

ALL YOU UNION CARBIDE NUCLEAR COMPANY FOLKS IN THE Y-12 PLANT AREA HAVE TO DO to win fine articles such as are pictured above as individual safety awards is to work a few more weeks without a disabling injury. The Safety Department stresses the fact that these articles are just typical of the type that can be earned when the 5,000,000-hour mark of plant operations without a lost time accident is reached. The articles are resting on an aluminum folding picnic table, itself one of the possible awards. Then from left are an Old Colony bedspread, an eight-piece sizzling steak set of four stainless steel platters and four holders, a Westinghouse table radio, Weller sabre electric saw and a Dormeyer four-quart deep fryer with controlled temperature and basket. However, that 5,000,000-hour mark should not be a "stop sign" for relaxation of the plant's campaign against accidents. The accident-free string can be extended indefinitely.

Display Of Typical Award Items Seen As Incentive For Safe Work

UCNC Folks In Y-12 Will Be Eligible To Get Articles Valued At \$10 If 5,000,000 Topped

As a visual incentive to every Union Carbide Nuclear Company employee in the Y-12 Plant Area to continue the present accident-free period for a long, long time, the Safety Department has arranged displays of articles of the value and type that might be selected as individual safety awards—if the plant record reaches and exceeds the mark of 5,000,000 hours of operations without a disabling injury.

Just A Few More Weeks

According to unofficial estimates, this milestone in the safety history of the Y-12 Plant may be reached in about three weeks—IF there are no lost time accidents to snap the string. For topping the 5,000,000-hour mark Carbide employees in the Y-12 Plant Area would be entitled to individual safety awards valued at around \$10.

The present accident-free record in the Y-12 Plant—which goes for the entire UCNC organization—is 5,394,077 hours of operation without a disabling injury. This period started late in 1957 and continued until June of last year.

The present period of accident-free hours is well past the 4,000,000 mark and has set a new mark for the plant just below that aforementioned record breaker.

Of course, beating the existing record will be quite a feather in the cap of every Y-12er — and bring fine awards. However, the ultimate goal is an accident-free period without a statistical goal—a period that will mean more health and happiness for everyone.

Selection Is Not Final

It is stressed by the Safety Department that the articles shown in the picture at left are merely to illustrate the type of items that could be offered as individual safety awards. Some of them may fall into the final choice and some may be eliminated—and some may be added. Whatever the final choice is—UCNC employees in the Y-12 Plant Area may be sure that they will be receiving the best possible articles available.

The articles are on permanent display at the Cafeteria and Dispensary—and will be rotated on display at the various plant portals.

So—let's keep those green lights of safety flashing every day—until that 5,000,000 mark is long past, and then go on for the rest of the year. It can be done.

Vaccination Clinics Set For Ridge Dogs

1,000 Canines Reported Due For Rabies Shots

More than 1,000 Oak Ridge dogs are scheduled for revaccination and reregistration during the month of April, according to the Oak Ridge Department of Public Health Engineering. To carry out the project for the ninth consecutive year, the annual rabies clinics will be held at all city elementary schools by a mobile unit, manned by teams of five or more persons using portable equipment.

The price of vaccination and registration at the clinics is only \$2 and the vaccination and registration is the most efficient way to stamp out rabies. All dogs more than three months old should be given the rabies vaccination regularly at the clinics or by a veterinarian.

The clinics will be held on Saturday April 4 and Saturday, April 11. On April 4 the clinics will be held at Glenwood School from 1 p.m. to 1:45 p.m.; Elm Grove 2 p.m. to 2:45 p.m.; Cedar Hill 3 p.m. to 3:45 p.m.; Pine Valley 4 p.m. to 4:45 p.m. and Scarborough from 5 p.m. to 5:45 p.m. On April 11 the schedule will be Highland View 2 p.m. to 2:45 p.m.; Linden 3 p.m. to 3:45 p.m.; Willow Brook 4 p.m. to 4:45 p.m. and Woodland 5 p.m. to 5:45 p.m.

USSR's Nuclear Reactor Program Topic At ISA Meet

The USSR's nuclear reactor program will be described at a meeting of the Oak Ridge Section of the Instrument Society of America at 8 o'clock tonight, Wednesday, April 1. The meeting will be in the Green Room of the Ridge Recreation Hall and the speaker will be E. P. Epler, Head of the Reactor Controls Department, Oak Ridge National Laboratory.

Epler made a recent trip to Russia and will show color slides of his visit.

Jefferson And Grant Born In Month Of April; Period Also Brought 'Frisco Quake And Fire

April is the birth month of two men who did much toward founding—and preserving—the United States of America.

Thomas Jefferson, born April 13, 1743, at Shadwell, Va., was the third President of the United States. He authored the Declaration of Independence. After serving two terms as President, Jefferson made this comment on government:

Economy Most Important

"I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must not let our rulers load us with perpetual debt."

Jefferson was the founder of the Democratic Party.

Ulysses S. Grant is the other man who figured prominently in the history of the country — he commanded the Union forces that won the War Between The States. He was born April 27, 1822, at Point Pleasant, Ohio, and became the 18th President of the United States.

Other Interesting Anniversaries

There are some other interesting April anniversaries.

