineering, has set a record for playing it . . . for the past five and one-half years. Not really, but Dan was a "moonlight student" at the University of Tennessee for that length, and earned his degree June 2 in happy graduation exercises.

The subject of a lead story in the May 26 Knoxville News-Sentinel, Dan was applauded for his efforts, not only in the academic world, but in the recruitment of other students as well. Keeping in touch with other students, Dan collared many a likely prospect to help fill up a class. Often he was responsible for enrolling that last student to fill up for a minimum number, so the course would be offered.

### Up From Chattanooga

The Morgans came to this area from Chattanooga. Fate played a hand in pointing Morgan toward Y-12. Danny Morgan, one of the two off-springs took an overdose of aspirins back in 1957. This necessitated the father to seek wage-earning above and beyond student help and a teaching wife. "For the only time in my life I was without insurance, wouldn't you know it?" Morgan commented.

Now, 17 quarters, and 181 hours of college credit later, graduation crowns the years of effort.

### U.S. Navy Veteran

Morgan came to Y-12 August 28, 1958 and served in the United States Navy during 1943 through 1946. "I let my G.I. Bill expire," he states, "but the Carbide Education Assistance Program saved my life."

The June 2 graduating ceremonies at Tennessee featured other Y-12ers earning hard-sought degrees. (More on this later.)

Mrs. Morgan, the former Nona E. Hamilton, herself graduated from UT in March of 1962. Currently she is teaching at East High School, Knoxville. The Morgans, who live at 3220 Birchwood Road, have one other son Mark, as well as Danny who started Pa on his way to Y-12.

Commuting, working a full schedule, three to five courses each quarter (all in the evening division) make for a crowded life . . . but Morgan isn't at all deterred by any of it. Next fall, the Evening College will see a familiar face back amid the ivied walls . . . as Y-12er Dan Morgan begins graduate work!

### Keep Records Current

The Personnel Department urges all degree candidates to bring their personnel records up to date. Records people are not mind-readers, and if you don't tell them your education has been furthered, they don't know it. Photostat, or duplicate that old degree in some fashion and submit it to Personnel Records, Building 9704-2. An unknown Ph.D. is going to avail an employee nothing! That seems like a lot of wasted effort, doesn't it? Actually, a transcript of college credits is easily obtained from the old Alma Mater. Just ask the Registrar.

### LABORATORY TOURS

Two two-hour tours of Oak Ridge National Laboratory are conducted each Saturday for groups that have made prior arrangements with the ORNL Office of Public Information.

## UT Evening School Lists 17 Courses

### Registration Is On For Summer Quarter

Y-12 students still have time to register in the University of Tennessee Evening School, in the Oak Ridge extension. Several Y-12ers will be teaching some of the 17 courses offered for the summer quarter.

Registrations are being taken Friday, June 7 from 4 p.m. until 6:30 p.m. and Saturday, June 8, from 10 a.m. until 1 p.m. at the Oak Ridge High School office.

Classes will commence on Monday, June 10, and will be held in the Oak Ridge High School at night.

Courses to be offered during the June 10th beginning quarter are:

- Algebra Refresher**
  - Engineering 113**, Basic Energy Relations
  - English 111**, Composition
  - English 211**, English Literature
  - English 212**, English Literature
  - Fluid Mechanics 312**
  - Industrial Engineering 311**, Industrial Engineering and Management
  - Math 121**, Introduction to Analysis
  - Math 454**, Advanced Calculus
  - Math 461**, Elementary Differential Equations
  - Psychology 211**, General
  - Psychology 365**, Abnormal
  - Rapid Reading**
  - Sociology 211**, General
  - Speech 231**, Basic Public Speaking
  - Speech 232**
  - Trigonometry**
- Most of the above courses qualify for reimbursement under the Educational Assistance Program. More information may be obtained from U-T's Extension Office, Oak Ridge telephone 482-2851.

## Instrument Society Meets Tonight At Regas

The Oak Ridge Section of the Instrument Society meets tonight, June 5, at the Regas Restaurant, Knoxville. The social hour is at 6:30 p.m. with dinner to be served at 7:30. Mr. H. J. Bowman, national vice-president for District Three of the ISA will discuss the national and district affairs of the Instrument Society.

