## **2. ORDER OF PRECEDENCE [JAN 2026]**

Any inconsistencies must be resolved in accordance with the following descending order of precedence in Agreement documents:

- (a) The Schedule (excluding Sections C and G);
- (b) Schedule Section G:
  - (1) Negotiated Alterations or Special Provisions;
  - (2) General Terms and Conditions;
  - (3) Clauses Incorporated by Reference;
  - (4) Supplemental Conditions;
- (c) Specifications or Statement of Work, or other description of services or supplies (Section C); and
- (d) Drawings.

## **3. ACCEPTANCE OF TERMS AND CONDITIONS [JAN 2026]**

- (a) Seller, by signing this Agreement, delivering the supplies, or performing the requirements indicated herein, agrees to comply with all the terms and conditions and all specifications and other documents that this Agreement incorporates by reference or attachment.
- (b) This Agreement sets forth the *entire* Agreement between Company and Seller concerning the subject matter of this Agreement. To avoid any doubt, this Agreement supersedes all prior and contemporaneous negotiations, understandings, and Agreements, whether oral or written, relating to the subject matter hereof, and it supersedes and takes precedence over any conflicting or supplemental terms and conditions included in any Seller proposal, quote, acknowledgment, or invoice, all of which are hereby objected to and expressly rejected.

- (c) Failure of Company to enforce any of the provisions of this Agreement may not be construed as: (1) evidence to interpret the requirements of this Agreement; (2) a waiver of any requirement; or (3) a waiver of the right of Company to enforce each and every provision. In accordance with Tennessee Code, Section 47-50-112(c), no waiver of any provision or part thereof of this Agreement will be valid unless such waiver is in a writing signed by the Procurement Representative. - (b) Administration. Administration of this Agreement may be transferred, in whole or in part, to DOE or its designee(s), and to the extent of such transfer and upon notice thereof to Seller, Company will have no further responsibilities hereunder.
- (c) Company Right to Recovery. If Company seeks recovery from Seller, Seller agrees it will not plead, assert or raise in any manner a defense that Company has no right to recover: (1) because Company itself, rather than DOE/NNSA, has suffered no damages on account of the cost-reimbursable nature of Company's Prime Contract with DOE; or (2) because DOE has accepted the project or task performed under this Agreement.

#### **5. INDEPENDENT CONTRACTOR [JAN 2026]**

- (a) Seller will act in performance of this Agreement as an independent contractor and not as an agent for Company or the Government in performing this Agreement, maintaining complete control over its employees and all lower-tier subcontractors. Nothing contained in this Agreement or any lower-tier subcontract will create any contractual relationship between any such lower-tier subcontractor and the Government or Company. Seller is solely responsible for the actions of itself and its lower-tier subcontractors, agents or employees.
- (b) Company may recover from Seller costs incurred by Company that result from actions or omissions of Seller or its subcontractors and that are determined by the Government to be unallowable.

#### **6. DEFENSE PRIORITY AND ALLOCATION REQUIREMENTS [JAN 2026]**

- (a) DPAS-Rated Order. If this Agreement is a rated order certified for national defense use, then Seller shall follow all the provisions of the Defense Priorities and Allocations System (DPAS) regulations (15 CFR 700, *et seq.*). In the event that any provision of the DPAS regulations conflicts with any provision of this Article, the DPAS regulations will control.
- (b) Placing DPAS Ratings on Subcontracts.
  - (1) Subcontracts that May be Assigned DPAS Ratings. When placing subcontracts that directly support a DPAS-rated portion of this Agreement, the Seller may, if necessary, place DPAS-rated subcontract orders for:
    - (i) Items (as defined in 15 CFR § 700.8) which will be physically incorporated into other items to fill a rated portion of this Agreement, including that portion of such items normally consumed, or converted into scrap or by-products, in the course of processing;
    - (ii) Containers or other packaging materials required to make delivery of the finished items required under a rated portion of this Agreement;
    - (iii) Services, other than contracts of employment, needed to fill a rated portion of this Agreement; or
    - (iv) Maintenance and repair or operating supplies (as defined in 15 CFR § 700.8) needed to produce the finished items to fill rated orders.
  - (2) Subcontracts that Must Not be Assigned DPAS Ratings. Notwithstanding (b)(1) above, subcontracts will not be assigned DPAS ratings to obtain:
    - (i) Any items that: (1) are commonly available in commercial markets for general consumption; (2) do not require major modification when purchased for approved program use; and (3) are readily available in sufficient quantity so as to cause no delay in meeting approved program requirements;
    - (ii) Any items to be used primarily for administrative purposes, such as for personnel or financial management;
    - (iii) Delivery of items or services on a date earlier than needed;
    - (iv) A greater quantity of the item than needed, except to obtain a minimum procurable quantity;

- (a) Applicability. This Article applies if Seller is to perform work on-site.
- (b) General Y-12 Access Requirements. Seller must comply with the Company form titled, “UCN-26303, Y-12 Access to Site.” Any Seller-furnished equipment used in the performance of the on-site work must have its wireless (Bluetooth, Wi-Fi, GPS, Near Field Communication (NFC), Cellular, etc.) or networking capabilities disabled. Seller must notify the Procurement Representative as soon as possible if Seller is unable to disable the wireless or networking capabilities of any Seller-furnished equipment.
- (c) Company Working Days.
  - (1) The Company's normal work schedule at Y-12 is Monday through Thursday. Seller's employees must adopt the work schedule and work shifts acceptable to the STR. A work day is considered nine or ten hours; however, alternate work days and shifts may be required. Permission for Seller employees to work outside of normal hours requires written approval in advance from the STR. Access limitations and restrictions to the site and work area that a Seller experiences due to working outside the Company's normal working hours for Seller's own convenience will not be grounds for increased cost or adjustment to the schedule. Working hours while on official travel authorized by the Company are not subject to the limitations set forth in this Article.
  - (2) The Company will not reimburse Seller for on-site closures when security events or inclement weather conditions arise.
  - (3) Seller agrees to recognize Company holidays. The list of observed Company holidays is located at: <https://www.y12.doe.gov/suppliers/procurement/subcontracting/subcontract-provisions/enterprise-holiday-schedule>. The list of observed holidays for Y-12 construction craft is located in Article XII titled, “Holidays” of the Construction Labor Agreement. The Construction Labor Agreement is posted at: <https://www.y12.doe.gov/suppliers/procurement/subcontracting/subcontract-provisions/special-articles-and-forms>. - (b) Seller must ensure that reprisals are not taken against employees who cooperate with or disclose information to the OIG.