April 1, 1826 — Capt. Samuel Morey, Orford, N.H., patented the first internal combustion engine. It operated on the vapor of spirits of turpentine.

April 4, 1818—Congress passed the flag act officially establishing the flag of the United States. The act provided for adding one star for each new state.

April 18, 1906—San Francisco was devastated by earthquake and fire that took thousands of lives and caused many million dollars worth of damages.

Y-12er Elected By Group; Lubrication Guide Praised

Distinct honors have come in two packages recently to Tell Martin, of Mechanical Inspection. At a meeting in Kingsport, Tenn., on March 20 of the Kingsport Section of the American Society of Lubrication Engineers the Y-12er was elected vice chairman of the group. The section covers all of East Tennessee from Chattanooga to Bristol. In addition to being named to office by the society, Martin also has been highly praised by authorities in the field of lubrication for a recent guide he published on the subject. The proposals he made in his guide has been called a major advance in the field.

TASTY SPRING DISHES SET FOR SPECIAL LUNCHES

Tasty Spring dishes will be offered patrons of the 50-cent Special Lunches to be served at the Y-12 Cafeteria tomorrow, Thursday, April 2, and next Tuesday, April 7. For tomorrow the entree will be barbecued pork on toasted bun with cole slaw. On next Tuesday the main dish will be baked meat loaf with brown gravy. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Two Physics Seminars Set For Friday And Monday

G. R. Ringo, of the Argonne National Laboratory of the Atomic Energy Commission, will speak at the physics seminar to be held by the Physics Division, Oak Ridge National Laboratory, on Friday afternoon, April 3. The session will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL, and Ringo's topic will be "Neutron Beam Research at Argonne." Y-12ers interested in the subject are invited to attend the seminar.

Another seminar session has been set for 3:15 p.m. next Monday, April 6, when the speaker will be Ta-You Wu, of the Institute for Advanced Study at Princeton, N. J., and the National Research Council, Ottawa, Canada. His subject will be "Multiple Scattering of Charged Particles."

East Portal Traffic Cut During Construction Period

During construction work now underway at the East Portal, traffic at that portal will be closed to Y-12ers operating government vehicles from 4:30 p.m. to 5 p.m. Parking for vehicles normally driven to the East Portal during that period will be available in the area west of the garage, Bldg. 9712. The East Portal construction work will require an estimated 100 days to complete.

Mr. and Mrs. P. K. Parker

PARKER—PIERCE

Exchanging wedding vows on Friday night, March 20, at the Highland View Church of Christ in Oak Ridge were Miss Lucy Ellen Pierce, of the Y-12 Chemical Department; and Phillip Kermit Parker, a student at the University of Tennessee. The ceremony was performed by the Rev. Garland Elkins, pastor of the church.

The bride is the daughter of A. A. Pierce, of the Y-12 Guard Department, and Mrs. Pierce, of 4200 Roaming Road, Knox County. Parents of the groom are Mr. and Mrs. W. H. Parker, 108 West Vance Road, Oak Ridge.

The bride was given in marriage by her father. Recorded music from the David Lipscomb College chorus was played during the ceremony.

For her wedding, the bride selected a white embroidered sheath gown. A plateau shell of lace embroidered with seed pearls and iridescent sequins held her tiered veil of English illusion. Her bridal bouquet was a white orchid on top of a white Bible.

Miss Carolyn Pierce, sister of the bride, was maid of honor. She wore a powder pink dress of cotton and arnel with lace inserts on front. Her flowers were pink carnations. Miss Dixie Parker, sister of the groom, was bridesmaid. Her dress and flowers were similar to those of the maid of honor.

Acting as best man was R. B. Wright, of Concord; and James Lowery, Madisonville, cousin of the groom, was groomsman. Joseph Best, Madisonville, and Ronnie Seagle, Oak Ridge, were ushers.

The bride graduated from Oak Ridge High School, where she was a member of the National Honor Society. The groom also is an Oak Ridge High School graduate, where he played on the school baseball team. He now is attending the University of Tennessee.

The couple is at home at 188 Hillside Road, Oak Ridge.

This is the machine age — but everyone doesn't have to be a big wheel.

—and let's have no April Foolishment about it, either. One can be just as dead from an April accident as in a December disaster—so be careful, for safety's sake.

With that little sermon out of the way—the ol' Colyum Conductor will now sneak up on his trusty Underwood and scissors to carve out a few contributions for posterity about folks and things around these here parts.

SUPERINTENDENTS

Friends throughout the plant extend their sympathy to **George W. Mitchel**, whose brother, Dr. C. A. Mitchel, died Sunday, March 22, from injuries received in an automobile accident. Funeral services were held March 25 at the Methodist Church in Hugo, Okla., Dr. Mitchel's home town, with interment in Okmulgee, Okla.