## Expressway Slowpokes Are Highway Hazards

The slowpoke on the expressway is just as dangerous as the speeder, according to the National Safety Council. If traffic streams past you or you are leading a slow parade in your lane, speed up or get off the expressway. You are a hazard when you block traffic.

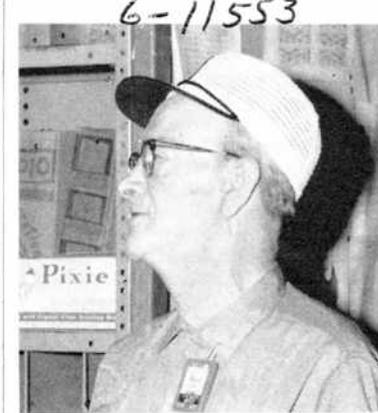

### SAFETY SCOREBOARD

The Y-12 Plant Has Operated  
33 Days Or  
1,006,000 Man-Hours  
(Unofficial Estimate)  
Without A Disabling Injury  
Through June 2  
Phone 7755

On Accident-Free Hours

## 'Doc' Booth, J. W. R. Goans And Wade Eddington Retire Early

All three of the June 1 retirements in Y-12 are early ones . . . as Gilbert H. Booth, Stores; James W. R. Goans, Research Services; and Wade Eddington, Janitors' Department, processed out Friday, May 31.

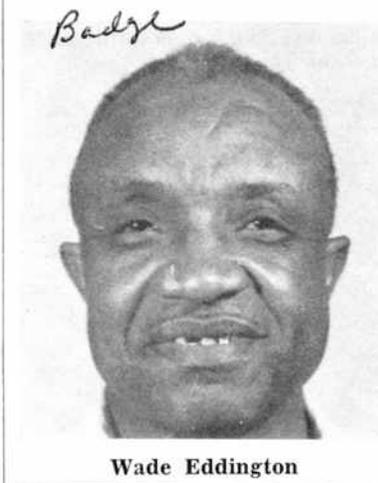

The early retirements bring the total this year to 11, and the total to 123 since Union Carbide began operations here in 1947.

Gilbert H. Booth

James W. R. Goans

Wade Eddington

Gilbert H. Booth, Stores Department, who came to Y-12 back in the early days of the War, May 17, 1945 . . . recently celebrated his 18th anniversary as a Y-12er. He had formerly worked with the Ford Motor Company, Willow Run, Michigan; Caldwell Grocery, Nashville; the WPA; and as a salesman for the National Casket Company.

### "Just Call Me Doc"

"Doc," as he is called in Stores is a jovial, wise-cracking good sport, and belies his early retirement age. He lives with his wife at Route 2, Oliver Springs, about three miles down on 61. His wife is the former Claudia Bragg.

Asked what he planned to do during retirement, Booth grinned, "As little as possible." He then passed on a well worn version of retired life that closes:

"I get up each morning and . . . Dust off my wits, pick up the paper

And read the "OBITS."  
If my name ain't there, I know I ain't dead,

So I eat a good breakfast and go back to bed."

Stores personnel gathered last week and presented the retiring Booth with a handsome, self-winding wrist watch. "I'm glad it winds itself," he said, "will save me the trouble!" Booth was born in Goodlettsville, Tennessee.

### Goans Clinton Native

James W. R. Goans, a native Anderson Countian, was born in Clinton. He takes early retirement from Research Services.

Goans, whose anniversary date is April 14, 1952, hired in with Union Carbide at the Paducah Plant. He transferred to Y-12 September 11, 1961. Formerly he had worked with the Lakeview Sand and Gravel Company, Lakeview, Iowa, and Magnet Mills, Clinton. Goans served four different hitches in the United States Navy . . . during 1917-18, from 1919-21, 1924-28, and from 1930-46. He also was a former captain with the Atomic Energy Commission patrol force.

He has pursued the electrician's craft most of his life, and plans to live around his native Clinton. He is married to the former Gertrude Brooks and lives at 512 Westbury Drive, Clinton.

Co-workers of Goans in Research Services presented him with some mighty fine fishing equipment last week. With Melton Hill Lake in Clinton's back door now, it's a pretty sure bet that the retired electrician will be down there wetting an occasional hook.