- (b) General. Seller and its employees acknowledge and understand that this Article is intended as a guide for ethical conduct while Seller is performing work under this Agreement, and that this Article in no way describes expectations for employment between any individual employee of Seller and either the Company or the Seller itself. Seller employees will have no reasonable expectation of privacy in any communications

they make using Company resources.

- (d) Investigation of Misconduct. Seller must immediately investigate any alleged Seller misconduct when requested by the Company.
- (e) Disclosures to Company Procurement Representative.
  - (1) If Seller employees performing work under this Agreement have: (i) any outside employment or engagement with; or (ii) ownership or substantial financial interests in, any known subcontractors to the Company, then Seller will promptly disclose such relationships to the Procurement Representative in writing upon discovery, and then annually thereafter.
  - (2) Seller will exercise due diligence to prevent and detect criminal conduct related to performance of work under this Agreement and promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law. Seller will promptly disclose in writing to the Procurement Representative whenever, in connection with the award, performance, or closeout of this Agreement or any subcontract thereunder, Seller has credible evidence that a principal, employee, agent, or subcontractor, has committed either: (i) a violation of federal or state criminal law other than traffic violations resulting in a fine less than \$300.00; (ii) a violation of the civil False Claims Act, 31 U.S.C. - (f) Company Right to Terminate. The Company may terminate this Agreement at will if it determines, at its sole discretion, that Supplier has engaged in any course of conduct which has, or may reasonably be expected to have, the effect of damaging the name or business reputation of the Company or adversely affects, or may reasonably be expected to adversely affect, the Company's best interests, economic or otherwise.

- (c) Flowdown. Requirements of this Article, including this clause (c), must be flowed down to all lower-tier subcontracts.

#### **16. CONFIDENTIALITY OF INFORMATION [JAN 2026]**

- (a) To the extent that work under this Agreement requires that Seller be given access to confidential or proprietary business, technical, or financial information belonging to the Government, Company, or other parties, Seller must after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties during or after the term of this Agreement unless specifically authorized by Company in writing. The foregoing obligations, however, must not apply to: (1) information which, at the time of receipt by Seller is in public domain; (2) information which is published after receipt thereof by Seller or otherwise becomes part of the public domain through no fault of Seller; (3) information which Seller can demonstrate was in its possession at time of receipt thereof and was not acquired directly or indirectly from Government or Company; and (4) information which Seller can demonstrate was received by it from a third party who did not require Seller to hold it in confidence.
- (b) Seller must obtain written Agreement, in a form satisfactory to Company, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge or disclose any such information or data to any person or entity except those persons within Seller's organization directly concerned with performance of this Agreement.
- (c) Seller agrees, if requested by Company or DOE, to sign an Agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to Seller under this Agreement, and to supply a copy of such Agreement to Company.
- (d) Seller agrees that upon request by Company or DOE, it will execute a DOE-approved Agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by Company or DOE, such an Agreement must also be signed by Seller's personnel.
- (e) This Article governs the use and disclosure obligations related to Protected Information disclosed after the effective date of this Agreement. To the extent that prior to the effective date of this Agreement, Seller and Company entered into a Non-Disclosure Agreement (NDA), or similar document, this Article will supersede and replace such NDA for purposes of governing Protected Information used or disclosed pursuant to this Agreement.

- (f) Nothing in this Article is intended to prevent Seller from disclosing proprietary or confidential information to report fraud, waste, or abuse to a designated investigative or law enforcement representative of a federal department or agency authorized to receive such information.
- (g) Flowdown. Requirements of this Article, including this clause (g), must be flowed down to all lower-tier subcontracts.

#### **17. COMPLIANCE WITH LAWS [JAN 2026]**

- (a) In performing work under this Agreement, Seller must comply with the requirements of applicable Federal, State, and local laws and regulations, unless relief has been granted in writing by the appropriate regulatory agency.
- (b) Except as otherwise directed by Company, Seller must procure all necessary permits or licenses required for the performance of work under this Agreement.
- (c) Regardless of the performer of the work, Seller is responsible for compliance with the requirements of this Article. Seller is responsible for flowing down the requirements of this Article to subcontracts at any tier to the extent necessary to ensure Seller's compliance with the requirements.

#### **18. EXPORT CONTROL [JAN 2026]**

- (a) Seller must comply with all U.S. export control laws and regulations, including, but not limited to, the International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120 through 130, and the Export Administration Regulations (EAR), 15 CFR Parts 730 through 799, in the performance of this Agreement (see also the illustrated list of additional export laws at DEAR 970.5225-1). In the absence of available license exemptions or exceptions, Seller must obtain required licenses or other approvals for exports of hardware, technical data, and software, or for the provision of technical assistance.
- (b) Seller must obtain export licenses, if required, before using foreign persons in performance of this Agreement, if the foreign person will have access to export-controlled technical data or software.
- (c) Seller is responsible for all regulatory record-keeping requirements associated with the use of licenses and license exemptions and exceptions.
- (d) Guidance regarding national policy set forth in National Security Directive 189, concerning fundamental research and export control is at DEAR 970.5225-1.
- (e) Company complies with all applicable United States Government export control laws and regulations and will not use or transfer technology or items procured from the Seller in contravention of such laws and regulations. The goods procured under this Agreement are intended for use in support of the Company's Prime Contract with DOE, NNSA for the purposes of meeting Company's mission activities as the managing and operating contractor of the Y-12 National Security Complex in Oak Ridge, Tennessee. Company's mission activities are identified at [www.y12.doe.gov](http://www.y12.doe.gov). This Article serves as notice of Company's mission and export control compliance and will be considered an appropriate end-user statement to the Seller for export controls and compliance purposes. The Seller will not request a representative of Company to provide any additional end-use statements or certifications relative to the goods procured under this Agreement.
- (f) Flowdown. Requirements of this Article, including this clause (f), must be flowed down to all lower-tier subcontracts.