PLANT ENGINEERING

Mechanical Engineering was all dolled out in the usual Easter finery in observance of the happy season — with visiting, going places, doing things and seeing people the order of the holiday . . . **R. V. Miskell** and missus and **George Drevik** and spouse took the long week end to visit folks and friends in Cicero, Ill., Chicago and vicinity . . . The **Tommy Swindells** lit out for Alexander City, Ala., visiting her parents . . . The **E. E. Palmers** enjoyed Easter activities with old friends down Atlanta way . . . **James U. Price** went to Louisville, Ky., via Mammoth Cave where he did some spelunking in that big hole in the ground . . . The **E. J. Asburys** and his mother, Mrs. E. J. Asbury, Sr., are making it a week of vacation in Savannah, Ga., with a side trip to points in Florida . . . **Wilbur Allin** and his wife were hosts to his sister and family from Bellevue, Ill. . . Instead of having an egg hunt, **Bob Chittum**, **Fred Jones** and **Phil Shelley** planned to pursue golfs out on the green . . . That same Shelley, incidentally, is engaged to Miss Patricia Barnes, of Knoxville, with wedding bells scheduled to ring on April 25—so congratulations . . . While others were painting eggs, **Eleanor Bennett** was painting her kitchen cabinets . . . **Paul Boyer** devoted part of the week end beginning work on his new patio . . . Architectural note of the week—**Wimpy Helton** has erected a 20-family martin house on his Knox County estate, says it's strictly for the birds and only couples need apply.

Contract Administration Engineering extends deepest sympathy to **J. B. Cory, Jr.**, whose mother died recently.

INDUSTRIAL RELATIONS

The many friends of **Jim Whitcomb**, Wage Standards, extend their deepest sympathy to him over the death of his father, Charles W. Whitcomb, in Knoxville last Saturday night. The elder Whitcomb had been in ill health for four years. A number of Y-12ers attended funeral services Tuesday.

Oh boy, yuh otta see **Carl (Old Grandad) Cooper's** (he's Wage Standards boss) new Easter equipment. He went and bought him some golf tools and a snazzy new black Imperial auto—**Arnold Tiller**, Insurance nabob, volunteered to be his first caddy.

Jamie Goodman, the pie-maker of the Cafeteria, spent last week at home baby sitting with his two granddaughters from Chattanooga,

Tracy and Leslie, the daughters of Dr. and Mrs. James B. Goodman . . . **Vena Summitt** and her husband, Ed, travelled to Mt. Airy, N.C., to visit her sister for the Easter holiday.

Helen Blalock, Medical, is vacationing this week with her brother and sister-in-law, the Rev. and Mrs. Charles Blalock, at Norfolk, Va.

Down among the Boys in Blue and Gray of the Fire and Guard Department things were mighty quiet last week . . . Superchief **W. O. Elam** was a vacationer—spending part time at his estate at Heiskell and another part at his estate in Alabammy . . . Cap'n **Henry Krouse (The Mouse)** meandered over to his old home stompin' grounds of Memphis . . . Fireman **R. E. Lewis** was the smart one—he stayed at home in Knoxville for a rest.

MAINTENANCE

The Laundry Department reports **Ken Faulkner** picked out his Lenoir City home for two weeks of vacation . . . **Mary Fields** also is taking it easy at home for a week.

E. C. Cross and **J. V. Hawkins**, Electrical Maintenance, started their vacations last week—Hawkins undertook a job of baby sitting with his new daughter born March 16 . . . **W. H. Dial** is recovering from injuries sustained in a traffic mishap and get well wishes are rushed his way . . . Vacationers this week include **J. S. Jones** sightseeing around Clearwater and St. Petersburg in sunny (?) Florida . . . **M. N. Millican** ran his Easter bunny down around Swainsboro, Ga. . . **W. Wolfe** caught his cottontail up near Hopkinsville, Ky. . . **J. W. Scarborough** was just going to stay at home and maybe go fishing.

SHIFT SUPERINTENDENTS AND UTILITIES

Adm. **Dan'l Rader** and his wife planned to lay their Easter eggs up in the mountains of West Virginia—where they will roll down hill and scramble themselves . . . The **Joneses, Jeannie**, of the Y-12 SS Office and her husband, Gordon, from the Oak Ridge Gaseous Diffusion Plant, found their Easter wabbits hiding around Dowelltown (her old homestead) and Gallatin (his former residence) and with some shopping, of course, in Nashville . . . One guess where **Finley Creigh**, B Shift top boy, spent Easter—you're right, Louisville, Ky. . . Since Assistant Shift Superintendents **H. D. Duncan**, **George Kirtland** and **Jed Temple** are on E, F and G Shifts, respectively, they found time to spend the Easter holidays with their families.

The **Hugh Beesons**, he's in Utilities, went to Winston-Salem, N.C., for the holidays . . . None of that egg rolling and wabbit hunting for **D. Stevens** and **J. H. Thomas**—they went in training on nearby lakes for the forthcoming D Shift fishing rodeo . . . Get well wishes

FRIENDS OF MRS. MARGARET RAINBOLT IN THE Y-12 MEDICAL DEPARTMENT and others entertained her with a Stork Shower Saturday night, March 21 in the Western Room of Bill's Restaurant, Oak Ridge. From left around the table are Mrs. Ruth Skidmore, Miss Maude Clemmer, Mrs. Mildred Borum, Mrs. Mary Napier, Mrs. Rainbolt, the honoree; Miss Alice Mattingly, Mrs. Virginia Circle, Mrs. Ruth Zimmerman and Mrs. Helen Blalock, the hostess.

