

Y-12er J. T. Thomas Chairman Of Flag Day Program Set For June 14 Under Auspices Of Elks; Public Participation Strongly Urged

Ceremonies Scheduled For Midtown Ball Park

With a Y-12er as chairman of the program committee, Oak Ridge Elks Lodge No. 1684 will conduct its annual Flag Day ceremony at the Midtown Softball Park at 7:45 o'clock on Saturday night of this week, June 14. The chairman is Joe T. Thomas, of the Mechanical Maintenance Department. The Elks urge every patriotic Y-12er and Oak Ridge resident to attend the program commemorating adoption by the Continental Congress on June 14, 1777, of the Stars and Stripes as

American Legion; Amvets Post No. 2; Co. C, 370th Engineer Battalion; Disabled Veterans Chapter, No. 26; United States Naval Reserve and Veterans of Foreign Wars, Post No. 9495.

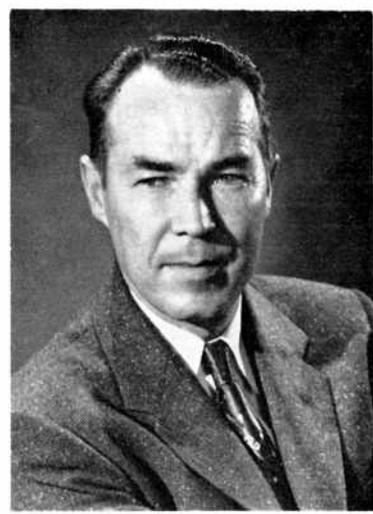

For more than 50 years the Elks have been holding Flag Day ceremonies throughout the nation with approximately 1,800 lodges presenting identical programs.

In addition to Chairman Thomas, members of the program committee include R. R. Tippy, of the Y-12 Finance and Materials Administration Department and past Grand Exalted Ruler of the Oak Ridge Lodge who was program chairman last year; R. R. Ruckert, E. L. Rawlings, S. B. Thomas, C. T. Vettell, William Ganzi, G. A. Jamison and A. H. Patterson.

R. D. Shaffer, Grand Exalted Ruler of the Oak Ridge Elks Lodge, of the Oak Ridge Gaseous Diffusion Plant, has called for wide public participation in the annual "show your colors campaign." He asks that every Oak Ridge family who can do so to properly display the United States flag from dawn to dusk in observance of the 181st anniversary of the adoption of the flag as official for the nation. He also asks that all civic, fraternal and patriotic groups in and around the community to fly Old Glory on its birthday as a tribute to this land of freedom.

Y-12ers wishing to obtain flags for the occasion may purchase them from the Oak Ridge banks. These flags come equipped with staffs ready to display.

The Squires Quartet, of Oak Ridge, will participate in the program to provide songs during the ceremony. Others participating in the program will be George J. McNamee, Supervisor of the Y-12 Cafeteria and also a former Grand Exalted Ruler of the Elks Lodge, Grand Exalted Ruler Shaffer, John Kutcher, Carl Yearwood, W. H. Hildebrand, G. L. Tevis, L. W. Anderson and G. E. Stubbs. The program will be concluded with a large fireworks display.

W.C. Moore Leaves June 15 For Post With UCDC Firm

Development Company Studies New Fields For Union Carbide

W. C. Moore, a Y-12er since November 1, 1954, and Assistant Y-12 Plant Superintendent in charge of the Technical Division since January 1, 1957, will transfer to the Union Carbide Development Company with headquarters in New York City, leaving here on June 15 to assume his new duties. He has been a Carbide employee since 1945, serving with the Oak Ridge Gaseous Diffusion Plant, the South Charleston, W. Va., Plant of Union Carbide Chemicals Company and briefly with Oak Ridge National Laboratory before coming to Y-12 as Chief Development Engineer in 1954.