#### **19. DOE SECURITY BADGES AND CLEARANCE REQUIREMENTS [JAN 2026]**

- (a) Security badges issued by Company to Seller employees and Seller's lower-tier subcontractor employees are Government property. Seller must ensure that badges issued to its employees and employees of its subcontractors at all tiers are returned to Company. Employees must return badges upon expiration of this Agreement, termination of employment, or when access to Y-12 is no longer needed. Employees holding an L or Q clearance must attend a security termination debriefing conducted by Company when returning badges. When possible, Seller must notify the Subcontract Technical Representative (STR) three business days before an employee holding an L or Q clearance will be returning a badge so that debriefings may be scheduled. However, in all cases, the Personnel Security Clearance Office should be notified by Seller within one working day of a termination of employment or need for access to the Complex if the employee holds an L or Q clearance in order to provide notification to DOE/NNSA within two business days. DOE/NNSA directives require the termination of an employee security clearance within two business days of termination of employment or need for access to Y-12.
- (b) Seller must immediately notify the STR in writing when a badge of its employee or the employee of a lower-tier subcontractor is lost or stolen. These employees must report in person to the Badging Office (or contact Operations Center after hours/weekends) to complete an affidavit concerning the loss or theft and to obtain replacement badges.
- (c) Seller must immediately notify the STR in writing whenever any employee of Seller or a lower-tier subcontractor who has been badged or holds a security clearance under this Agreement terminates employment or no longer needs access to Y-12.

- (d) STR must complete the Company form titled, “UCN-04452S, Y-12 Subcontractor Personnel Exit Checklist,” for all Seller employees and its lower-tier subcontractors’ employees before exiting the site for the final time. The employee must take the completed Checklist and badge to the Badging Office. If the Badging Office is closed (hours of operation are Monday-Thursday 6:00 a.m. to 4:30 p.m.) the employee may leave the Checklist and badge with the STR. (In such cases alternate debriefing arrangements will be made for employees holding an L or Q clearance.) The Checklist, signed by the STR or an authorized representative of Personnel Security, is acceptable proof to Company that a badge has been returned.
- (e) Seller’s payment may be withheld until all requirements of this Article have been met. Failure by employees of Seller and its lower-tier subcontractors to promptly return badges will result in a charge of \$1,000.00 per badge, to be withheld from payment or billed to Seller. In addition, failure to return a badge may result in the denial of future access to the Sites for the individual. This \$1,000.00 charge will not be assessed against badges that are lost or stolen during performance if replacement badges are issued to allow Seller or lower-tier subcontractor employees to return to work.
- (f) By or before the last Thursday of each month, Seller must submit the Company form titled, “UCN-21709, Subcontract Badge/Clearance Status Report” to the designated Company STR responsible for overseeing the Agreements associated with Seller. UCN-21709 must include badge and clearance information for all cleared subcontractors (badged and unbadged) as well as any uncleared subcontractors (badged only). The STR must submit their monthly compiled data to Y-12 Personnel Security at clearancesy12@y12nsc.doe.gov.

## **20. BUY AMERICAN ACT — SUPPLIES [JAN 2026]**

This Agreement is subject to the Buy American Act – Supplies clause as stated in the Article titled “Clauses Incorporated by Reference.” Seller is solely responsible for compliance with such clause and agrees to indemnify and hold harmless Company from any and all direct, indirect or consequential expenses or other damages relating to or arising out of the failure of Seller or its lower-tier suppliers to comply with said clause.

## **21. AUTHORIZATION AND CONSENT [JAN 2026]**

- (a) The Government authorizes and consents to all use and manufacture, in performing this Agreement or any subcontract at any tier, of any invention described in and covered by a United States patent: (1) embodied in the structure or composition of any article the delivery of which is accepted by Company under this Agreement; or (2) used in machinery, tools, or methods whose use necessarily results from compliance by Seller or a subcontractor with: (i) specifications or written provisions forming a part of this Agreement; or (ii) specific written instructions given by Company directing the manner of performance. The entire liability to the Government or Company for infringement of a patent of the United States will be determined solely by the provisions of the indemnity Article titled, “Patent Indemnity” in this Agreement or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.
- (b) Seller must include the substance of this Article, including this clause (b), in all subcontracts that are expected to exceed the simplified acquisition threshold. However, omission of this Article from any subcontract, including those at or below the simplified acquisition threshold, does not affect this authorization and consent.

## **22. PATENT INDEMNITY (Ref. FAR 52.227-3, DEC 2007) [JAN 2026]**

- (a) Seller must indemnify Company and the Government and their officers, agents, and employees against liability, including costs, for infringement of any United States patent (except a patent issued upon an application that is now or may hereafter be withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising out of the manufacture or delivery of supplies, the performance of services, or the construction, alteration, modification, or repair of real property (hereinafter referred to as “construction work”) under this Agreement, or out of the use or disposal by or for the account of Company or the Government of such supplies or construction work.
- (b) This indemnity will not apply unless Seller has been informed as soon as practicable by Company or Government of the suit or action alleging such infringement and must have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. Further, this indemnity will not apply to—
  - (1) An infringement resulting from compliance with specific written instructions of Company directing a change in the supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of the Agreement not normally used by Seller;
  - (2) An infringement resulting from addition to or change in supplies or components furnished or construction work performed that was made subsequent to delivery or performance; or
  - (3) A claimed infringement that is unreasonably settled without the consent of Seller, unless required by final decree of a court of competent jurisdiction.