The third early retirement for May is Wade Eddington, Janitor's Department, who came to Y-12 October 15, 1947. He had formerly been with the Carolina Coal Company in West Virginia; the Virginia Lee Coal Company, St. Charles, Virginia; The Tennessee Valley Authority, Ft. Loudon; and with St. Mary's Hospital, **Ordained Minister**

The retiring Eddington is an ordained minister with the Church of God, and plans to devote full time to his pastorate in Knoxville after his retirement. He is married to the former Exie

Daniel L. Morgan

## Adult Education Sets Registration Today

### Summer Classes Are Offered At Night

Registration began today, June 5, in the Adult Education Program at the Oak Ridge High School, and classes will extend through August 1.

Some of the night courses offered in the AEP are Business English 1a, Business Math, Clerical Practice, Driver Training (by appointment only), Filing and Indexing, Office Machines, Rapid Reading, Sewing, Shorthand I, II, and III and Typing. Many of these courses qualify for reimbursement under the Carbide Education Assistance Program.

High School courses offered include Health Education, High School English and High School Math, as well as Woodworking.

Classes begin tonight for the summer term.

More information may be obtained by telephoning the Adult Education office at Oak Ridge telephone number 483-6316.

Other courses are offered for credit to high school students through the grades of seven and 12. The summer term for these courses begin June 13 . . . and registration is from June 3 through June 12.

## Unusual Savings Plans Are Sought

The Bulletin is looking for employees with unusual plans for their savings plan check. The Savings Plan checks will be mailed this year to the employee's bank for deposit if an authorization to deposit a payroll check is on file with the Payroll Department.

So, if you are planning to stock a goat herd . . . or invest in a lot in the Himalayas, share your unique adventure with other Y-12ers. Just give the Bulletin a ring . . . details will be ferreted out by a nosey editor.

## Phyllis Noe Chosen As Karns Girl Stater

### Talent Is Combined With A Pretty Face

Phyllis Joyce Noe

It seems Y-12 will have plenty of representation at Girls' State, being held at Murfreesboro, Tennessee, during the first week of June. Phyllis Joyce Noe, the 16-year-old daughter of C. H. Noe, Process Maintenance, is Karns High School's contribution to the American Legion Auxiliary sponsored event.

Joyce mixes plenty of talent with her good looks, too. She is school pianist and cheerleader.

Selection of a junior high school girl to be a representative at Girls' State is based on scholarship, leadership, character and the ability to fit into the school's physical fitness programs.

After graduation, Joyce plans to attend the University of Tennessee. The Noes live at Route 18, Knoxville.

## Texas City Plant Gets Addition

Union Carbide Corporation plans to build new styrene facilities at its Seadrift, Texas, plant, according to a recent announcement by Birny Mason Jr., president. The new facilities will have a capacity of 300 million pounds per year and are scheduled for completion during the third quarter of 1964.

Union Carbide Chemicals Company, a division of Union Carbide, will operate the new plant. E. E. Fogle, president of the division, stated that the new styrene plant will be one of the largest and most efficient in the United States. According to current plans, Union Carbide will use the styrene principally to satisfy its internal requirements, but will continue to sell it to other companies.

The primary uses of styrene are in the manufacture of plastics, coatings and synthetic rubber.

A gangling East Tennessee lad wandered into a justice of the peace's office to buy a marriage license. "And where is the bride-elect?" asked the clerk.

"What do you mean, bride-elect? . . . There wasn't no election. She appointed herself!" the youth replied.

With local elections out of the way in Oak Ridge, other news now is in—

### MAINTENANCE

Get well wishes are sent to S. L. McElhaney's wife and E. A. Malone's wife, both ill in Knoxville hospitals.

Other news from Research Services is that C. C. Parson vacationed in Houston, Texas, visiting his son and daughter-in-law . . . J. E. French fished while on vacation . . . M. E. Butler traveled down to New Orleans for his vacation . . . Get well wishes are wafted to C. A. Pickens, ill in Oak Ridge Hospital.

Process Maintenance tells that L. E. Selvidge is back from a week's vacation after just relaxing around his Lenoir City home.

A three-week's vacation in Florida made a new person out of R. C. Pruden, he says . . . Roy Helton and family, which includes his wife, son, daughter-in-law and granddaughter, vacationed in Florida also.