His assignment as head of the Technical Division will be taken over by George A. Strasser, Assistant Y-12 Plant Superintendent. Union Carbide Development Company was organized early in 1956 as a new Division of Union Carbide Corporation. One of the principal objectives of this Company is the evaluation of new business opportunities for the Corporation. This involves economical and technical studies, particularly in fields in which UCC is not presently engaged.

Officers of Union Carbide Development Company all are UCC men with long association with the Corporation. R. E. Cornwell now is President of UCDC.

To Move Late This Month
The Moores, Mrs. Erma Moore and their son, Larry, an Oak Ridge High School graduate of the 1958 class, will move to New York the latter part of this month. They have two married daughters; one, the former Miss Carol Susan Moore having just been married to Samuel L. Jordan, III, of Cincinnati, this past Sunday, June 8. The other married daughter is Mrs. O. K. Mikell, Jr., of Key West, Fla.

Moore first joined the Carbide organization in 1945, coming from the Ford, Bacon and Davis firm, where he did work on the atomic energy program at ORGDP. He was transferred by Carbide in 1946 to South Charleston, W. Va., where he was assigned to work with the coal hydrogenation program of the Chemicals Company. In March, 1947 he was transferred back to the ORGDP, taking charge of the Design Department, later being in charge of development engineering. He was born in Oklahoma and attended the University of Oklahoma, where he majored in chemical engineering.

In addition to the Y-12 organization change that sends Moore to the Union Carbide Development Company, it has been announced that also effective June 15 J. W. Ebert will return to his former post as Maintenance Division Superintendent and W. E. Heckert will take over the duties of Assistant Maintenance Division Superintendent in charge of General Maintenance.

Since coming to Y-12, Moore has made many friends, not only in his own Division but throughout the plant; all of whom extend their best wishes to him in his new assignment.

Y-12 Safety Record Broken By Mishap

5,389,000 Man-Hours Worked Before Injury

The Y-12 Plant's record string of accident-free days — longest of any plant, laboratory or mine in the Union Carbide Nuclear Company—came to an end at 5:30 p.m., Wednesday afternoon, June 4. The disabling injury consisted of caustic burns suffered by a chemical operator in the Alpha Five Department of the Alloy Division.

Period Covered 169 Days
A total of 5,389,000 hours of plant operations, covering a period of 169 days, had been worked when the lost-time accident occurred. The broken Union Carbide Safety Period was the 22nd established in the Y-12 Plant Area since UCC took over operations here in 1947. It was the third period of more than 3,000,000 hours of accident-free operations recorded by the Y-12 Plant Area.

The accident occurred when the chemical operator and a fellow employee were making connections on a container containing the caustic. A spray of the liquid struck the injured man in the face, burning his face, nose and mouth. He was saved from further injury by the fact that he wore prescribed protective equipment, including hard hat, safety goggles, rubber gloves and rubber overshoes.

Taken To Oak Ridge Hospital
Immediately after suffering the burns, the injured employee was rushed to the Y-12 Dispensary and then to Oak Ridge Hospital. He will be confined in the hospital for a few days.

ANS Will Hear Talk By Dr. J. R. Dunning

'Second Thoughts On Atomic Age' Subject

Dr. John R. Dunning, dean of engineering, professor of physics and scientific director of Columbia University, will address a meeting of the Oak Ridge Section of the American Nuclear Society next Tuesday night, June 17. The meeting will be at 8 p.m. at the Jefferson Junior High School auditorium.

Dr. Dunning's topic will be "Second Thoughts on the Atomic Age." He will be introduced by Dr. W. G. Pollard, director of the Oak Ridge Institute of Nuclear Studies.

Dr. Dunning directed the use of the first cyclotron at Columbia University in 1936. He also was the first scientist in the United States to demonstrate nuclear energy release from uranium fission in 1939. He initiated and directed a substantial amount of the development work on the separation of Uranium 235 by the gaseous diffusion method. He has served as director of ORINS since 1950 and is well known to many Oak Ridgers.