HERE'S A CLOSEUP OF the honoree and hostess at the Stork Shower given Mrs. Margaret Rainbolt, left, by friends with Mrs. Helen Blalock, right, as hostess.

are sent **W. J. Wiggins** and to the wife of **C. A. Cox**—she's hospitalized awaiting surgery . . . **E. E. Robertson** is vacationing (?) by spending his time spring cleaning around his home . . . **J. L. Finchum** watched the Easter sunrise on Cherokee Lake . . . Everybody is glad that **J. D. Tolliver** is recovering after his recent surgery and is able to be out some . . . **Oscar Blackwell** is sporting a brand new pickup around the plant—probably trying to keep up with his boss . . . **J. L. Messenger** is another vacationer — plans to stay around home and hopes to get out for some fishing . . . **L. H. Bailey** also is vacationing, but didn't tell where, why or how.

R. P. Mann, Steam Plant, and family weekendend in Brownsville, over in West Tennessee.

MECHANICAL OPERATIONS

Z Area has **John Franzgreb** vacationing in the Big Town of Noo Yawk . . . **John Trent** settled for Lenoir City . . . A big ??? mark surrounds the plans of **Ralph Moore** . . . The Colyum's scribe, **Barbara Littleton**, went out to Dallas, Tex., to listen to some of those Texas-Alaska jokes . . . The department welcomes **Elinor Charpie** to the fold — she's the widow of **C. F. Charpie**, former Y-12er who did several months ago after a lingering illness . . . Get well wishes are extended ailing **Benson Garrett** . . . The Proud Pop of the week is **B. E. Brandon**, who welcomed little Miss Mary Lynn Brandon into the family on March 23—she weighed in at seven pounds, 10 ounces.

The Sunflower Shop's misery list last week included **C. E. Keaton**, ailment unannounced; and **P. O. Murphy**, floored by the flu—of course, get well wishes go their way . . . **H. E. Cornell** was a visitor down in Mobile, Ala., last week . . . **W. F. Henline** was a home vacationer at Kingston . . . **J. E. Barnes** and **J. H. Grantham** also were home lovers.

Glen Neal, TW Shop, is a Florida vacationer . . . **Aaron Smith** and **J. R. Lawley** stayed at home. . . **D. A. Lanham** stayed at home in Lenoir City with an occasional trip to try out the fishing in Ft. Loudoun Lake . . . Welcomed back after their vacation trips with tall tales are **G. Hyatt** and **H. E. Stout**.

FINANCE AND MATERIALS

Mildred Reynolds, Materials, and her husband, Henry, are vacationing in Ft. Myers, Fla., planning a trip to fabulous Sanibel Island, noted for its wide variety of beautiful shells, and on the way home will stop in Columbus, Ga., to visit kin folks . . . **Dorothy Tompkins** and her hubby, Ted, are visiting his parents in Lincoln, Neb.

Property sends get well wishes to **J. D. Housley** . . . **Geraldine Watson** and her husband, Lewis, Eastered in Washington, D.C., and it was Shelbyville, Ky., for **Emma Puckett**.

Helen Ross and family, Engineering Records, are prettying up Daytona Beach for vacationing purposes.

J. G. MacArthur, Design and Composition, week ended in Tul-

Continued on Page 4

Get well wishes are extended the following Y-12 employees who were patients last week at the Oak Ridge Hospital:

A. A. Baer and G. H. Kesterson, Chemical; V. C. Hemperly, Development Operations; H. E. Fry, Garage; Eleanor Duke, Product Processing; E. E. Ramsey, Buildings and Grounds; J. L. Johnson and F. H. Pitzer, General Machine Shop; T. N. Address, Piping Engineering; Harold Rector, Production Control; K. W. Mercner, Janitors; E. F. Rutherford, Utilities.

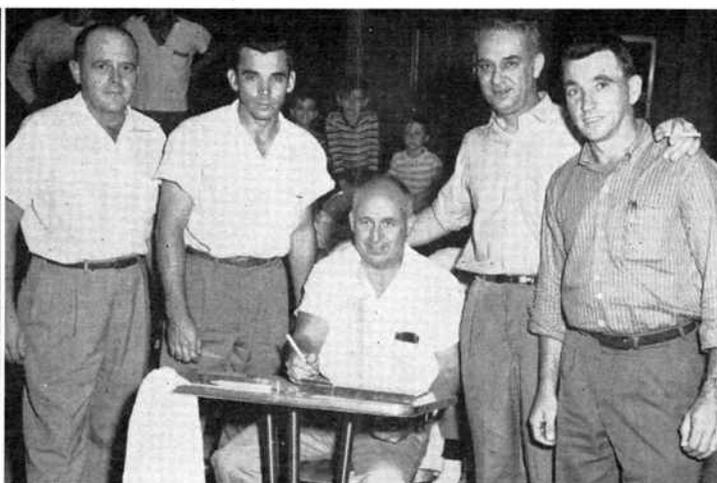

Sons Of Two Y-12ers Cast In Junior Playhouse Roles

Two sons of Y-12ers are cast in prominent roles in "Alice of Wonderland," final presentation of the Oak Ridge Junior Playhouse season. The play will be staged at the Community Playhouse on Jackson Square Saturday and Sunday, April 4 and 5 with performances scheduled for 10:30 a.m. and 2:30 p.m. on Saturday and 2:30 p.m. and 4:30 p.m. Sunday. The production will be directed by Mrs. Paul Ebert, assisted by Kathy Sidner and Laura Campbell.