A. C. Bailey and his spouse are the proud parents of a 10 and one-half pound baby boy. Congratulations.

R. M. Renfro and his family spent last week in the Great Smokies.

Sympathy is extended to Frank Gallagher from all his friends in Y-12 upon the death of his wife.

### PRODUCTION CERTIFICATION

Production Inspection welcomes in Floyd Shook, transferred up from Safety . . . Gary Baird enjoyed a little vacation fishing up around Norris. Now just listen to those fish tales!

A belated welcome, but warm just the same, is extended to Bill Groppe and Dick Baldwin who are now part of the office group.

Aron Smith and his family vacationed in sunny Florida last week.

A good thing to remember is that when you point a finger at someone, you are pointing three back at yourself.

### INDUSTRIAL RELATIONS

The Fire and Guard Department sends get well wishes to C. H. Nicely, in Oak Ridge Hospital . . . C. R. Wall is vacationing with his family up West Virginia way.

Michael Winslett

How about this pert young fellow? He's Michael Winslett, with two grandfathers in Y-12 (that's about all a young feller is allowed, isn't it). Mike is the son of Mr. and Mrs. Harold Winslett, Oak Ridge. His grand-daddies are E. J. "Whiz" Kendrick and J. J. Winslett. Kendrick is in the Fire Department, Winslett is in Production Inspection.

### MECHANICAL OPERATIONS

Production Control says that Margaret Taylor's wedding will take place Friday, June 14, at the Black Oak Baptist Church, Clinton. (It got left out of the engagement story last week.) Cissy and Bob are inviting all their friends to attend.

Tommy Watson

This fat boy belongs to the household of Jerry and Lew Watson, by name Tommy. Tommy is the second baby, first boy. Jerry is remembered well by Property folks. Lewis is in the General Weld Shop.

Production Machining produces news that Paul Peterson vacationed recently, visiting relatives in Detroit, Michigan . . . And it's hoped he doesn't return with fish tales as big as R. R. Hansard is telling . . . Bobby said he and another boy caught 279 stripes and crappies recently. He said they actually caught more than 300, but threw the small ones back. He has a picture, but hasn't produced it yet!

Leslie K. Mitchell

This fine little girl has two Y-12 grandfathers also. She is Leslie Kathleen Mitchell, making her appearance at the Hence Mitchell Jr. home September 19, 1962. Making up a fifth living generation, Leslie is the granddaughter of C. C. Carter, 9212 Foundry, and Hence Mitchell Sr., Stores. She also has several uncles and aunts in Y-12 and one great-aunt, Mrs. Rose Marie Wood, Physical Testing Department.

M Wing of Beta Four reports T. R. Wall, vacationing in Athens, Tennessee, planting beans, corn, and setting out sweet potatoes. In his spare time (?) he'll be catching catfish from the creek.

E. F. Pugh and wife and two boys are going to camp out for a week on Watts Bar Lake for a week of rest . . . W. E. Tipton vacationed at his old home-place at Seymour, Tennessee.

C Wing has L. Smith and fam-

## Scouting's Curved Bar Award Goes To C. Johnson's Daughter

The highest rank in girl scouting, the Curved Bar Award, was presented to Carol Diane Johnson, recently, in ceremonies at the First Baptist Church, Clinton.

Carol is the daughter of Mr. and Mrs. Carl L. Johnson, Route 2, Clinton. Her father is in Y-12's Production Inspection.

Mrs. Leroy Talley, scout leader, presented the proficiency badge award to Carol and Mrs. H. G. Amerine, representative of the Highland Rim Girl Scout Council, presented the Curved Award at the awards ceremony, which took place May 25.

Carol is a member of Girl Scout Troop 174. She plans to continue her work in scouting and also is laying plans to attend the camp at Camp Whipperwill during the summer months. Her hobbies are dancing, swimming and drawing. She will enter Clinton High School this fall as a freshman.

The Johnsons have another daughter, Jeanie, who is hoping to become a Brownie Scout later this year.

ily going to Columbus, Mississippi, to see his father, and to Fayette, Alabama, to see his wife's folks. The Smiths live in Oliver Springs.

Back to M Wing, J. W. Gossage, who lives in LaFollette, thinks there are some uncaught fish in Norris Lake, and intends to do something about it . . . E. H. Procise Jr., vacationed relaxing around home in Oak Ridge, looking for some man holes to fall into.

