Hey, I'm happy to answer your questions about this page of text. Please provide your questions so I can assist you further.
How true—how true! No wonder the business is at it again—this time with remodeling the living room of her home—anybody need a good carpenter?

INDUSTRIAL RELATIONS

Lizzie Campbell is back on the job as a grade five teacher for the boys in Blue and Gray of the Fire and Guard Departments after her ailments and physical conditions have been fully remedied—and she is feeling one and all about her birthday, but not saying anything of the number of same... After a long spell of hospitalization, Mrs. Campbell and G. H. Harvey are back in the Guard Nurses’ Quarters T. O. and A. J. Jeffers, CC, refuses to return to that old aqueduct over the Central Peninsula—so one and all are looking forward to seeing what they bring back.}

FINANCE AND MATERIALS

The Property Department sends word that Miss Edith LC, former mother of Ellen Hughes, who underwent surgery recently... John D. Snow, MD, and two children have gone to Scotland for a visit with relatives.

SHIFT SUPERINTENDENTS AND UTILITIES

J. F. Brown, M.D., is visiting relatives in North Carolina... Superintendent and all other personnel with no announced plans are R. F. Farmer and L. R. Kilgore. Utilities have been ordinated on vacations without leaving their West Tennessee homes. Include J. D. Snow, E. F. Sonby, J. C. Thompson and E. F. Rutherford.

CHEMICAL

Mr. and Mrs. John Rodgers (she’s Barbara Rodgers, formerly Miss Virginia) announce the birth of a daughter, born September 26. The little girl is the first child of the couple.

Product Processing offers condolences to Mildred Mangerini, whose father died recently... Corrine (G. r a n y) McDonell is spending a delightful vacation in Norma, Okla., visiting her grand- mother, Mrs. J. C. McDonald, and her step- father, Mr. J. C. McDonald, and has returned to Chattanooga, where she is employed by Union Carbide & Carbon. ‘“Lin” Harris and bubbly C. E. Zane” are vacationing in Memphis.

ALLOY

Alpha Five has shown up with the brightly painted Pop’s Club—beau E. W. Stooks- bury, who welcomed a new son into the family on November 3 at Baptist Hospital in Knoxville.

MECHANICAL OPERATIONS

Z Area welcomes J. F. Trent and another one at the new Trent area. With the recent Illinesses — R. K. Bristow.

Tim Wait is back in business as the Citizen’s subscriber in the Sunflower Shop and reports rumours are circulating in his bailiwicks about the resignation of Tim due to his recent vacation. One rumour is that Tim is getting acquainted with his new data recorder. Tim has been away from the office since October 18 at St. Mary’s Hospital, Knoxville—and another is that he spent the time smoking too many cigars—seems that Tim has some other plans. One way or another, he has never once when he passed the box to A. J. Jeffers, CC, that when Tim was back for a visit in November, he had been held in the hospital. The reason is that Tim recently underwent surgery on his leg... November 4 – J. A. Lewis spent the day with his grandpa... H. Y. Rollen’s vaca- tion is over and he is in full swing at his work, even smoking too many cigars... seems that Tim has some other plans. One way or another, he has never one time when he passed the box to A. J. Jeffers, CC, that when Tim was back for a visit in November, he had been held in the hospital. The reason is that Tim recently underwent surgery on his leg. The report is that Tim will be back to work on December 1. The doctor was a recent visitor in Nash- ville... C. E. Davis helped hold the box for Tim, while C. E. Davis, D. B. Sharp, D. B. Sharp, and J. L. Scott were at the hospital to see Tim. The report is that Tim will be back to work on December 1.

Red Cross Program Extensive

The American Red Cross offers an extensive program for both adults and children. The program includes such worthy work as home service for helping members of the armed forces, veterans and their families, blood donor program, first aid, home nutrition, safety, Junior Red Cross, and other ac- tivities. Other important agencies served by contributions to the
Nip-Tucks Victory Threatens'Clippers' Lead In Mixed Loop

"Fiz" Tucker Sweeps Women's Scoring; Leaders Whitewashed

For the first time in several weeks the Clippers found themselves really facing a crisis in the Mixed Loop. The women’s season was over, and the men’s season was beginning. The loss of the first position by the first-place loop leaders was announced last week with a four-point whitewash inflicted by the All City Cats. Meanwhile, the surging Nip and Tucks, paced by Evelyn "Fiz" Tucker’s monopoly of the loop, took three and one-half points from the top team to climb to within one-half point of the top spot.

"Fiz" Tucker rolled a 223 scratch game, boosted to 272 with handicap, a 284 game for the series. For the men’s legators Tommy Hill, Scrappers, had 221 and 232 for a total of 453 to cap the handicap series. Joe Dunlap, Pin Platers, rolled a 224 scratch game and 1844 scratch series, the Phantoms a 794 handicap game and the Gamecocks 227 handicap series to lead the list.