The Y-12 youngsters in the show are Jim Whitten, son of J. A. Whitten, Z Area; and Jamie Blevins, son of Russell C. Blevins, Electrical Maintenance.

Always give a top performance for security.

THREE DANGEROUS OPPONENTS FOR ALL TEAMS IN THE CLASSIC LEAGUE of Y-12 bowlers are shown above. At left is the veteran outfit, the Bumpers, with the front row being occupied by, from left, Elmer Green, Ernie Cobble and Clyde Smith. In the rear are E. B.

Galloway, Vern Williams and Avery Kendig. The center picture shows the Smelters, a new team in the league this season. From left are J. McArthur, Ernie Collins, Bill Shelton, Bob Brackney and J. D. Collins. Another veteran team is the Wolves, right. Seated from left

are Tom Perry, Fred Uffleman and Bob Olson. In rear are Frank Gragg and Ed Gambill. The Bumpers have been rolling along in first place for several weeks by repelling all challenges by decisive margins. The Smelters are also making a good mark in the league.

1959 ALL-CARBIDE TOURNEY SEEN BIGGEST EVER

Lenoir And Knox Golf Loops Form

April 10 Deadlines To Enter Circuits

Seven teams already have entered the Lenoir City Golf League for Y-12 divot diggers residing in that vicinity and league play is scheduled to start during the week beginning Monday, April 20. A deadline for entering two-man teams in the circuit has been set for 4 o'clock Friday afternoon, April 10, and any golfer wanting to play in this loop is asked to communicate with the Recreation Department, Room 265, Bldg. 9704-2, plant phone 7100. Eight teams composed this league last summer.

Teams already formed and ready to play on the Martel course are L. C. Watson-W. C. Collins, E. S. Hardy-C. E. Harris, S. D. Peters-P. J. Arrowood, F. K. Clabough-C. Spradlin, E. W. Rogers-J. C. Thompson, W. M. James-W. Ryan and Frank Kennedy-Charley Beckett.

Kennedy Elected President

At an organization meeting last week Kennedy was elected president, Clabough vice president and Thompson secretary.

Meanwhile, the Whittle Springs League for golfers residing in the Knoxville area was reformed for the season at a meeting last Thursday. A total of 10 teams signed up at the session and it is believed that the loop will equal or exceed its membership of 14 for 1958.

The 10 teams on the roster last week were D. F. Leach-Tom Perry, C. C. Morgan-J. C. Jordan, Paul Petretzky-O. W. Briscoe, B. I. V. Bailey-H. R. Butler, T. H. Trebilcox-E. P. Braden, R. T. Wyrick-Bill Wilburn, A. L. Sawyer-E. L. Hendrix, M. R. Emery-Joe Miller, D. E. Troutman - Bill Coleman, T. K. Bishop, Jr. - R. M. Lawson.

Perry Heads Knox Loop

Officers elected for the Knoxville circuit for the 1959 season were Perry, president; Troutman, vice president; and Jordan, secretary.

This league also set a deadline of 4 o'clock Friday afternoon, April 10, to receive entries and league competition will start on Tuesday, April 21. The Recreation Department will be glad to give any information desired on this or any other Y-12 Golf League and aid players to find partners.

Reminded Of Deadlines

Y-12 golfers also are reminded that the deadline for entering teams in the Deane Hill League is 4 p.m. Friday, April 10, and for entering the Oak Ridge League it is 4 p.m., Friday, April 24.

Promptly report any actual or suspected acts of sabotage or espionage.

Lab Demons Take Carbide Hoop Title

A whirlwind second quarter in which the Oak Ridge Gaseous Diffusion Plant Lab Demons hung up a 16 to 8 advantage gave the Demons the edge that brought them a 47 to 41 victory over the Y-12 Reactors and the seasonal championship of the Carbide Two-Plant Basketball League on March 23. The Reactors won the first half of the season handily and the Demons captured second half honors with a clean seven won and none lost mark.

The Reactors held a 13-11 margin at the first stop but then went cold while the Demons spurred ahead. In the last half the two teams played on even terms, each scoring 14 points in the third period and six in the final.

Lew Fitzgerald was high gun for the Reactors with 15 points and Grubb tallied 10. Harris bagged 15 and Sullivan 11 for the Demons.

Final second half of the season standing follows:

Team	W	L
Lab Demons (ORGDP)	7	0
All Stars (ORGDP)	5	1
Reactors (Y-12)	4	3
Co-Ops (Y-12)	3	4
Comets (Y-12)	3	4
Hawks (Y-12)	2	5
Pilot Plant (ORGDP)	2	7
D Ramblers (ORGDP)	1	5

C Shift Fishing Rodeo Set April 2

Y-12 anglers on the C Shift are making big plans for their fishing rodeo scheduled for tomorrow, Thursday, April 2. The event will be based at White's Creek Dock on Watts Bar Lake and a big turnout is expected.