**23. TAXES — FEDERAL, STATE AND LOCAL TAXES [JAN 2026]**

- (a) Definitions. As used throughout this Article, the following terms will have the meaning set forth below:
- (1) The term “direct tax” means any tax or duty directly applicable to the completed supplies or services covered by this Agreement, or any other tax or duty from which Seller or this transaction is exempt. The term includes any tax or duty directly applicable to the importation, production, processing, manufacture, construction, sale, or use of such supplies or services; it also includes any tax levied on, with respect to, or measured by sales, receipt from sales, or use of the supplies or services covered by this Agreement. The term does not include transportation taxes, unemployment compensation taxes, social security taxes, income taxes, excess-profits taxes, capital stock taxes, property taxes, and such other taxes as are not within the definition of the term “direct tax” as set forth herein.
  - (2) The term “Agreement date” means the effective date of this Agreement if it is a negotiated Agreement, or the date set for the opening of bids if it is an Agreement entered into as a result of sealed bidding.
- (b) Federal Taxes. Except as may be otherwise provided in this Agreement, the Agreement price includes all applicable Federal taxes in effect on the Agreement date.
- (c) State or Local Taxes. Except as may be otherwise provided in this Agreement, the Agreement price does not include any state or local direct tax in effect on the Agreement date. For subcontractors providing and installing tangible personal property, which becomes part of real property, the Agreement price should include all state and local direct taxes on such installed tangible personal property.
- (d) Evidence of Exemption. Company agrees, upon request of Seller, to furnish a tax exemption certificate or other similar evidence of exemption with respect to any direct tax not included in the Agreement price pursuant to this Article; and the Seller agrees, in the event of the refusal of the applicable taxing authority to accept such evidence of exemption: (1) promptly to notify the Company of such refusal; (2) to cause the tax in question to be paid in such manner as to preserve all rights to refund thereof; and (3) if so directed by Company to take all necessary action, in cooperation with and for the benefit of Government, to secure a refund of such tax (in which event Company agrees to reimburse the Seller for any and all reasonable expenses incurred at its direction).
- (e) Price Adjustment. If, after the Agreement date, the Federal Government or any state or local Government either: (1) imposes or increases (or removes an exemption with respect to) any direct tax, or any tax directly applicable to the materials or components used in the manufacture of furnishing of the completed supplies or services covered by this Agreement; or (2) refuses to accept the evidence of exemption, furnished under clause (d) hereof, with respect to any direct tax excluded from the Agreement price, and if under either (1) or (2) Seller is obliged to and does pay or bear the burden of any such tax (and does not secure a refund thereof), the Agreement price must be correspondingly increased. If, after the Agreement date, Seller is relieved in whole or in part from the payment or the burden of any direct tax included in the Agreement price, or any tax directly applicable to the materials or components used in the manufacture or furnishing of the completed supplies or services covered by this Agreement, the Seller agrees promptly to notify Company of such relief, and the Agreement price must be correspondingly decreased or the amount of such relief paid over to Company for the benefit of the Government. Invoices or vouchers covering any increase or decrease in the Agreement price pursuant to the provisions of this clause must state the amount thereof, as a separate added or deducted item, and must identify the particular tax imposed, increased, eliminated, or decreased.
- (f) Refund or Drawback. If any tax or duty has been included in the Agreement price or the price as adjusted under clause (e) of this Article, and if Seller is entitled to a refund or drawback by reason of the export or re-export of supplies covered by this Agreement, or of materials or components used in the manufacture or furnishing of the completed supplies or services covered by this Agreement, Seller agrees that it will promptly notify Company thereof and that the amount of any such refund or drawback obtained will be paid over to Company for the benefit of the Government or credited against amounts due from the Company under this Agreement: Provided, however, that the Seller may not be required to apply for such refund or drawback unless so requested by Company.

**24. ALLOWABLE COST AND PAYMENT [DEC 2025]**

Company will pay Seller as follows upon the submission of invoices approved by the Procurement Representative or the Procurement Representative’s authorized representative:

- (a) **Hourly rate.**
- (1) Hourly rate means the rate(s) prescribed in the Agreement for payment for labor that is—
    - (i) Performed by Seller;
    - (ii) Performed by Seller’s subcontractors; or
    - (iii) Transferred between divisions, subsidiaries, or affiliates of Seller under a common control.
  - (2) The amounts must be computed by multiplying the appropriate hourly rates prescribed in the Agreement by the number of direct labor hours performed.

- (3) The hourly rates must be paid for all labor performed on the Agreement that meets the labor qualifications specified in the Agreement. Labor hours incurred to perform tasks for which labor qualifications were specified in the Agreement will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the Agreement, unless specifically authorized by the Procurement Representative.
  - (4) The hourly rates must include wages, indirect costs, general and administrative expense, and profit. Fractional parts of an hour must be payable on a prorated basis.
  - (5) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Procurement Representative). Seller must substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the subcontract) by evidence of actual payment and by—
    - (i) Individual daily job timekeeping records;
    - (ii) Records that verify the employees meet the qualifications for the labor categories specified in the Agreement; or
    - (iii) Other substantiation approved by the Procurement Representative.
  - (6) Promptly after receipt of each substantiated invoice, Company must, except as otherwise provided in this Agreement, and subject to the terms of clause (e) of this Article, pay the invoice as approved by the Procurement Representative or authorized representative.
  - (7) Unless otherwise prescribed in the Agreement, the Procurement Representative may unilaterally issue a modification to the Agreement requiring Seller to withhold amounts from its billings until a reserve is set aside in an amount that the Procurement Representative considers necessary to protect Company's and the Government's interests. The Procurement Representative may require withholding of five percent of the amounts due under clause (a) of this Article, but the total amount withheld must not exceed \$50,000.00. The amounts withheld must be retained until Seller executes and delivers the release required by clause (h) of this Article.
  - (8) Unless the Agreement prescribes otherwise, the hourly rates in the Agreement must not be varied by virtue of Seller having performed work on an overtime basis. If no overtime rates are provided in the Agreement and overtime work is approved in advance by the Procurement Representative, overtime rates must be negotiated. If the Agreement provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Procurement Representative.
- (b) **Materials.**
- (1) For the purposes of this Article—
    - (i) Direct materials are those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.
    - (ii) Materials means—
      - (A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of Seller under a common control;
      - (B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the Agreement;
      - (C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the Agreement, travel, computer usage charges, etc.); and
      - (D) Applicable indirect costs.
  - (2) If Seller furnishes its own materials that meet the definition of a commercial item at FAR 2.101, the price to be paid for such materials must not exceed Seller's established catalog or market price, adjusted to reflect the—
    - (i) Quantities being acquired; and
    - (ii) Actual cost of any modifications necessary because of Agreement requirements.
  - (3) Except as provided for in subclause (b)(4) this Article, Company will reimburse Seller for allowable cost of materials provided Seller—
    - (i) Those recorded costs that, at the time of the request for reimbursement, Seller has paid by cash, check, or other form of actual payment, in accordance with the terms and conditions of the Agreement or invoice;
    - (ii) When Seller is not delinquent in paying costs of subcontract performance in the ordinary course of business, costs incurred, but not necessarily paid, for—
      - (A) Materials purchased directly for the subcontract and associated financing payments to subcontractors, provided payments determined due will be made in accordance with the terms of a subcontract or invoice, ordinarily within 30 calendar days of the submission of Seller's payment request to Company;
      - (B) Materials issued from Seller's inventory and placed in the production process for use on the subcontract;
      - (C) Other direct costs; and
      - (D) Properly allocable and allowable indirect costs; and
    - (iii) Financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