Piddling around home with maybe a little fishing in the waters around home was T. M. Copeland.

Thomas Albert Martin

Jeffrey Lynn Martin

These two fine youngsters are the off-spring of W. A. Martin and his wife Patsy. They are Thomas Albert, three months old and Jeffrey Lynn, three years old. They are with their parents at 111 West Farragut Road, Oak Ridge. Martin is in Beta Four's Heavy Machine Shop. A grandpop, C. J. O'Neal is in Tool Grinding.

T. S. Swindle is planning to go

to Houston, Texas, to visit with relatives . . . and he might go to Galveston and take a dip.

M. Q. Kosier plans to go all the way to California . . . without his banjo on his knee. His plans are big and broad.

Off ill is E. L. Braden . . . Best wishes to him.

In the 9202 Shop, H. N. Elmore planned to visit his wife's sister in Nashville and then come home and work around his home in Oak Ridge.

The Machine Shop in Beta Four has vacationers T. H. Fox, J. R. Harrell, J. A. Huckabey and Craig Waldroup, who was dispensing justice via the jury system.

Still off with various aches and ailments is E. J. King . . . best wishes to him.

Noticed around Beta Four recently: Don Gooch can't make up his mind where to eat lunch these days. Remember, Don, old friends are the best friends . . . Charlie Gaut wearing one dress shoe and one plow shoe one day last week . . . Jesse Johnston not reading his water bill this spring like he did last spring. And speaking of water, after complimenting H. E. Alvey on his wall building, the walls of Jericho fell Sunday about 65 feet long and 14 blocks high. Any offers to help rebuild this wall will be quickly accepted and greatly appreciated . . . If anyone notices Beta Four building jumping and residents wiggling their ears, it's because of all those carrot eaters. Noisest one in the bunch is Wray Hawkins. He and Bruce Dyer have a corner on the carrot market.

Sometimes when a man thinks his mind is getting broader, it's just his conscience stretching a little more.

### FINANCE AND MATERIALS

Plant Records had Betty Walker on vacation at her home in Solway.

Cashier - Travel - Traffic tells that Earl Goode relaxed at home vacationing . . . Also Ruby Lucas took off for Myrtle Beach.

Property welcomes in Sandra Stephens, who transferred down from Materials Control.

Forms Control and Reproduction reproduces news that P. V. Lindsay and E. A. Hauther are ill. Best wishes to them . . . Vacationing at home last week was C. V. Terry.

Microreproduction and Engineering Services has Pat Hartman vacationing in Mississippi and Louisiana . . . Tom Hillard took off for West Tennessee.

### SHIFT SUPERINTENDENTS AND UTILITIES

Vacationing around these days are Scotty Elsbree, who is fishing and working around home . . . And J. R. DeMonbrun and family who went to Mobile, Alabama.

ALTHOUGH NO ACTION WAS THE WORD last week from the Slo Pitch League, two fine teams are shown ready for action above. At left are the Slipsticks, organized last year among Engineering Department personnel. Kneeling in the front row are Paul Febbo, Don Fogg, Paul Williams and Manager Kurt DelCour. Standing from left are

Marshall Biddix, Jack West, Jim Lawrence, J. D. Allstun, Bob Rose and Jack Anderson, assistant manager. The Sticks have dropped three thus far, and gained one. At the right is a new team among Y-12 faces this year . . . the Bunt Boys, kneeling from left are L. A. Underdown, Manager; J. W. Holt, M. L. Dunlap, C. E. Amos, E. C.

Farris, and Harry Long. Standing are H. W. Hensley, H. H. Horton, C. M. Rickman, W. L. Perry, C. R. Anderson, B. L. Tichenor, assistant manager; and C. D. Feezell. The Bunt Boys have dropped two games thus far, won none. But they expect to do better next time. We expect so, too.

## E, F, G, H And J Shifts Plan Loudon Picnic Saturday

The busy E, F, G, H and J Shift recreation folks are planning a big get-together at Lenoir City Park, on beautiful Loudon Lake . . . Saturday, June 8.

Bring your own lunch . . . and come on out. There will be fishin', swimmin', boatin' (and the allied activities connected therewith), softball, horseshoes, badminton, ping-pong, volleyball and just plain 'loafin'.