PEDESTRIAN DEATHS DOWN

Pedestrian fatalities reached 7,500 and injuries reached 22,000 in 1957 traffic accidents. Both these figures were slightly below the 1956 totals. More than 34 per cent of the pedestrian deaths resulted from crossing in the middle of the block, a total of 2,600 persons.

Let's Give A Great Big Hand To Father On Observance Of HIS Day Next Sunday

Hey—you Pops—and Grandpops. It's going to be YOUR DAY come Sunday, June 15.

That's Father's Day — and maybe, perhaps, the Old Man will be paid the tribute that's owing to him.

How about letting him have the car for the day—to drive to the golf course or to a favorite fishing hole. Let him sleep late — and some considerate member of the family MIGHT prepare a succulent breakfast AND even serve it to him in bed.

The observance of Father's Day on the third Sunday in June has become widespread throughout the nation in the last decade. In addition to paying tribute to Dear Old Dads who are still among the living—it has become a custom to wear a red rose in honor of the living and a white rose for those deceased.

There once was a suggestion made that "an appropriate flower" for Father's Day would be a

Miss Barbara Ballenger

BALLENGER—HAWKINS

A mid-summer wedding is planned by Miss Barbara Ballenger and Airman Jarvis Logan Hawkins, whose engagement was recently announced by her parents, Frank Ballenger, of the Y-12 Special Projects Department; and Mrs. Ballenger, 107 Prairie Lane, Oak Ridge.

The groom-elect is the son of Mr. and Mrs. C. Wray Hawkins, of Harriman. He is now stationed at the Lackland Air Force Base, San Antonio, Tex. He graduated from Oak Ridge High School in 1956 and attended the University of Tennessee and Lincoln Memorial University for one year each.

Miss Ballenger graduated from Oak Ridge High School in the class of 1958. She was a member of the Masquers Club, Modern Dance Club, the Chemiteers, the Choral Ensemble and the Biology Club. She also was vocalist for the Rhythmaires, the singing group of the high school band.

Michael Shemanski, Jr., Production Control, June 16.
Robert A. Moseley, Process Maintenance, June 16.

A communication addressed and signed "From one shaggy dog to another" arrived at the Colyum's sanctum last week, submitting a companion piece to that befuddled bartender about whose troubles with the deaf mute language were propounded in this space recently. Says the other "shaggy dog":

"I think it was the same bartender who, day after day, became so upset about a customer who came in with a carrot behind each ear. He managed to adhere to his strict rule of minding his own business until the day the customer came in with a stalk of celery decorating each ear. 'My friend,' questioned the bartender, 'how come the celery instead of carrots?' The customer replied, 'Because the grocery didn't have any carrots.'"

So — scallions to that — and on with the chit and chat—

MAINTENANCE

Pal Desma Blair is back at her pew in Mechanical Maintenance and reports that Elmore Koons is back from that bowling safari in Syracuse, N. Y., and stopped over for a visit, with his wife, Mavis, Mechanical Operations Division, with kin folks in Philadelphia, Pa. . . . Going "fur pieces" on vacation are H. Pomfret and family in New York with the B. L. Mowells and the J. C. Wilks in California. . . . Then there's F. H. Morrow in Maryland and R. A. Mackey visiting his wife's folks in Florida. . . . T. L. Bogg went to Texas to bring his daughter home from school out there. . . . K. C. Fritts is sticking around Harriman beautifying his home. . . . C. H. Red Cross Plans 'Teach Johnny To Swim' Class

Y-12 parents and others in Oak Ridge who would like to give their children under seven years old a head start in learning to swim will have the opportunity under a new course to be offered by the Oak Ridge Chapter of the Red Cross. Seven is the minimum age for youngsters to enroll in regular Red Cross swimming classes, but the new course, based on the booklet "Teaching Johnny To Swim," is aimed at instructing parents to teach their children how to swim.

Since teaching of swimming by unqualified instructors, although they may be competent swimmers themselves, may instill habits in children that later must be broken, the new course is expected to be of great help to parents and children alike. Even as simple an act as breathing under water while standing on the bottom of a pool can stand a youngster in good stead when he is old enough to take regular swimming lessons.