- (4) Accrued costs of Seller contributions under employee pension plans must be excluded until actually paid unless Seller's practice is to make contributions quarterly or more frequently, and the contribution does not remain unpaid 30 calendar days after the end of the applicable quarter or shorter payment period. (Any contribution remaining unpaid must be excluded from Seller's indirect costs for payment purposes).
- (5) The Procurement Representative will determine allowable costs of materials in accordance with FAR Subpart 31.2, as supplemented by DEAR Part 931, in effect on the date of this Agreement.
- (6) Seller may include allocable indirect costs and other direct costs to the extent they are—
  - (i) Comprised only of costs that are clearly excluded from the hourly rate;
  - (ii) Allocated in accordance with Seller's written or established accounting practices; and
  - (iii) Indirect costs are not applied to subcontracts that are paid at the hourly rates.
- (7) **Final indirect cost rates for reimbursement of materials at actual cost.**
  - (i) Final annual indirect cost rates must be established in accordance with Subpart 42.7 of the FAR in effect for the period covered by the indirect cost rate proposal.
  - (ii) (A) Seller must submit an adequate final indirect cost rate proposal to Company (or cognizant Government representative) and auditor within six months after the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by Seller and granted in writing by Company or Government representative.  
(B) The proposed rates must be based on Seller's actual cost experience for that period. The appropriate Company or Government representative and Seller must establish the final indirect cost rates as promptly as practical after receipt of Seller's proposal.
  - (iii) Seller and the appropriate Company or Government representative must execute a written understanding setting forth the final indirect cost rates. The understanding must specify:
    - (A) the agreed-upon final annual indirect cost rates;
    - (B) the bases to which the rates apply;
    - (C) the periods for which the rates apply;
    - (D) any specific indirect cost items treated as direct costs in the settlement; and
    - (E) the affected contract or subcontract, identifying any with advance Agreements or special terms and the applicable rates. The understanding must not change any monetary ceiling, obligation, or specific cost allowance or disallowance provided for in this Agreement. The understanding is incorporated into this Agreement upon execution.
  - (iv) Within 120 calendar days (or longer period if approved in writing by the Procurement Representative) after settlement of the final annual indirect cost rates for all years of a physically complete Agreement, Seller must submit a completion invoice reflecting the settled rates. If Seller fails to submit a completion invoice within the time specified, the Procurement Representative may determine the amounts due Seller and record this determination in a unilateral modification to the Agreement.
  - (v) Until final annual indirect cost rates are established for any period, Company must reimburse Seller at billing rates established by Company or by an authorized Government representative, subject to adjustment when final rates are established. These billing rates must be the anticipated final rates and may be prospectively or retroactively revised by mutual Agreement, at either party's request, to prevent substantial overpayment or underpayment.
- (8) To the extent able, Seller must—
  - (i) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and
  - (ii) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, Seller must promptly notify the Procurement Representative and give the reasons. Seller must give credit to Company for cash and trade discounts, rebates, scrap, commissions, and other amounts that have accrued to the benefit of Seller, or would have accrued except for the fault or neglect of Seller. Seller may not deduct from gross costs the benefits lost without fault or neglect on the part of Seller, or lost through fault of Company.
- (9) Except as provided for in FAR 31.205-26(e) and (f), Company will not pay profit or fee to Seller on materials.
- (c) **Consent to lower-tier subcontracts.** If Seller enters into any lower-tier subcontract that requires consent under the Subcontracts Article without obtaining such consent, Company is not required to reimburse Seller for any costs incurred under the lower-tier subcontract prior to the date Seller obtains the required consent. Any reimbursement of lower-tier subcontract costs incurred prior to the date the consent was obtained will be at the sole discretion of Company.

- (d) **Total cost.** It is estimated that the total cost to Company for the performance of this Agreement will not exceed the ceiling price set forth in the Agreement, and Seller agrees to use its best efforts to perform the work and all obligations under this Agreement within such ceiling price. If at any time Seller has reason to believe that the hourly rate payments and material costs that will accrue in performing this Agreement in the next succeeding 30 calendar days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price, Seller must notify the Procurement Representative giving a revised estimate of the total price to Company for performing this Agreement with supporting reasons and documentation. If at any time Seller has reason to believe that the total price to Company for performing this Agreement will be substantially greater or less than the then stated ceiling price, Seller must so notify the Procurement Representative, giving a revised estimate of the total price for performing this Agreement, with supporting reasons and documentation. If at any time Company has reason to believe that the work to be required in performing this Agreement will be substantially greater or less than the stated ceiling price, the Procurement Representative will so advise Seller, giving the then revised estimate of the total amount of effort to be required under the Agreement.
- (e) **Ceiling price.** Company will not be obligated to pay Seller any amount in excess of the ceiling price in the Agreement, and Seller will not be obligated to continue performance if to do so would exceed the ceiling price, unless and until the Procurement Representative notifies Seller in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that will constitute the ceiling price for performance under this Agreement. When and to the extent that the ceiling price has been increased, any hours expended and material costs incurred by Seller in excess of the ceiling price before the increase will be allowable to the same extent as if the hours expended and material costs had been incurred after the increase.
- (f) **Audit.** At any time before final payment under this Agreement, the Procurement Representative may request audit of invoices and supporting documentation. Each payment previously made will be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Procurement Representative not to have been properly payable and will also be subject to reduction for overpayments or to increase for underpayments.
- (g) **Final payment.**
  - (2) Upon receipt and approval of the invoice designated by Seller as the “completion invoice” and supporting documentation, and upon compliance by Seller with all terms of this Agreement (including, without limitation, terms relating to patents and the terms of clause (h) of this Article), Company will promptly pay any balance due Seller. A final invoice must be submitted for payment no more than 90 calendar days following the expiration or termination of the Agreement, unless a later or alternate date is agreed to in writing by the Procurement Representative. Said invoices must be clearly marked “Final Invoice”, thus indicating that all payment obligations of Company under this Agreement have ceased and that no further payments are due or outstanding. If Seller fails to submit a final invoice within the time allowed, the Procurement Representative will determine the final amount owed to Seller, if any, or the final amount owed by Seller to Company. Such determination will be final and conclusive between the parties without the right of judicial review unless Seller submits a Claim requesting the Senior Director, Supply Chain Management’s Final Decision under the Resolution of Disputes Article within 60 calendar days after receipt of the Procurement Representative’s determination.
  - (3) Seller must pay to Company any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by Seller or any assignee under this Agreement, to the extent that those amounts are properly allocable to costs for which Seller has been reimbursed by Company. Reasonable expenses incurred by Seller for securing refunds, rebates, credits, or other amounts will be allowable costs if approved by the Procurement Representative.
- (h) **Assignment and release of claims.** Before final payment under this Agreement, Seller and each assignee whose assignment is in effect at the time of final payment, must execute and deliver—
  - (1) An assignment to Company, in form and substance satisfactory to the Procurement Representative, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which Seller has been reimbursed by Company under this Agreement; and
  - (2) A release discharging Company, the Government, their officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this Agreement, subject only to the following exceptions:
    - (i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by Seller.
    - (ii) Claims, together with reasonable incidental expenses, based upon the liabilities of Seller to third parties arising out of performing this Agreement, that are not known to Seller on the date of the execution of the release, and of which Seller gives notice in writing to the Procurement Representative not more than six years after the date of the release or the date of any notice to Seller that Company is prepared to make final payment, whichever is earlier.