Prizes will be presented captors of the biggest largemouth and smallmouth bass, crappie and pike. Weigh-in time will be at 5 p.m. and free coffee and sandwiches will be served at the dock.

Bumpers Retain Classic Loop Top

Fielden Sweeps All Individual Scoring

The veteran Bumpers team maintained their lofty perch on top of the Classic League standings last week by taking three points from the Swingsters. The Markers climbed into a tie for second by blanking the Rippers for four points. The only other shut-out win was posted by the Screwballs over the Tigers. Other three-point triumphs were recorded by the Rebels over the Wolves, the Sportsmen over the Cubs, Wasps over the Playboys, Smelters over the All Stars and Has Beens over the Eight Balls.

Gordon Fielden, Playboys, had a hot night on the alleys by taking all individual scoring tops with 225, 250, 602 and 675 across the board. The Bumpers had best team scratch scores with a 915 game and 2663 series. The Playboys' 1044 handicap game was tops as was the 2980 handicap series by the Markers.

League standing follows:

Team	W	L
Bumpers	30	10
Markers	27	13
Swingsters	27	13
Rebels	26	14
Sportsmen	25	15
Rippers	23	17
Wasps	22	18
Screwballs	22	18
Smelters	21	19
Eight Balls	20	20
Has Beens	18	22
All Stars	14	26
Playboys	13	27
Wolves	12	28
Cubs	12	28
Tigers	8	32

EIRE SELLS BRITAIN FRUIT

Fruit growers in Eire's County Wexford harvested a \$210,000 crop of strawberries, raspberries and black currants last summer. Most of the produce was sold to British consumers.

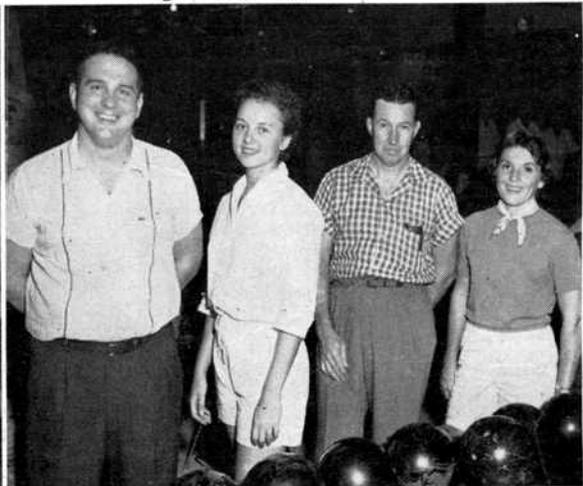

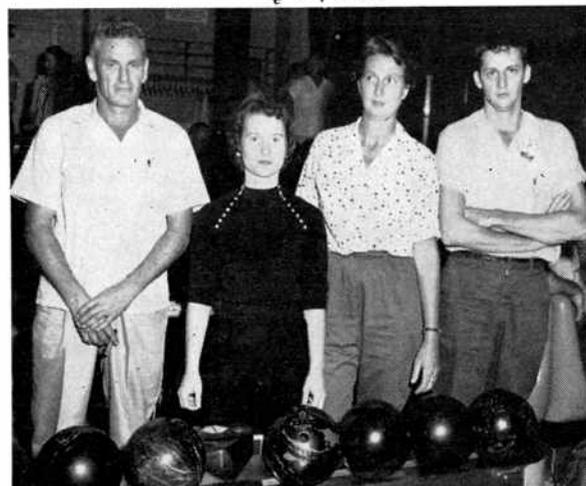

WHERE THE FISH ARE — there most probably will be found Tom Hillard, of Design and Composition. Here he is shown with a fine rainbow trout caught March 15 from the Sequatchie River and which he entered in the Y-12 Annual Fishing Contest, where it is expected to be a strong contender for honors.

Archery League Meet Set April 13

The popular sport of archery will be renewed in the Y-12 Plant this year as an organizational meeting of the league will be held on Monday night, April 13. The meeting will be at 7:30 p.m. at the Oak Ridge Sportsmen's Association clubhouse west of the city on the Turnpike.

All "Robin Hoods" who would like to participate in the colorful sport are urged to attend this meeting. Last summer an active eight-team league was in action with competition close throughout the season.

Maintaining security helps maintain peace.

TWO HARD-WORKING TEAMS IN THE Y-12 MIXED LEAGUE of men and women bowlers are shown above. At left are the Pin Plasters, bowlers from left being Joe Dunlap, Pat Blanton, Georgia Rader and Jim Turner. At right are the Rockets, team members being B. Brooks, Sandra Tiller, A. V. Bible and Carol Puckett.

Y-12's Len Hart Defending Champ

Several Other Plant Titlists Again Enter

As has been the case for the past several years in the All Carbide Bowling Tournament — all hands will be taking out after Y-12 entrants, particularly as quite a number of the tournament titles fell into the hands of Y-12ers last year. The big pin party is slated for the next two week ends, with team events being rolled Saturday and Sunday, April 4 and 5; and singles and doubles slated for the week end of Saturday and Sunday, March 11 and 12.

The 1959 edition of the All Carbide Bowling Tournament—annual one of the biggest sports events in the city—will be rolled at the new Ark Bowling Lanes. The number of entries this year is up considerably in all classes from the 1958 event, with all indications that the 1959 tournament will be the biggest on record.

