

EXPORT COMPLIANCE (MPO) (July 2014)

The parties understand that materials and information associated with the resulting from the performance of this Memorandum Purchase Order (MPO) may be subject to U.S. Export Control laws, and that each party is responsible for its own compliance with such laws. This applies to all transactions with foreign nationals, including deemed exports and foreign travel.

In the event work scope authorizes purchase of equipment or materials outside the U.S. or with a foreign entity, Seller shall request prior approval for purchase from the Y-12 Program Manager. All purchases are subject to export control restrictions. Access to the procurement documentation shall be provided for audit purposes as well as access to the actual items where feasible.

No foreign nationals may work on this project without specific written authorization from the Y-12 GIPP Manager.

Any modification to the scope of work stated that may result in export control implications must receive additional export review by all parties prior to such changes, and be formally authorized in writing through the Y-12 GIPP Program Office.

This MPO may be terminated at any time upon written notice if any required export license is not granted by the U.S. Government.