Y-12 parents who want to enroll in the course must be able to swim themselves, although they do not need to be experts. The class will be held from 5:30 p.m. to 6:30 p.m., running from Monday, June 16, through June 27. Applicants for the course are urged to communicate with the Red Cross chapter, Oak Ridge phone 5-5641.

A VETERAN TEAM OF Y-12 GOLFERS in the Oak Ridge League for Y-12 players is John Boyd, left, and George Oliphant. They have given a good account of themselves in all contests and won five points last week.

McLendon-Mee Get Lead In Oak Ridge League For Y-12ers

The team of Jack McLendon and Bill Mee whacked their way to the top of the Oak Ridge Golf League for Y-12ers last Wednesday by hanging a six-point whitewash win on the Davis-Arrowood duo. Don Stroud and Arnold Tiller climbed into a second place tie by pasting the previous leaders, Bob Orrison-Jack Thompson, by a similar margin. Other matches found six-point triumphs recorded by True-Kennedy over Hopkins-Belvin, Kahley-Evans over Whitehorn-Brown, Emler-Hines over Pletz-Roberts and Ratjen-Snyder over Dehoney-Buckminster. Boyd-Oliphant bounced Taylor-Lockhart for five and Mitchel-Tibbatts mauled Anderson-Nichols by the same score. Speas-Cabe held on to a tie for second place by trimming Underwood-Shatley for four points. Splitting even at three points each were Gambill-Hamby and Oxford-Collins, Holzknicht-Peckman and Youngblood-Gilcrease and Bartholomew-Smith and Wallace-Patterson.

Newt Hamby had a 38 for low scratch score and Nelson Tibbatts and J. M. Patterson tied at 35 each for low handicap.

Second Fish Rodeo To Open June 14

First Contest Brings 66 Entries; Fine Fish

With one of the most successful Y-12 Fishing Rodeos ever held just concluded, the Recreation Department has announced opening of the second rodeo of the season at 12:01 a.m. on Saturday of this week, June 14, to continue until midnight Labor Day, Monday, September 1. The 11-week rodeo is expected to draw even more than the 66 entries filed for the rodeo just closed on June 1.

Entry blanks may be obtained from members of any shift recreation committee, the Recreation Office, Room 226, Bldg. 9704-2, and also will be mailed to all contestants in the recently concluded rodeo.

Rules Remain Same

Rules for the new rodeo will be the same as for past similar events. Eligible species of fish for prizes will be largemouth, smallmouth and striped bass, walleye and sauger pike, crappie, trout, bream or bluegill. Fish must be taken on rod or cane pole and line in Tennessee waters. No contestant will be eligible for more than one prize. However, any contestant may enter fish of as many species as desired. Weight will determine winners and in case of any ties, the length and girth of a fish, in that order, will decide the contest. Catches must be verified by dock operators or other disinterested parties and all entries must be in hands of the Recreation Department or the Y-12 Fishing Rodeo committee not later than noon, Wednesday, September 3.

Hefty Fish Landed

In the rodeo just concluded, some hefty specimens of the finny tribe were landed to bring fine awards to the first and second place winners. First prizes were Mitchell spinning reels and second prizes were swivel boat seats.

Winners in the various classifications follow:

- LARGEMOUTH BASS**
H. H. Sanning, Stores, seven and one-half pounds. W. M. Stephan, Mechanical Maintenance, seven pounds, three ounces.
- SMALLMOUTH BASS**
H. Stephens, Jr., Mechanical Maintenance, five pounds, 12 ounces. Robert B. Smith, Receiving, four pounds, six ounces.
- STRIPED BASS**
S. R. Anderson, Sunflower Foundry, three pounds, 11 1/2 ounces. E. L. Evans, Engineering Records, three pounds, four ounces.
- WALLEYE PIKE**
Emmett L. Moore, Fire Department, four pounds, two and one-quarter ounces. G. R. Goins, Alpha Four, three pounds, 12 ounces.
- SAUGER PIKE**

Y-12ers Finish High In ABC Pin Party

That delegation of three Y-12, one Oak Ridge and one Clinton bowler that competed in the American Bowling Congress tournament at Syracuse recently finished in the prize money and also made an excellent showing in the big field. The team of Len Hart, Y-12, All-Carbide and city bowling champion; Elmore Koons and Jay Holzknicht, also both of Y-12; plus John McGee, Oak Ridge; and Bill Fox, Clinton; posted a 2766 scratch score in team competition. Hart led the contingent with a fine 621 scratch series.