For the All Carbide men's championship Len Hart will be back to defend his crown won last year with a 1756 all events scratch score. Other champions last year were Frank Zupan, men's singles scratch with 639, Zupan and Clyde Smith in men's doubles scratch at 1168; Mavis Koons and Dot Park, women's doubles scratch at 940; Nell McGinnis and Shirley Brown, women's doubles handicap with 1190; and Louise Eubanks, women's all events handicap with 1867.

Not all of these maple maulers will be back together as teams this year, but their performances will be watched with interest.

In team scoring last year the Wolves, of the Classic League, were men's scratch champions with 2715 and were third in handicap with 3045. In the women's team competition the Y-12 Clippers were top handicap winners with 2919.

The 1959 tournament will see 78 men's teams and 22 women's teams competing as against 61 and 12, respectively, in 1958. This year there will be 168 men's doubles and 44 women's doubles rolling and 312 men's singles and 83 women's singles listed.

A Shift Volleyball Team Takes Title

The Oak Ridge Gaseous Diffusion Plant A Shift team won the seasonal championship in the Carbide Two-Plant Volleyball League last Thursday night by walloping the Y-12 Hunters two straight games by scores of 15-4 and 15-3. The A Shift volleyballers won the first half of the season title and the Hunters came out on top in the final round of play.

Linda Mann

Linda Mann Gains Superior Rating In Music Festival

Miss Linda Mann, 12, daughter of Ray P. Mann, in charge of the Y-12 Steam Plant and ADP Utilities Operations, and Mrs. Mann, was one of nine young Oak Ridge pianists to be awarded a superior rating out of the 79 that entered the annual spring music festival at the University of Tennessee recently.

This is the second year that she has entered and received the superior rating in the festival. She is treasurer of the Oak Ridge Prelude Club and a piano pupil of Mrs. Paul Hayes. She is a sixth grade student at Glenwood School, member of the school choir and of the Girls Auxiliary at the Glenwood Baptist Church and also of Girl Scout Troop No. 30.

Bush Loop Leaders Maintain Positions

The Beavers and Balls O' Fire maintained their one-two positions at the top of the Bush League after alley antics March 23, each scoring three-point wins over the SNPFT keglers and Bldg. 9212 respectively. The Lucky Five stung the Bees for three and the Inspectors dealt a similar defeat to the Alley Choppers. The Nine Pins and Hi Balls split even.

Jack Forseman, Lucky Five, cracked through with a 621 scratch series and 687 handicap series after posting a 214 scratch game for best of the night. Diddix, Alley Choppers, got into the act with a 259 handicap game. In team scoring the Bees had the best single games of 819 scratch and 996 handicap while the Lucky Five registered series scores of 2330 and 2843.

League standing follows:

Team	W	L
Beavers	36	20
Balls O' Fire	34	22
Nine Pins	33	23
Bldg. 9212	30	26
Bees	27	29
Alley Choppers	27	29
Lucky Five	25½	30½
SNPFT	23	33
Hi Balls	22½	33½
Inspectors	22	34

Scrappers Increase Mixed League Lead

The Scrappers pulled out to a substantial lead in the Mixed League of Y-12 men and women bowlers last week by socking the Phantoms for three points while their closest rivals, the Alley Cats, were absorbing a four-point whitewash licking at the hand of the tail-end ABCs. The Clippers clouted the Nip and Tucks for three and the rising Rockets rocketed by the Pin Plasters by the same score.

Herb Oliver took most of the men's scoring honors with a 213 scratch and 235 handicap game and 554 scratch series. M. C. Bays had a 622 handicap series. Doris Mangum, Rockets, outscored all the women with 184, 247, 472 and 661. The Scrappers had the top team scratch scores with a 653 game and 1833 series. The Rockets had the top handicap tallies of 830 and 2307.

Nell McGinnis, Clippers, turned in one of those rare "triples" of three successive games of 155.

Team	W	L
Scrappers	31½	16½
Alley Cats	27	21
Nip and Tucks	26	22
Rockets	23	25
Pin Plasters	22	26
Clippers	22	26
Phantoms	22	26
ABCs	18½	29½

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

- 15 YEARS**
Raymond H. Young, Alpha Five, April 1.
Allen M. Schrader, Process Maintenance, April 1.
Bill Hudson, Buildings and Grounds, April 1.
Dennie I. Roberts, Product Processing, April 3.
William J. Wanamaker, Mechanical Maintenance, April 3.
Robert V. A. Brackney, Property Sales, April 3.
James C. Bresnahan, Sr., Contract Administration Engineering, April 4.
Rosel H. Davis, Laboratory Operations, April 5.
Harvey T. Kite, Development Operations, April 5.
Elmore W. Koons, Maintenance Planning, April 5.
George P. Schaefer, Electrical Maintenance, April 7.
Pearl V. Lindsay, Reproduction, April 7.
- 10 YEARS**
Charlie F. Hall, Mail Room, April 4.

Beaver Brook Golf League Is Proposed

Y-12ers interested in joining and helping to organize a golf league to play at the Beaver Brook Country Club are urged to communicate at once with the Recreation Office, Room 265, Bldg. 9704-2, plant phone 7100.