Plenty of door prizes will liven

up the scene. All Carbiders in Y-12 are welcome to the 10 a.m. until 4 p.m. fun-fest. The kids are especially welcome. A picnic without kids is like a picnic without ants . . . there just ain't no such thing!

See you Saturday at Lenoir City Park.

The survival of this free nation could depend upon your security performance.

## Par-Tee Golfers Begin Summer Play

### Another Miniature Golf League Forming

The Par-Tee Miniature Golf League got underway last week, firing eight teams strong in the Wednesday night league.

Bill Akers and Bill Sinclair took the full three points from Boswell-Isham, winning the first nine holes by 10 strokes, the final nine by 10 also. Sinclair anchored a hole-in-one on hole number four for the only ace of the match.

Jim Beckett and W. A. Rutherford tied for the first nine holes with opponents Ernie Stinnett and W. C. Collins . . . all with 50 strokes combined. Every member of the duel aced hole number four. Collins also bull's-eyed number five and Rutherford took one on hole 18. Beckett took an ace on number 12. The Beckett-Rutherford combo took the last nine . . . and total low score with 102 strokes over 114.

The R. Cantrell-Young team took three points from Cothran-Parker, winning the first nine holes by four strokes . . . the final nine by three strokes.

George Cantrell and J. D. Brown defeated Virginia Newby and Ella Stansell taking the front side with a comfortable 21 stroke lead . . . and the back nine with a total of 25 strokes.

Initial League standings:

Team	W	L
G. Cantrell-Brown	3	0
Young-R. Cantrell	3	0
Sinclair-Akers	3	0
Beckett-Rutherford	2 1/2	1 1/2
Stinnett-Collins	0	3
Boswell-Isham	0	3
Newby-Stansell	0	3
Cothran-Parker	0	3

Meanwhile, Recreation announces the forming of another miniature golf league . . . this one "for men only." Twosomes wishing to participate should call their names in to Recreation, extension 7109.

## White Team Takes First Archery Lead

Initial standings in the Carbide Archery League came through with results "arrowed" for May 27. The White team zeroed in with a total of five points.

Zona Wright fired a handicap score of 289.595. Howard Frazier scored a 236 scratch. The White team totalled 436 scratch, 576.025 in handicap tallies.

League standings follow:

Team	Points
White	5
Red	4
Gold	3
Black	2
Blue	1

## Rains Slow Slo Pitch League To Grinding Halt . . . No Games!

The Y-12 Slo Pitch League took breathers last week, as the rains stymied all efforts to field a diamond.

A make-up game was set and played Friday, May 24, which was not reported in last week's Bulletin.

The Cherokees defeated the B Shifters to the tune of 13 to 10 in some fast action. Catcher Lauren-dine homered for the winning Indians, Valentine had a long triple. Jenkins, Stair, Davis, and Spradlin all had double-baggers. Peters and Bullard hit long homeruns for the losers . . . Hensley and Collins had doubles.

Team	R	H	E
Cherokees	13	16	3
B Shifters	10	10	2

Batteries: Cherokees: Stair and Lauren-dine. B Shifters: Collins, J. Roberts and Martin.

Team	W	L
E Wingers	3	0
Rebs	2	0
Data Processing	2	1
Eagles	2	1
Mets	1	1
B Shift	1	1
Peons	2	2
Tabbs	1	2
Cherokees	1	2
Big Shop	1	2
Slipsticks	1	3
Bunt Boys	0	2