There were 5,890 teams competing in the gigantic tournament and the local group were in the first 400 quintets in the pin party scoring.

Gatlinburg Meet Starts At 7:30 A.M.

Schedule Observance Urged Of All Players

The attention of all Y-12 golfers intending to enter the third Y-12 Golf Tournament of the season, scheduled for Saturday, June 28, at the Gatlinburg Golf and County Club course, is called to the fact that tee off time for the event starts promptly at 7:30 a.m. To expedite play, all players must be underway not later than 9:30 a.m.

Schedules Arranged Before Play

Y-12 golfers also are reminded that all foursomes must communicate with the Y-12 Recreation Department, Room 226, Bldg. 9704-2, as long before the tournament as possible, to arrange for starting times. Each group will be assigned a definite starting time and players are urged to be ready at the first tee 10 minutes before the scheduled time to start. Any foursome late in arriving will be placed at the end of the starting list and the next scheduled starters allowed to begin play. Foursomes will be started every eight minutes, beginning at 7:30 a.m.

Golfers using electric carts on the Gatlinburg course are urged to observe all rules concerning the vehicles. Carts should not be taken on to tees or greens. Only two bags will be allowed on any one cart. Another rule of the course to remember is that out-of-bounds boundaries are marked by white stakes. The only exception is the fence on No. 12 hole on the back nine. White painted trees on the back nine is not out of bounds.

Prizes Of Balls Offered

Entrants in this tournament will be divided into four divisions, as in past similar events. Divisional placement will be by handicaps assigned on the morning of the tournament by the official scorer and after all contestants have teed off one-fourth of the players will be placed in each division. The usual golf ball prizes will be awarded the four low scratch and handicap scorers in each division and for the most and second most number of pars scored for 18 holes.

Cubs Conquer Reactors 8-4

Slow Pokes Capture First League Victory

That winning streak of the Reactors in the Y-12 Plant Softball League came to an abrupt halt last week with the cantankerous Cubs conking the league-leaders by the score of 8 to 4 for the highlight happening of the season to date. In other games the Slow Pokes broke into the win column with a 6 to 5 victory over the Whiz Kids, the Reactors rallied from their lone loss to trim C Shift 13 to 2 and the Cubs reversed their field to drop a 22 to 9 decision to the Engineers. All in all, it was a topsy-turvy week of action, typical of the league of close competition all the way.

Hill's Hurling Effective

In that Cub-Reactor tilt, the Reactors had a 4 to 3 edge at the end of the first round and it looked as if they were going to post another triumph on the books. However, Manager J. C. Kendrick's Cubs kept pecking away at the mound offerings of Reactor Manager Harley Law and Chandler for a run each inning for the rest of the game. The winning hurler was Hill, who held the dangerous Reactors to seven bingles and scoreless after the first inning.

Hitting stars for the Cubs were Catcher Myers with a homer and single out of four tries, Hickey with a pair of triples and Daws with two bingles. The usually reliable Reactors were jittery in the field, making six bobbles to aid the opposition.

Mound Duel Staged

The Slow Pokes and Whiz Kids staged a real close one in a mound duel between Spradlin for the victors and J. Collins. Each allowed but five base hits and each whiffed 10 batsmen but Collins had the unfortunate mark of issuing nine base on balls to but six of his opponent. Cox homered for the Pokes and Manager Harley Orange banded two for four at the plate.