- (iii) Claims for reimbursement of costs (other than expenses of Seller by reason of its indemnification of Company against patent liability), including reasonable incidental expenses, incurred by Seller under the terms of this Agreement relating to patents.
- (i) **Quick-closeout procedures.** Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

## 25. INTEREST [JAN 2026]

*(This Article does not apply if Seller is a nonprofit organization or a state or local government or instrumentality.)*

All amounts that become due to Company by Seller will bear simple interest from the date due until paid, unless paid within 30 calendar days of the date due. The interest rate will be the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (41 U.S.C. § 7109(b)) as of the date due, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid. The due date will be the earliest of the date fixed under this Agreement and the date of the first written demand for payment, including a demand resulting from a default termination. This Article will not apply to amounts due under either the Article titled, "Price Reduction for Defective Cost or Pricing Data" or the Article entitled "Cost Accounting Standards."

## 26. RESOLUTION OF DISPUTES [JAN 2026]

- (a) Seller and Company agree to make good-faith efforts to settle any dispute or claim that arises under this Agreement through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, the parties must consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to or court ordered, the site of the proceedings must be Oak Ridge, Tennessee; the parties must share the cost of obtaining the mediator or arbiter, and each party must bear its discretionary costs.
- (b) "Claim," as used in this Article, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Agreement terms, or other relief arising from or relating to this Agreement, or its breach. However, a written demand or written assertion by Seller seeking the payment of money is not a Claim until certified, if certification is required by clause (d) below. A request for payment (e.g., a voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for an adjustment or equitable adjustment) that is not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Seller by complying with the submission and applicable certification requirements in clauses (c) and (d) below.
- (c) A Claim by Seller must be made in writing, cite this Article, and be submitted to Company's Senior Director, Supply Chain Management with a request for a Final Decision.
- (d) Seller and any lower-tier subcontractors whose portion of the Claim exceeds \$50,000.00 must certify its portion of the Claim; provided however, if Seller cannot certify the lower-tier subcontractor's portion of Seller's Claim, Seller must explain in writing why it cannot certify that portion.
  - (1) Company will not be liable for, and will not pay, any Claim originated by Seller if that Claim exceeds \$50,000.00 unless Seller's Claim is accompanied by the below certification from Seller.
  - (2) Company will not be liable for, and will not pay, any Claim of a lower-tier subcontractor to Seller if that Claim, without mark-ups by a higher-tier subcontractor or Seller, exceeds \$50,000.00 unless that Claim is accompanied by the below certification from the lower-tier subcontractor that originated the Claim.
  - (3) The aggregate amount of both increased and decreased costs must be used in determining when the dollar threshold requiring certification is met.
  - (4) If Seller certified its costs under the Article titled "Adjustments," Seller is not required to certify under this Article as a Claim, unless Seller certified more than 180 calendar days before Seller submits its Claim or the Claim amount exceeds the prior certified amount by more than \$50,000.00.

- (2) The Senior Director, Supply Chain Management's written Final Decision on any Seller Claim will be final and conclusive between the parties with no right of judicial review, provided however, that the Final Decision will not be final and binding against either party, and may be given no evidentiary weight by the trier of fact, if Seller files suit within 90 calendar days of the written Final Decision in the appropriate court as provided for in clause (f) below.

If a court awards prejudgment interest, interest must accrue from no earlier than the date a Claim is received by the Senior Director, Supply Chain Management.
- (g) Subject to (f)(1), the resolution of all issues arising from or relating to this Agreement will be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that: (1) the "Christian Doctrine" will not apply, meaning that federal procurement clauses (e.g., the FAR, including agency supplements) or portions thereof not appearing in this Agreement will not be read into this Agreement; and (2) where the language of any Article, provision or term herein differs from the language of a federal procurement clause, provision or term, the differing language of this Agreement will control. Where the common law of federal contracts does not apply, then subject to (f)(1), resolution must be governed by the laws of the State of Tennessee, without regard to its Conflicts of Laws rules.
- (h) There must be no interruption in the performance of the work, and Seller must proceed diligently with the performance of this Agreement pending final resolution of any dispute arising under or related to this Agreement between the parties or between Seller and its slower-tier subcontractors.

Seller's responsibility will apply to activities of seller, its agents, lower-tier subcontractors, or employees, and such responsibility includes the obligation to indemnify, defend, and hold harmless the Government and Company. However, such liability and indemnity does not apply to injury, death, or damage to property to the extent caused by Company fault or negligence.

## **28. LIABILITY FOR FINES AND PENALTIES [JAN 2026]**

Seller will be responsible, at no expense to Company, for the payment of fines, penalties, and other assessments imposed as a result of Seller's performance. If the fine, penalty, or other assessment results in part from actions or failures to act of Company or its employees, Company will be responsible for its *pro rata* share. ### **30. SPECIFICATIONS, DRAWINGS AND OTHER TECHNICAL DATA [JAN 2026]**

- (a) Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, will be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications must govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter must be promptly submitted to the Procurement Representative, who must promptly make a determination in writing. Company may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this Agreement.
- (c) If this Agreement requires shop drawings, Seller must coordinate all such drawings, and review them for accuracy, completeness, and compliance with requirements of this Agreement and must indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to Company without evidence of Seller’s approval may be returned for resubmission. Company will indicate an approval or disapproval of the shop drawings and if not approved as submitted will indicate its reasons therefore. Any work done before such approval will be at Seller’s risk. Approval by Company will not relieve Seller from responsibility for any errors or omissions in such drawings or other technical data, nor from responsibility for complying with the requirements of this Agreement, except with respect to variations described and approved in accordance with clause (d) of this Article.
- (d) If shop drawings show variations from the requirements of this Agreement, Seller must describe such variations in writing, separate from the drawings, at the time of submission. If Company approves any such variation, Company will issue an appropriate modification to this Agreement, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

### **31. STANDARDS AND CODES [JAN 2026]**

In case of any conflict between any referenced standards and codes and an Agreement provision, Seller must immediately notify Company of such conflict together with a recommendation for resolution. Company will confirm the Agreement requirement in writing or direct an alternative solution in accordance with the Article titled, “Changes” of this Agreement.