## Food Additives' History Almost As Old As Man

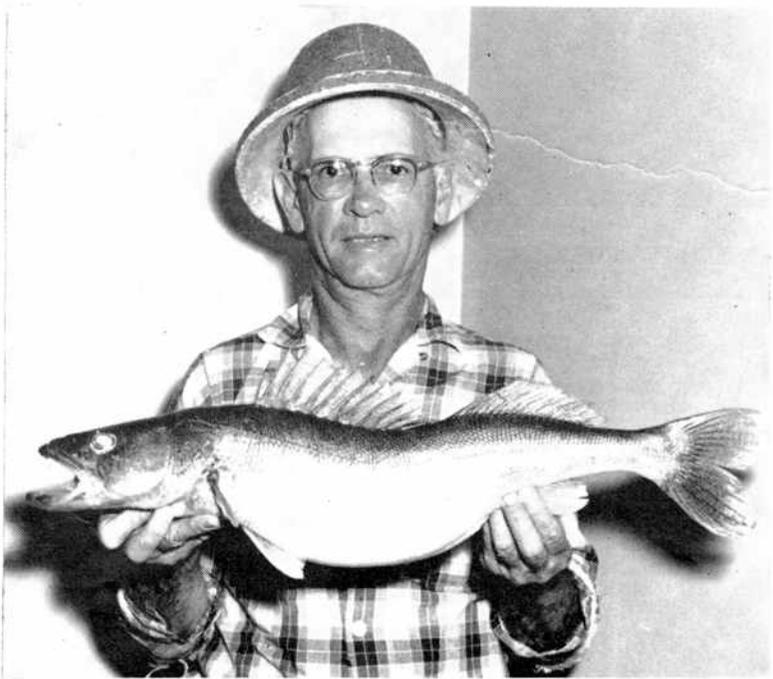

Food additives are almost as old as man himself. When primitive man applied salt to his meat and fish as a preservative, he was using one of the oldest and best additives known. Spices have also been used to flavor and preserve foods since man's early days.

## Spring Rodeo Will Close Next Monday

Isaac Waltons in Y-12 are gently reminded that the Spring Fishing Rodeo closes next Monday, June 10 at midnight. Catches up through midnight of that day are eligible for competition in the vernal race. All entries must be in to the Recreation Office by noon, Wednesday, June 12.

There are some mighty big catches already entered, but there's always room for a whale of an entry. The smallmouth, largemouth, striped bass, walleye, sauger, crappie, trout, bream and bluegill race has been open since March 16. (For prize catches, the Spring of '63 looks like one of the biggest, too.)

The Summer Rodeo opens June 15 . . . and entry blanks may be obtained from the Recreation Office. Drop by in Room 149, Building 9704-2, or just telephone extension 7109.

MAMA MIA (NO PUN INTENDED) . . . Look whatta wall-eye! J. A. Jackson, Receiving, pulled this monster from Norris Lake recently on a spinner-worm type lure. The weight and length and breadth of the mother-to-be are held secret since Jackson has her entered in both the annual and quarterly rodeo . . . but she is a whopper!

FISHING IS FUN IN FLORIDA as verified by W. T. Mitchell, Research Services. Back in February he got away from some of the cruel Tennessee weather to enjoy a jaunt around West Palm Beach. The sailfish above measured seven feet, one inch long. The above photograph was in color before the Bulletin got to monkeying with it, and you should have seen those blue skies!

## Husband-Wife Putt-Putters Are Sought

The husband-wife teams in the new Putt-Putt League are beginning to form . . . and some teams are already entered. If you wish to enroll with your non-Carbide wife in the baby golf competition, call Recreation 7109.

Play should begin shortly . . . and the night of play will be determined by majority rule among the entrants.

Miniature golf is relaxing and doesn't take too much skill (not as much, in any matter, as the full-scale Bobbie Jones type game!)

Congratulations to the following Y-12ers who will celebrate anniversaries with Union Carbide within the next few days.

### 20 YEARS

**R. Delmer Williams**, Chemical, June 8.

### 15 YEARS

**Dean H. Reed**, Product Processing, June 9.

**Dorothy H. Conner**, Mail Department, June 9.

**Charles H. McAmis**, General Machine Shop, June 10.

**Cecil T. Arms**, Dispatching, June 11.

### 10 YEARS

**Alfred Drane**, Process Maintenance, June 5.

**Roger L. McGinnis**, Process Maintenance, June 8.

**Robert C. Guice**, Research Services, June 8.

**William C. Crowe**, General Estimating and Planning, June 8.

**Joe F. Davis**, Process Maintenance, June 10.

Take positive action for security.

PROUDLY DISPLAYING the three-pound-plus walleye he caught on Norris Lake is G. L. (Jake) Miller, Production Inspection. This was the first place winner in B Shift's big Rodeo, held May 22, and netted Miller a spinning reel.

## Vacation Time Is Here Again, Man

There are plenty of signs that Summer '63 has finally arrived, with vacation plans in store for many Y-12ers.

To add to your peace of mind and the enjoyment of your period of rest and relaxation, it's best to make the following arrangements prior to your departure:

1. It is wise to inform the local police that you are going to be away from home. Ask them to check your house periodically.