Chandler allowed the C Shifters only three bingles and fanned 10 in the Reactors' win to break even for the week. Cavosie homered for the winners, Jiggs Seivers swatted safely twice in two attempts and Roe had three for four. The Reactors played errorless ball in this one.

Evans Twirls, Thumps Well

The Engineers' Evans also flung a three-hitter to beat the Cubs as his mates pounded out 16 blows. The winning pitcher also starred at the platter with four for four, including two homers. Robinson also got two circuit clouts for the victors in a perfect night with three safeties. Hopkins also had a perfect night with three bingles, one a home run.

THIS UNUSUAL DOG is a rare Keeshond, owned by Harry S. Corey, Development Operations, and is shown with ribbons and prizes won by her at a recent Tennessee Valley Kennel Show in Knoxville. See story below.

Y-12er Proud Owner Of Rare Keeshond; Wins Several Prizes

A Y-12 dog fancier is the proud owner of a fine specimen of a rare—for this part of the country, at least—breed of canine that is well on her way to championship honors in her class. The owner is Harry S. Corey, Development Operations and the dog is Ruttkay Free and Easy and the breed is the Keeshond.

The Keeshond is a breed well-known in Holland, where the dog is trained both for guard duty and as a companion dog. Corey says the breed is rapidly becoming popular in this country in the non-sporting class.

In a recent Knoxville show, the Corey canine won several prizes at the competition sponsored by the Tennessee Valley Kennel Club. The prizes are shown in the picture above and include a silver serving dish for best of breed, a silver pitcher for the best local dog in the non-sporting group and five pounds of dog food for fourth place in the regular non sporting group.

Ruttkay Free and Easy now has six of 15 points required for her championship.

The Corey entry was handled in the Knoxville show by Mrs. Peggy Corey. The Coreys have three of the Keeshond dogs, two being puppies of Free and Easy. They hope to raise and show the dogs as a hobby.

D Shift To Stage First Picnic At Big Ridge Park

The first Y-12 shift picnic of the season will be staged by employees on the D Shift tomorrow, Thursday, June 12, at the popular Big Ridge State Park. Festivities will begin at 10 a.m. Many recreational facilities are offered the merrymakers, including fishing, boating, horseback riding, softball, horseshoe pitching and other games.

Each D Shift family is asked to bring its own picnic dinner. The food will be spread family style for all to enjoy. A small contribution to the D Shift Recreation Committee will be asked to defray the cost of soft drinks for all.

Henck - Clabough Lead In Lenoir

The lead in the Lenoir City Golf League for Y-12ers changed again in the last reports from that circuit with the Henck-Clabough team regaining the top spot by beating the Gilliam brothers for two and one-half points while the former leaders, Kinkaid-Hicks, were being trimmed by the same margin at the hands of Collins and Watson. In other tilts, Thompson-Rogers collected three points by forfeit from the defunct Raper-Redding duo, L. R. Loveless-Webster took two from Spradlin-Knott and an even break was posted by Stinnett-Ware and W. E. Loveless-Houston.

Knott had a 40 for low scratch score of the session and Watson's 31 was low handicap.

League standing follows:

Team	W	L
Henck-Clabough	13 1/2	4 1/2
Kinkaid-Hicks	12	6
J. Gilliam-M. F. Gilliam	11 1/2	6 1/2

SEVERAL Y-12 YOUNGSTERS AND THEIR PARENTS took part in a coronation service by the Girls Auxiliary of the Glenwood Baptist Church of Oak Ridge. In the front row above, from left, are Lynn Wylie and Mrs. Wylie, daughter and wife of George W. Wylie, of the Building Services Department; Wanda Blevins, Mrs. Blevins and Carol Blevins, daughters and wife of Archie Blevins, Sunflower Shop; Mrs. Loveless and Carla Loveless, wife and daughter of William Loveless, Product Processing. In the rear are Ray P. Mann, supervisor of the Steam Plant, Linda Mann and Mrs. Mann; Linda Lawler, queen of the Auxiliary, her father Russell Lawler, Alpha Four, another daughter, Judy, and Mrs. Lawler; Mary Nell Rice, daughter of Milton L. Rice, Alpha Four; Mrs. Warren, Auxiliary counselor and wife of Earl Warren, Fire Department; Judy Marlar, Mrs. Marlar, daughter and wife of C. L. Marlar, Product Processing; Mrs. Bowen, Susan Bowen and Clyde Bowen, Steam Plant Shift Supervisor. Standing next to the queen is Carolyn Brock, crown bearer.