### **32. SUBCONTRACTORS, OUTSIDE ASSOCIATES, AND CONSULTANTS [JAN 2026]**

Any subcontractors and outside associates or consultants required by Seller in connection with the services covered by this Agreement will be limited to individuals or firms that were specifically identified in Seller’s proposal, or during negotiations, and agreed to. Seller must submit the documentation prescribed at FAR 42.1200 when requesting Company acceptance of Seller’s successor in interest or to recognize Seller’s change of name.
- (b) Seller may assign rights to be paid amounts due or to become due to a bank, trust company, or other financing institution, including a federal lending agency, if the Procurement Representative is promptly furnished written notice and a signed copy of such assignment, provided that any assignment of monies must be subject to: (1) proper setoffs in favor of Company; and (2) any deductions provided for in this Agreement. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence. Unless otherwise stated in this Agreement, payments to an assignee of any amounts due or to become due under this Agreement must not be subject to reduction or setoff.
- (c) Any assignment or reassignment authorized under this Article must cover all unpaid amounts payable under this Agreement, and must not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this Agreement.

- (d) Seller must not furnish or disclose to any assignee under this Agreement any classified document or any information related to work under this Agreement (including this Agreement) until the Procurement Representative authorizes such action in writing.

### **35. SUSPENSION OF WORK [JAN 2026]**

- (a) The Procurement Representative may order Seller, in writing, to suspend, delay, or interrupt all or any part of the work of this Agreement for the period of time that the Procurement Representative determines appropriate.
- (b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted: (1) by an act of Company in the administration of this Agreement; or (2) by Company's failure to act within the time specified in this Agreement (or within a reasonable time if not specified), an adjustment will be made for any increase in the cost of performance of this Agreement (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Agreement modified in writing accordingly. However, no adjustment will be made under this Article for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of Seller, or for which an equitable adjustment is provided or excluded under any other term or condition of this Agreement.
- (c) A request for adjustment under this Article will not be allowed—
  - (1) For any costs incurred more than 14 calendar days before Seller has notified the Procurement Representative in writing of the act or failure to act involved (but this requirement will not apply as to a claim resulting from a suspension order); and
  - (2) Unless the request for adjustment, in an amount stated, is submitted in writing as soon as practicable, but no later than the earlier of final payment under this Agreement or 180 calendar days, after the termination of the suspension, delay, or interruption. Requests for adjustment not submitted before final payment and within the 180-day period are waived.

### **36. STOP-WORK ORDER [JAN 2026]**

- (a) Unless the provisions for stop work under the *Supplemental Conditions Y-12 Construction* apply, the Procurement Representative, may under this Article, at any time, by written order, require Seller to stop all or any portion of the work called for by this Agreement for 90 calendar days, and for any other further period to which the parties may agree. Seller must immediately comply with the order and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the work stoppage.
- (b) Before expiration of the stop-work order, Company may—
  - (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order for default or convenience.
- (c) If the order is canceled or expires, Seller must resume work. Company will make an equitable adjustment in the delivery schedule or price, or both, and the Agreement will be modified, in writing, accordingly, if the stop-work order results in an increase in the time required for, or cost properly allocable to, performance of this Agreement. As a condition precedent to an equitable adjustment, Seller must submit its request for equitable adjustment in writing to the Procurement Representative within 30 calendar days after the work stoppage ends.
- (d) If the work covered by the order is terminated for convenience, Company will allow reasonable costs resulting from the order in arriving at the termination settlement.
- (e) If the work covered by the order is terminated for default, Company will allow, by equitable adjustment or otherwise, reasonable costs resulting from the order.

### **38. CHANGES [JAN 2026]**

- (a) The Procurement Representative may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this Agreement in any one or more of the following:

  - (2) Method of shipment or packing;
  - (3) In the method or manner of performance of the work;
  - (4) In the Government-furnished property or services;

  - (7) Description of services to be performed;
  - (8) Time of performance of the services (*i.e.*, hours of the day, days of the week, etc.); or
  - (9) Place of performance of the services.
- (b) If any such change causes a difference in the cost, or the time required for performance, Company will, subject to the submission requirement in clause (d), make an equitable adjustment in the price, delivery/performance schedule, or both, and modify the Agreement in writing. If Seller's proposal includes the cost of property made obsolete or excess by the change, Company has the right to prescribe the manner of disposition of the property.
- (c) Only the Procurement Representative is authorized on behalf of Company to issue a change, which must be in writing and clearly designated as a change order. If Seller considers that any oral direction or instruction by any Company personnel (including the Procurement Representative) constitutes a change, or if Seller considers that any written direction or instruction by any Company personnel (other than a designated change order issued by the Procurement Representative) constitutes a change, Seller may not rely upon such direction or instruction and will not be eligible for an equitable adjustment arising there from, without prior written confirmation from the Procurement Representative directing Seller to perform as stated in the direction or instruction. If such written confirmation from the Procurement Representative to perform also confirms the direction or instruction to be a change, the confirmation will be deemed a change order for purposes of clause (d). If, however, such written confirmation from the Procurement Representative to perform does not confirm the direction or instruction to be a change, any request by Seller for an equitable adjustment arising from such direction or instruction must comply with clause (e).
- (d) If the Procurement Representative issues a change order, any request for equitable adjustment by Seller must be submitted in writing to the Procurement Representative within 30 calendar days of receiving Company's change order. If the request is not submitted within such time, the request will be late and may be denied by the Procurement Representative whether or not Company is prejudiced by the late request. If Company, in its sole discretion, decides to act upon a particular late request submitted prior to final payment, such action will not constitute or be deemed to be a waiver of this submission requirement with regards to any other late request, nor may such action be considered in any way in interpreting this provision as a course of dealing or in any other manner.
- (e) (1) If the Procurement Representative has not issued a written change order but Seller considers a change to this Agreement has occurred because, for example, (i) Company did not satisfy one of its expressed or implied duties under the Agreement; or (ii) the Procurement Representative did not provide written confirmation that a change occurred in response to Seller's request for confirmation as provided for in clause (c), then as a condition precedent for entitlement to an equitable adjustment, Seller must notify the Procurement Representative, in writing, that a change has occurred for which Seller intends to seek an equitable adjustment and identify: (A) date, nature and circumstances regarding the change; (B) name of each person knowledgeable about the change; (C) documents and substance of oral communications involving the change; and (D) the particular elements of performance impacted by the change, including: (1) adjustment in labor or materials; (2) delay or disruption caused; (3) estimated resulting price and schedule adjustments; and (4) time by which Company must respond to minimize cost, delay, or disruption to performance of the work.
- (2) In no event may Seller recover any costs caused by the change incurred prior to 14 calendar days before Seller gives such written notice.
- (3) Any request for equitable adjustment by Seller must be submitted in writing to the Procurement Representative no later than 30 calendar days after Seller gives the written notice specified in subclause (e)(1). If the request is not submitted within such time, the request will be late and may be denied by the Procurement Representative whether or not Company is prejudiced by the late request. If Company, in its sole discretion, decides to act upon a particular late request submitted prior to final payment, such action will not constitute or be deemed to be a waiver of this submission requirement with regards to any other late request, nor may such action be considered in any way in interpreting this provision as a course of dealing or in any other manner.
- (f) Nothing in this Article, including any disagreement with Company about an equitable adjustment, will excuse Seller from proceeding with the Agreement as changed.
- (g) Notwithstanding the terms and conditions of clauses (a) and (b) above, the estimated cost of this Agreement and, if this Agreement is incrementally funded, the funds allotted for the performance of this Agreement, shall not be increased or considered to be increased except by specific written modification of the Agreement indicating the new Agreement estimated cost and, if this Agreement is incrementally funded, the new amount allotted to the Agreement. Until this modification is made, Seller is not be obligated to continue performance or incur costs beyond the point established in the Limitation of Cost or Limitation of Funds clause of this Agreement.