An organizational meeting for the proposed league has been set for Thursday night, April 16, at the club in northern Knox County on Cunningham Road. The proposed loop would include players from all Carbide plants in Oak Ridge living within reach of the club site.

Report a lost badge as soon as possible.

INSTRUCTION AND PRACTICE IN THE USE OF HIGH POWER RIFLES is being given at the Oak Ridge Sportsmen's Association. Riflemen are taught how to fire rifles at various ranges, safety rules and other phases of the sport. The instructor in this picture, at left, is Ray McHenry, Oak Ridge National Laboratory.

Engineers Return To C League Lead

The Engineers bounced right back into first place in the C League of Y-12 bowlers on March 23 and the Daffodils were right behind them as both teams scored whitewash victories of four points. The victims were the Knot Heads and T Squares, respectively. Murderer's Row scored a similar triumph over the Sunflowers to jump into a tie for third place with the Chillers, which dropped three to B Shift. The up and coming Wacos took three from the Goof Balls and the Dry Hides treated the Alley Cats likewise.

Ed Sise, rolling for the Daffodils, edged into the charmed 600

Ed Sise

circle for a scratch series with 603 and the team swept the board in scoring with a 973 scratch and 1094 handicap game, 2708 scratch and 3071 handicap series. Hagood, Sunflowers, had a neat 244 scratch and 277 handicap game and a 685 handicap series.

League standing follows:

Team	W	L
Engineers	19	5
Daffodils	18	6
Chillers	17	7
Murderer's Row	17	7
B Shift	15	9
Wacos	14	10
Sunflowers	13	11
Goof Balls	11	13
Dry Hides	7	17
T Squares	5	19
Alley Cats	5	19
Knot Heads	3	21

SMALL BUT EFFECTIVE is this two-man Local Emergency Squad in Bldg. 9735. It is composed of just these two men—Director E. J. Spitzer, left, and C. E. Prather.

INSTRUCTING A Y-12 GROUP IN THE HIGH POWER RIFLE school being conducted at the Oak Ridge Sportsmen's Association is Y-12er Carl G. Brewster, right. From left the others are A. J. Blay, Dave Dewalt and J. H. Rowan.

 lahoma, Tenn. . . . The Skidmore family had a family reunion over the Easter holidays at the home of Margaret Parks.

TECHNICAL

Madeline Franklin, SS Control, and her husband, **J. D.**, of Production Inspection, vacationed last week in North Carolina . . . The department said farewell a few days ago to **Evelyn Bell**, who left to await the arrival of the Stork; and also to **Kay Perkins**, who is joining her husband in California.

Nell Cannon and **Elizabeth Patrick**, Production Analysis, are back from Miami with a Florida sun tan—believe it or not . . . **Daisy Ward** visited her folks in Middlesboro, Ky., recently . . . Another recent Kentucky visitor was **Thelma Cole** . . . **Ray Kuhn** spent the Easter holidays with his mother in Pennsylvania . . . **Wanda Anderson** and family Eastered in Saltville, Va. . . **L. A. Stephens** and family were North Carolina visitors last week . . . Get well wishes are sent **Deborah Hubbs**, off sick for some time.

There is news galore from the Chemical Engineering Development section of the Laboratory Division . . . The Proudest Pop in Y-12 at this writing is **Mike Laggis**, who happily announced the birth of an eight-pound, 15-ounce son at Oak Ridge Hospital March 21. "Mama" Laggis is the former Jo Hansard, formerly of the department . . . A stag party at the Town House, Knoxville, March 21 gave **John A. Ward** quite a send-off before he departed for Erwin, Tenn., to be connected with the Davison Chemical Co. . . **Warren Seymour** is having a "fishing" good vacation at Fontana and also is taking advantage of the long week end . . . The welcome mat was rolled out last week for **Gordon Sharpe**, a co-op student from Lake City, who will be working with the department for the next three months—he attends the University of Tennessee . . . Speedy recovery wishes go to **Bill Burns**, who has made two trips to the hospital recently . . . Also to the

Rides Wanted, Offered

Riders wanted from Chapman Highway, South Knoxville, via West Haven and Oak Ridge Highway, to Central Portal, J. Shift. W. G. Neikirk, plant phone 7073, home phone Knoxville 7-2240.

Ride wanted from Pine Hill, Harriman, to Central Portal, J. Shift. E. S. Heath, plant phone 7-8513, home phone Harriman 1179.

Want to join car pool from Fairmont Ave. on Broadway, Knoxville, to North or any portal, C Shift. H. A. Tabe, plant phone 7281, home phone Knoxville 4-3668.

Riders wanted from West Haven or Rambling Acres via U. S. Highway No. 25-W or Oak Ridge Highway to any portal, straight day. L. C. Vann, plant phone 7733, home phone Knoxville 2-1418.

six-year-old son of **Ralph Levey**, who is in Oak Ridge Hospital . . . **Bill Maxey** has the sportiest looking black convertible available.

Take heed, all you folks, particularly at the hint given on the little black book on the edge of the table below—

CHEMICALS PROMOTES KING
 The Union Carbide Chemicals Company has appointed Robert W. King as director of engineering. He joined the Corporation in 1942.