In other matches last week the Phantoms took three from the Aces and the Rippers repeated the Aliens in a match at New York.

Y-12 Bush League Race Is Tightened

The race in the Bush League of Y-12 legators was considerably tightened last week with the bowling circuit of the city. Despite the length tossed at the funward the loss of the loop-leading Biol. 8212 outfitted his league last week. Contenders among the other contenders included the Hal Bloods for three and the Lucky Five founded the Nine Pins by the same margin. The Inspectors and Bees failed to roll.

In a "one of these things" situation, the Nine Pins found themselves on the inside of the match with the Lucky Five, although a member of the losing team, "Date," did not report to the harbor. The league leaders have a keen interest in the outcome of this match.

An announcement by the State Game and Fish Commission that 2,000 kokanee salmon have been stocked in Watauga Lake may be the key to the production of outsized rainbow trout in this unique fishing lake, according to Price Wilkins, principal trout biologist for the Commission.

The kokanee salmon, or sockeye as it is often called, was first planted in Watauga in December, 1957, when 554 fish, five to six inches in length, were stocked. This month’s batch, 2,000 two to three-inch fish should help serve as an additional food supply for the big rainbow now in the lake.

Since the establishment of Watauga Lake as a trout fishery, Wilkins pointed out that rainbow, and coho salmon, have been stocked in the lake. The number of salmon varies each year, but the numbers are usually between 100 and 200.

-4-12er Wins "Log Race" And Trophy In Knoxville Boat Club Competition

Harold Hill, Has Only 1.53 Per Cent Variance In Timing For Contest On Ft. Loudoun Lake

Hawthorne Taylor, of the Y-12 Beta year-round boating enthusiasts, captured top honors in a recent "log race" sponsored by the Knoxville Boat Club of Ft. Loudoun Lake. The presentation was made by Claude Fox, left, executive director of the National Outboard Association, and chairman of the Y-12 Lake Y-12 Bulletin

Rippers Ramble Classic Lead On Koos' Scores

Sportsmen And Wolves Both Fall To Foos In Tight Loop Race

The veteran Rippers boating team continued their lead in the Y-12 Classic League for many years, scoring a fourth place for third place in the last contest in the circuit last Thursday night at White’s Creek. The Smellers for second place. The Rippers were on their 25th place for the tournament.

Elmore Koos' Scores For Winter Sports; Meetings Scheduled To Attend Sessions

According to advance indications, fast and interesting leagues in both volleyball and basketball will be in store for the members during the coming season. Several indoor groups and departmental on both sports have been received by the Recreation Department, following announcement of organizational meetings for this winter season.

In volleyball the teams representing the company are scheduled to meet at 7:45 p.m. this Wednesday, December 15, in the Rec Room Department. Room 724, 7004-2, plant phone 7575. If interested, please make arrangements with the Recreation Department for participation in the league.

The volleyball team representatives have been selected and play at 1:30 o'clock this afternoon, Wednesday, November 12, in the Rec Room Department, Room 724, 7004-2. The basketmilk meet at the same time and place next Wednesday, November 19. Delegates from all groups wanting to enter teams in either sport are urged to attend the meetings.

Both sports proved popular last winter season with brisk competition being waged throughout the season. With quite a number of newcomers in the plant this year, more interest is expected.

In basketball the championship group will probably be divided into a four or five team league. Each team will play each other in a round robin format in a fast finish for the five-club circuit. It is hoped to have a six or eight team league.

In the non-contact sport of volleyball, with action, however, frequently fast, the title in the four-team league was won by the Hawks. It is expected that at least two more teams will be added to complete a circuit of eight or six teams this year.

Marksmen Take Pistol Loop Lead

The Marksmen took over undisputed possession of first place in the Y-12 Pistol League last week by taking both scratch and handicap victories from the Sharpshooters to topple the leopards out of the lead. The Marksmen had a 470 to 451 scratch margin and an edge of 711-644 in handicap scoring. The experts got a double whammy win for The Shooters, with the winners posting a 452 scratch and 574 handicap score in firing for record.

T. J. Bush fired a 247 scratch high game at the end of the season and was followed by Paul Williams with a 245. In handicaps, Joe Brewster was tops with 279.090 and Tommy Swindle second with 259.127.

-4-12er Wins "Log Race" And Trophy In Knoxville Boat Club Competition

Harold T. Hill, of the Y-12 Beta year-round boating enthusiasts, captured top honors in a recent "log race" sponsored by the Knoxville Boat Club of Ft. Loudoun Lake. The presentation was made by Claude Fox, left, executive director of the National Outboard Association, and chairman of the Y-12 Lake.

The tournament was held on the lake three years ago by Claude Fox, executive director of the National Outboard Association, of Knoxville. The presentation was made at a BCC banquet at Lake Gardens on Chapman Highway.