2. Arrange for mail to be picked up for forwarding and stop milk and newspaper deliveries. Also, tell a neighbor where you might be located in case of an emergency.

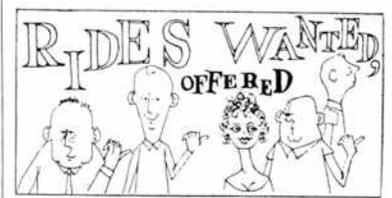

3. Store lawn tools and furniture as well as toys away. They are not only better protected from the weather, but also cannot easily be removed from the property by intruders.

4. If you're not taking them with you, arrange for the care of pets either with neighbors or at the local vet's "boarding house."

5. Remove perishables from the refrigerator. If practical, they may be used for snacks on the trip to your vacation spot or in a picnic lunch once you've arrived.

6. Pay all fixed obligations — rent, mortgage or loan payments, life insurance premiums, taxes and the like — that will come due while you're away. Then, just before leaving, turn down the hot water heater, lock all windows and doors securely.

Oh, Yes! HAVE A GOOD TIME!

Three riders wanted from Harriman to West or Bear Creek Portal, straight day. R. W. Curtis, plant phone 7-8465, home phone Harriman 882-9291.

Riders wanted from Gibbs Community, Halls Cross Roads, Powell, to any portal, straight day. L. C. Stooksbury, plant phone 7-8484, home phone Knoxville 689-4562.

Car pool members wanted from Fountain City to any portal, straight day. James T. Huffaker, plant phone 7268, home phone Fountain City 689-5713.

Riders wanted from Crossville or Rockwood to any portal, straight day. E. W. Cook, plant phone 7-8989, home phone Crossville 484-5050.

Ride wanted from U.T. Campus area, Knoxville, to Bear Creek Portal, straight day. R. A. Hobbs, plant phone 7430, home phone Oak Ridge 483-9114.

Recently your old editor on one of his weekly trips to Knoxville saw an elephant tethered to the side of the highway. "Nobody's going to believe that," he mused to himself. Sure enough, nobody believes it, absolutely nobody!

SHOWN WITH HIS FAVORITE people is Gilbert H. Booth, sandwiched between Shirley Brown and Maola Conner. Booth, or "Doc" as everyone in Stores knows him, left on early retirement last week, after more than 18 years in Y-12.

JAMES W. R. GOANS, seated, admires the fishing equipment co-workers presented him in Research Services recently. The retiring Goans, who took early retirement, leaves Y-12 with more than 11 years company service. He lives in his native Clinton.

WADE EDDINGTON is seen with his friends in the Janitors' Department before his retirement last Friday, May 31. The retiring Eddington was presented a portable television set. He plans to devote full time to the ministry, after leaving Y-12 with 15 years company service behind him.

## Pickard Son Gets Bowling Honors

Back-slapping is in order in Research Services these days. E. L. Pickard's young son Larry recently finished 34th among 75,698 entries in the 16th annual American Junior Bowling Congress tournament.

The mailographic meet was completed during the Christmas holidays . . . but results were not announced until recently.

Larry rolled his handicap single entry at Cumberland Bowl, Knoxville. The Pickards live at 5632 Davida Drive, Knoxville. The young Pickard son attends Sterchi School.

## Music Now Comes To The Middle-Aged

Remember what your mother said the day you quit taking music lessons? Something like, "You'll be sorry when you grow up!"

If you benched Bach for baseball and now regret it, take heart. Millions of middle-agers are returning to the sharps and flats. Many others are starting from scratch. Emphases are on getting into melodies immediately, making greater use of natural abilities to pick out tunes. Musical authorities also state that adults learn music faster and remember more than youngsters.

## Early Retirees

Continued from Page 1  
 Barfield . . . and they have one son, Melvin Eddington, also of Knoxville.

Members of the Janitors' Department paid tribute to "Preacher" last week, and presented him with a portable television set.

All three early retirements from Y-12, Booth, Goans and Eddington have more than the necessary 10 years to qualify for benefits under the Union Carbide Pension Plan. All three are also enrolled in the voluntary Retirement Plan.

Collectively and individually, the employees take the very best wishes of fellow Y-12ers for a happy and fruitful retirement.