- (8) Take any action that may be necessary, or that the Procurement Representative may direct, for the protection and preservation of the property related to this Agreement that is in the possession of Seller and in which Company has or may acquire an interest.
- (9) Use its best efforts to sell, as directed or authorized by the Procurement Representative, any property of the types referred to in subclause (c)(6) of this Article; *provided, however*, that Seller: (i) is not required to extend credit to any purchaser; and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Procurement Representative. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by Company under this Agreement, credited to the price or cost of the work, or paid in any other manner directed by the Procurement Representative.
- (d) Seller must submit complete termination inventory schedules no later than 60 calendar days from the effective date of termination, unless extended in writing by the Procurement Representative upon written request of Seller within this 60-day period.
- (e) After expiration of the plant clearance period as defined in Subpart 49.001 of the FAR, Seller may submit to the Procurement Representative a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Procurement Representative. Seller may request Company to remove those items or enter into an Agreement for their storage. Within 15 calendar days, Company will accept the items and remove them or enter into a storage Agreement. The Procurement Representative may verify the list upon removal of the items, or if stored, within 45 calendar days from submission of the list, and must correct the list, as necessary, before final settlement.
- (f) After termination, Seller must submit a final termination settlement proposal to the Procurement Representative in the form and with the certification prescribed by the Procurement Representative. Seller must submit the proposal promptly, but no later than six months from the effective date of termination, unless extended in writing by the Procurement Representative upon written request of Seller within this six-month period. However, if the Procurement Representative determines that the facts justify it, a termination settlement proposal may be received and acted on after six months or any extension. If Seller fails to submit the proposal within the time allowed, the Procurement Representative may determine, on the basis of information available, the amount, if any, due Seller because of the termination and will pay the amount determined.
- (g) Subject to clause (f) of this Article, Seller and the Procurement Representative may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The Agreement must be amended, and Seller paid the agreed amount.
- (h) If Seller and the Procurement Representative fail to agree in whole or in part on the amount to be paid because of the termination of work, the Procurement Representative will determine, on the basis of information available, the amount, if any, due Seller and will pay the amount determined as follows:
  - (1) If the termination is for the convenience of Company, include—
    - (i) An amount for direct labor hours (as defined in the Agreement) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Agreement, less any hourly rate payments already made to Seller;
    - (ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to Seller;
    - (iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date of termination, if they are reasonably incurred after the effective date, with the approval of or as directed by the Procurement Representative; however, Seller must discontinue these expenses as rapidly as practicable;
    - (iv) If not included in subclause (h)(1)(i), (ii), or (iii) of this Article, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of this Agreement; and,
    - (v) The reasonable costs of settlement of the work terminated, including—
      - (A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
      - (B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and
      - (C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.
  - (2) If the termination is for default, include the amounts computed under subclause (h)(1) of this Article but omit—
    - (i) Any amount for preparation of Seller's termination settlement proposal; and
    - (ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by Company.

- (i) If the termination is partial, Seller may propose an equitable adjustment of price(s) for the continued portion of the Agreement. The Procurement Representative will make any equitable adjustment agreed upon. Any proposal by Seller for an equitable adjustment must be requested within 90 calendar days from the effective date of termination, unless extended in writing by the Procurement Representative. If Seller fails to submit such proposal within the time allowed, Company may determine the amount, if any, due Seller and pay that amount.
- (j) The cost principles and procedures in Part 31 of the FAR, in effect on the date of this Agreement, will govern all costs claimed, agreed to, or determined under this Article.
- (k) In arriving at the amount due Seller under this Article, there must be deducted—
  - (1) All unliquidated advance or other payments to Seller, under the terminated portion of this Agreement;
  - (2) Any claim which Company has against Seller under this Agreement; and
  - (3) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by Seller or sold under this Article and not recovered by or credited to Company.
- (l) (1) Company may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by Seller for the terminated portion of the Agreement, if the Procurement Representative believes the total of these payments will not exceed the amount to which Seller will be entitled.
- (2) If the total payments exceed the amount finally determined to be due, Seller must repay the excess to Company upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 41 U.S.C. § 7109. Interest will be computed for the period from the date the excess payment is received by Seller to the date the excess is repaid. Interest may not be charged on any excess payment due to a reduction in Seller's termination settlement proposal because of retention or other disposition of termination inventory until 10 calendar days after the date of the retention or disposition, or a later date determined by the Procurement Representative because of the circumstances.
- (m) (1) If Seller failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in clause (f), or (i), respectively, the Procurement Representative's determination under either said clause will be final and conclusive without the right of judicial review.
- (2) If Seller submits the termination settlement proposal or request for equitable adjustment within the time provided in clause (f), or (i), the Procurement Representative's determination under clause (f), (h), or (i) will be final and conclusive without the right of judicial review unless Seller submits a Claim requesting a Final Determination from Company under the Article Titled, "Resolution of Disputes" within 60 calendar days after receipt of a determination under clause (f), (h), or (k).