Two Runs Are Made

The "log race" was a new one to Mr. Fox. This observed his birthplace—logging—of time required for a power boat to cover a proscribed course, marked into sections—or points—of varying distance. Two separate runs are made over the course by the contestants.

The first run is made by the pilot with an "observer" of the pilot’s choice. This observer clocks, logs and advises the pilot of the time required for the boat to travel from point to point around the course.

Try To Beat The Time

The second trip is made with another observer—drawn by straws—who records the required time. The observers keep the time, but do not inform the pilot of the data. Meanwhile, the pilot tries without benefit of the information from the timer to duplicate as near as possible the times posted on the first lap.

The course this year from the Knoxville Boat Club dock to the Loudoun boat dock and return, covered approximately 50 miles and had nine division points. Only 51 Seconds Off!

Hill piloted a 14-foot aluminum, power, with a 40 horse-power motor. In his two trips around the course he raced across the finish line with a deviation of only 91 seconds, or 1.52 per cent in timing for the two voyages.

Boats in the "log race" competition must meet all water safety regulations and follow "rules of the road" for waterways. As a result, the "log race" furthers water safety and also calls for excellence of boatmanship and skill by the helmests.

The teacher asked the class how Noah spent his time on the ark. Seeming no response from the little darlings, she added, "Do you suppose he spent his time reading the Bible?" "What?" jilted Little Freddie, "only with two worms?"

New UCC Building First In New York To Have Movable Interior Walls Throughout Structure

20 Miles Of Partitions Of Steel, Glass Needed

The contract for partitions in the 32-story Union Carbide building in New York City has been awarded to the E. F. Hauserman Co., of Cleveland, Ohio. The contract is believed to be the largest in the history of the partition industry.

The stainless steel and glass building will be the first in New York City to be erected using movable interior walls exclusively. With only 30 miles of wall, will be required.

Architects Skidmore, Owings and Merrill designed the interior of the building in five-foot modules, which will be in multiples of five feet. The materials will consist of the overall physical and aesthetic finishes. At the same time, they will be designed so that they can be taken down and reassembled in a minimum amount of time.

Partitions will be constructed from steel and glass, with stainless steel trim. Various design schemes will be used throughout the building. Panel surfaces will be of colored glass, plastic laminates, painted metal, depending on the location. Partitions, two inches thick, composed of panels details, have a solid lower section, a section of clear plate glass, and a section of plate glass reinforced with strips which are connected by clips that engage the reinforced edge of the panel. The building itself will contain approximately 1,100,000 square feet of floor space, and will consist of an ultra-modern single-block tower facing Park Ave, and a 52-story section fronting on Madison Avenue. Union Carbide will occupy the entire Madison Avenue section, and most of the lower floors. Tower A is being developed for rental.

Owings and Merrill, the original architects of the building, are now engaged in the design of the concrete structure for the Madison Avenue section. The building is expected to be completed early in 1959.

Murderer’s Row Meanders To Top

Murderer's Row meandered to the top of the standings in the C League, with the circuit's last activity by blanketing the Top Four for points and the Four for the Top Four. Five points were handed to four on a forfeit while the chillers chuffed the glorious and the folks at the Alley Cats also gained four points on a forfeit while the chillers chuffed the Waco and the night. The Chillers and the Cats gained 100 handicap games and zeroes for points at the top of the night. League standing follows:

Team | W | L | T
--- | --- | --- | ---
Waco | 29 | 23 | 0
Chillers | 29 | 24 | 0
Alley Cats | 15 | 17 | 0
Green Delight | 16 | 15 | 0

MORE THAN 20 MILES OF movable interior walls partitions will be installed in this new Union Carbide Corporation 32-story building now under construction in New York City.

Y-12’s With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days. There are no Y-12ers with 15-year work an- niversaries this week.

THREE TEENAGERS ON TURKEY SHOOTS

Three pre-Thanksgiving Turkey Shoots have been scheduled by the Oak Ridge Sportsman’s Association on a 60-foot range at the association grounds west of the city limits of Oak Ridge. The shots are open to the public and have been set for Thursday, November 13, Thursday, November 20 and Tuesday, November 25. The Shooting will begin promptly at 7 p.m., rain, snow or cold. The cost will be $1 per shot.

TASTY DISHES OFFERED ON SPECIAL LUNCHEONS

Tasty dishes for nippy fall weather are being offered on the 50-cent Special Luncheons to be served at the Y-12 Cafeteria tomorrow, Thursday, November 13, and next Tuesday, November 18. The entries for tomorrow will be baked beans with diced frankfurters. On next Tuesday stuffed bell pepper with cheese topping will be served. Each Special Luncheon includes one vegetable, choice of salad or desert and rolls and butter.