Y-12er's Daughter Is Crowned Queen Of Church Group

An interesting and impressive coronation service in which a number of daughters of Y-12ers and their parents took part was held recently at the Glenwood Baptist Church of Oak Ridge by the Girls Auxiliary of the church. Linda Lawler, daughter of Russell Lawler, was crowned queen of the group at the service.

Mrs. M. K. Cobble, past president of the Women's Missionary Union of Tennessee, presided over the service. In the ceremony eight girls were initiated into the Auxiliary as maidens, 10 were advanced from maidens to ladies in waiting and seven progressed from ladies in waiting to princesses.

Several wives of Union Carbide Nuclear Company employees are among the counselors of the Auxiliary.

Race Is Tightened In Knoxville Loop

The Perry-Leach team gained a rung in the standings of the Whittle Springs League for Y-12 golfers in Knoxville by handing a three-point whitewash licking to the Galle-Bailey twosome while the loop-leading Huskisson-Wilburn outfit could take only two from Trebilcox-Butler. Hackett-Pretzky stayed in contention by blanking the Schappel brothers for three points and Burrus-Sawyer were close behind with a similar victory over Troutman-Cook. Another three-point triumph was posted by Kovach-Breman over Bishop-Erwin and Emery-Brockmeier picked up three from the defunct Hudson-Yelton team. Hilton-Peterson took two points from Rice-Norris in the other engagement.

George Everitt substituted for Larry Kovach and had low individual scratch and handicap scores of 36-26, giving the Kovach-Breman pair the low handicap team score of 63. Perry-Leach had the low scratch team score of 79.

League standing follows:

Team	W	L
Huskisson-Wilburn	17	4
Perry-Leach	15 1/2	5 1/2
Hackett-Pretzky	15	6
Burrus-Sawyer	14 1/2	6 1/2
Galle-Bailey	12	9
Emery-Brockmeier	11	10
Rice-Norris	11	10
Kovach-Breman	10 1/2	10 1/2
Trebilcox-Butler	9 1/2	11 1/2
Troutman-Cook	9 1/2	11 1/2
Hilton-Peterson	8 1/2	12 1/2
Bishop-Erwin	7 1/2	13 1/2
Schappell-Schappell	4	17
Hudson-Yelton	1 1/2	19 1/2

CROWNED QUEEN of the Girls Auxiliary of the Oak Ridge Glenwood Baptist Church recently was Linda Lawler, above, wearing her crown. She is the daughter of Russell Lawler, of Alpha Four. The little crown bearer is Carolyn Brock.

Get well wishes are extended the following Y-12 employees who were patients last week at Oak Ridge Hospital:

L. T. Hardin and James W. Simmons, Colex Auxiliary Operations; W. E. Raby, Product Processing; H. L. Hunter, Beta Four Heavy Machine Shop; E. L. Stooksbury, Mechanical Maintenance; B. Kupperstock, Instrument Engineering; Ella Sue Tate, Finance and Materials Administration; G. A. Winslett, Sunflower Shop; James E. Barton, General Machine Shop; Edna B. Stooksbury and N. L. Derryberry, Electrical Maintenance; James E. Thompson, Alpha Five.

NO SNAPSHOTS ENTERED IN PHOTO CONTEST

For the first time since the popular Y-12 Weekly Photographic Contest started two years ago, there were no entries for the week ending June 6. It is hoped that some more fine photographs will be received by the Recreation Department this week to compete for the points that at the end of the year will bring valuable awards of photographic material or equipment.
